

KITBALL CHAMPIONSHIP GAMES RESUMED TONIGHT

PARKER'S AND PADE'S TANGLE IN SECOND TILT

The series of games for the kitball league championship of the city will be resumed tonight at 8 o'clock on Sweetland field. Pade's losers of the first game to Parker's Monday night, 6 to 5, believe they have a good chance to even the series and thus force a third and concluding contest Thursday night. On the other hand, Parker's players are just as positive that the big show will wind up tonight. However, Cliff Parker, "owner" of the club, stated this morning that the second game would be harder to take than the first one.

Pade's club is probably better fortified in the pitching department than Parker's. Steinbock, Kitchen and Bone are all good chuckers while the sports good men depend almost entirely upon the efforts of Henry Singer. However, Rex Adolph or Ray Elliott are capable of turning in a good game.

Kitball, after a rather slow start in Salem, is growing in popularity and crowds are holding up well. Tonight's performance is expected to draw the largest group of fans of the entire season.

The winners of the city series will compete next Monday and Wednesday nights in the state championships. This tournament will include teams from Eugene, Portland, Oregon City and Salem.

JACKSON BEATS BILL TOWNSEND

Portland, Aug. 23 (AP)—Young Peter Jackson, Los Angeles negro, slugged his way to a clean cut decision over Billy Townsend, Vancouver, B. C., in the 10-round main event of an outdoor card at the stadium here last night. A crowd estimated at almost 7500 persons attended. Jackson weighed 136 pounds and Townsend was three pounds heavier.

The two battlers, under the best of their weight in the country, fought cautiously and on even terms until the seventh when Jackson floored Townsend twice. The Canadian came back strong in the next canto, but the negro flash piled up a strong lead in the final two rounds.

Ah Wing Lee, 139, Portland's Chinese star, got off to a good start in his comeback campaign by knocking out Joey Kaufman, 142, Buffalo, in the first of a scheduled eight-round bout. Lee had Kaufman on the floor three times before the Buffalo boxer succumbed to the knockout punch. Other results: Chalky Wright, 126, Los Angeles, knocked out Whitley Neal, 127, Portland, in six; Roy Ockley, 136, and Louie Nelson, 133, both of Portland, drew in six; Tiger Cody of Butte, and Young Harry Wills of Brownview, drew in four; Elmer Buzz Brown, St. Paul, stopped Eddie Spina, Portland, in the fourth of the opener.

Olinger Kitballers Beat Leslie Team

By winning the final and decisive game, Olinger field playground kitball artists took the championship over the Leslie playground squad Tuesday afternoon. The winners will be presented with championship emblems.

The two teams played two games Tuesday. Olinger won the first, 2 to 1, and Olinger the second, 6 to 1. Prior to the doubleheader Olinger had a game lead for the summer series.

The lineups were: Olinger—Hofert, H. Miller, N. Serdota, J. Gentzkow, J. Curry, C. R. Serdota, P. Guss, C. Bell, R. Herman, R. Guss, R. H. Elliott, H. Groves, H. W. Ritchie, C. M. Ritchie, P. Matthews, J. Stockwell, R. B. Bush, C. Mason, J. B. Bush, J. Lunsford, R. French, J. King, R. French.

BIRDS RETAINED
Silverton—The 200 baby pheasants in the holding pens on the farm of Ed Overlund, president of the Silverton Isaac Walton league, will be retained until hunting season is over. Last year, according to Mr. Overlund, the birds were received on the Bethany farm from Corvallis much earlier, and it is thought that too large a percentage were killed as they were tamer than those hatched in the fields, when they were released before the open season for hunting pheasants.

VIRGIL MEYERS HURT
Riverside—Virgil Meyers was painfully hurt last week when bolt came off the end of the fork truck, allowing the hay fork to fall and pierce one of his hands and his side, while helping with hay at the Shepherd farm. Though not seriously hurt he is unable to work.

EQUIPOISE NEARS ALL TIME RECORD

Chicago, Aug. 23 (AP)—Equipoise, son of Pennant-Swinger, will go to the post for the sixth time this year in the \$25,000 Hawthorne gold cup tomorrow.

With \$297,170 to his credit, Equipoise has a chance to become the highest money winner on the turf. Sun Beau, now retired to stud, is leading money winner with \$376,744. Equipoise needs \$79,574 to tie.

In his five previous races this year, Equipoise has won each time and many turfmen are beginning to believe C. V. Whitney's five year old is unbeatable.

Certainly he is the greatest American racehorse since Man O'War won 20 out of 21 races in 1919 and 1920.

PICKS HIS WOMAN AND POCKETBOOKS

Paris, (AP)—Proclaiming boastfully that he had stolen the hearts of 741 fair maidens and matrons, as well as their pocketbooks and jewels—Edmond Achour, an Algerian, has been given three years behind the bars to think it over. Achour posed as the Count de Saint-Yrieix and his method was first to win the heart and affection of his victim, and then, when clasped in love's fond embrace, he would pick her pocket. The fake count also went by the name of the Marquis de la Ferronnays. "I posed as a physician, frequently," he told the court, "because from my experience with women I have learned they are especially susceptible to doctors."

This is not the first offense of the love-thief. He recently ended a five-year term in the Nimes penitentiary for a criminal offense.

Silverton—Mr. and Mrs. Tony DeSantis and son, Robert, returned Tuesday from several days' visit with relatives in Washington. They were at the home of DeSantis' cousins, Mr. and Mrs. Peter Felix, in Vancouver for three days and Mrs. Felix accompanied them to Seattle to visit her sister and brother-in-law, Mr. and Mrs. C. R. Service, for two days. This is the first out-of-state visit for Mrs. DeSantis in 27 years, when she came here from her home in Italy.

NEGRO PLAYERS MEET SENATORS THURSDAY EVE.

A squad of negro ball players, known as the "Colored House of David," barnstorming throughout the northwest in recent weeks, will come here Thursday evening for a contest with the Salem Senators. And while their wins have been none too plentiful during their engagements with bush organizations of Portland and other Oregon towns, their reputation for putting on an excellent show has won for them quite a following.

When the negroes were at Silverton last Saturday they suffered defeat in a six and a half inning game. At that time they were carrying but nine players. Since then, however, they have succeeded in strengthening their lineup. The colored boys performed before two good sized crowds in Portland recently. Their "shadow game" and "pepper box" performances have brought chuckles from the spectators wherever they have exhibited.

The Senators, looking forward to Thursday night's engagement and to the last game of the State league season Sunday afternoon, are engaging in more serious practice sessions. The season would not be an entire loss if they could win against the negroes and then beat Eugene on Olinger field next Sunday afternoon.

"Squeak" Wilson will probably start on the mound for the Senators Thursday evening at 5:15.

NICHOLSON, BEVENS GOOD SAYS WRITER

How one or two of the Woodburn American Legion baseball squad appear to a disinterested critic is set forth in an article appearing in a recent copy of the Walla Walla Bulletin, written by the sports editor of that publication. The writer of the article accompanied the Walla Walla team to Pocatello and saw all four games. In a previous story the same writer declared Woodburn's team was better balanced than Seattle's entry which was disqualified after defeating Walla Walla three times. Speaking of the 15 inning game won by Woodburn over Pocatello, the writer says:

"Outstanding in the game, of course, was the 23 strikeout performance that this lad Pete Bevens turned in. It was a marvelous bit of work for a 17 year old youth and definitely stamped him as a great prospect in baseball. He has many things in his favor as a pitcher if given proper handling during the next year or two. He is tall, a shade over the six foot mark. He has a free and easy action, a wonderful fast ball that approaches the speed of Pete Jonas, a cool disposition even when in trouble, great control, and a fair curve that helps his strikeout string."

"Bevens should go far in baseball, but so should this lad Nicholson. Woodburn's center-fielder. There is a boy who is a real ball hawk. That spectacular catch of his which saved the game in the 11th was one in a lifetime. He was deep in his own pasture when the ball was hit and turned to the right towards left field. To snare the flying pellet he had to leap up and back and reach with his gloved hand towards home plate while he was traveling in the opposite direction. When he came in at the close of the inning the stands gave him a thundering ovation. To prove that his catch wasn't too out of the ordinary for him he went from direct center field over into left to take a towering drive in the 13th. His coach told me after the game that the lad is a 10 second dashman and an all around athlete. He can play on my ball club any day, and Rader doubles that."

Pocatello made a wonderful fight of it, looking five times as good as the day before when Miles City was defeated, but in the long run the superior team won out. Even the closest followers of the home club admitted that, although general sympathy was with the losers because of the question of Woodburn's personnel on the country-wide recruiting idea. Only one of the players on the championship team actually lives in Woodburn, although three or four more come from small towns in the same post area."

MAKE OCEAN TRIP
Woodburn—Miss Helen Allen and Miss Thelma Stephens of the high school faculty returned Sunday from an extended visit in California, where they visited Berkeley, San Francisco and Carmel. They made the trip home on the steamship Admiral Holmes.

Veeck's Proposal To Revive Baseball Game Gaining Support

New York, Aug. 23 (AP)—Strong support developed today for William L. Veeck's proposal that baseball interest be revived through a series of inter-league games in mid-season and assured the scheme of thorough discussion before the 1934 season begins. There seemed to be at least an outside chance it would be tried next year.

Unqualified endorsement of the Chicago Cubs' president's plan was voiced by Alva Bradley and Stephen W. McKeever, presidents respectively of the Cleveland Indians and Brooklyn Dodgers. Other club owners almost unanimously agreed that some such radical departure from the regular order of things was needed if baseball was to climb out of the "red."

"We need some such stimulant and I am in favor of it," McKeever said, while Bradley pointed out he actually had advocated a definite plan for inter-league games. "Four such games in a season for each team," he said, "would give the fans a good idea of comparative skill."

Sam Bredon of the St. Louis Cardinals thought the plan might increase attendance and President William Benswanger of the Pittsburgh Pirates said it was worth serious consideration. He thought it would be preferable, at any rate, to a split season which also has been suggested as a means of increasing interest. President Gerald Nugent of the Phillies was another who thought the plan at least should be thoroughly discussed.

The chief dissenter was Frank J. Navin of Detroit who declared the falling off in baseball attendance was no greater than in other branches of the amusement business and that better crowds could be expected with improvement in business conditions.

WILLS FAILS TO OBEY DOCTOR, RESUMES PLAY

Forest Hills, N. Y., Aug. 23 (AP)—If Helen Wills had obeyed doctor's orders she wouldn't be seeking her eighth national singles tennis championship now.

"I was told to rest until January because of my back injury," she said. "I walk along with a cane now. With a lot of California sunshine on the beach, however, I expect to recover completely. This spinal strain is quite troublesome but otherwise I feel as well as ever."

The great Californian thinks one of the reasons she dropped a set to Betty Nuthall in the semi-finals Sunday was because she failed to warm up before the match.

"I thought a brisk massage would be all right," she said, "but I was wrong. I did not get warmed up until the second set. Betty played beautiful tennis in the first set."

"I intend to practice a bit on an outside court before each of my remaining matches. That should put me in as good shape as ever."

Meanwhile, tournament officials looked hopefully for a change in the weather so that the two remaining matches—one in singles and one in doubles—could be completed today and thus allow the finals to be played tomorrow.

In singles, Helen Jacobs, the defending champion, and Dorothy Round, English star, were to meet for the right to face Mrs. Moody in the final round. In doubles, Mrs. Moody and Elizabeth Ryan were paired against Miss Round and Mary Heeley, the survivors to battle Miss Nuthall and Freda James for the title.

FRANKS ARE HOSTS
Macleay—Mr. and Mrs. W. Frank entertained a group of friends at a picnic in their gardens Sunday. Horseshoe pitching was the diversion of the afternoon.

Jefferson—Mr. and Mrs. A. A. Miller, accompanied by their grandchildren, Donald and Jackie Nibergall of Albany, spent several days at Yachats with Portland friends.

"That was the neatest parking job I've ever seen a girl do. I'll say you're some driver, Claire."
"That's just Terraplaning, Phil. With one of these wonder-cars, a girl can do anything a man can do and just as easily too—they steer with one finger."

What's this? 'Men drive better than women?'
Not when women go Terraplaning!

THE SIX \$425 AND UP
Curb-parking, rounding sharp turns, braking at sudden stops, constant gearshifting on hills and in traffic—these are hard, exhausting work for anyone with cars built in the old fashioned way.

But never with a Terraplane. Watch a woman the first time she drives a Terraplane. Watch her face light up with pleasure at the ease with which she steers it, the slight pressure she needs to stop it, the small amount of effort required for smooth safe turns around street corners, the complete freedom from gearshifting on hills.

"Why, I'm absolutely spoiled for any other car," said a slim girl the other day after her first Terraplane ride. "I've never driven anything like this Terraplane. I feel so completely in charge of it, so safe and confident. This is the kind of car I've been looking for all my life."

Terraplaning and ordinary "automobile" are so different that driving a Terraplane for the first time is an entirely new experience. Won't you try it?

BOSTON BRAVES CAUSE STIR IN NATIONAL RACE

By Associated Press
Lightning seldom strikes twice in the same spot but National league contenders, harking back to 1914, are casting an apprehensive eye on the exploits of the Boston Braves.

There's still a long hard struggle ahead of Bill McKechnie's hopefuls before they can rival the feat of the Braves of 1914 who climbed from last place on July 4 to win the pennant and then the world series in successive games from the Philadelphia Athletics. But it's not impossible.

Their fourth straight triumph over the Pittsburgh Pirates and their 17th victory in 21 games yesterday sent the Braves flying into second place, seven games behind the New York Giants. McKechnie's crew was in fourth place when their winning streak began 24 days ago.

Wally Berger's 22nd homer in the 14th inning gave the Braves their 5-4 decision over the Pirates yesterday and ruined what otherwise was an almost perfect job of relief pitching by the veteran Waite Hoyt. Going to the mound in the fourth after young Hal Smith had given way to a pinch hitter, Hoyt walked Al Spolner, first man to face him, then set down 25 batters in order before Hal Lee singled with one down in the 12th. Hoyt then got the next five men in succession but Berger broke up the ball game with one out in the 14th. Fred Frankhouse went the route for the Braves and allowed only ten hits, blanking the Corsairs over the last nine frames.

American league results Tuesday: Cleveland 3, New York 4; Detroit 10, Washington 8; St. Louis 6, Philadelphia 7; Chicago 8-4, Boston 1-0.

EASTERN JUNIORS BATTLE FOR PLACE

Springfield, Ohio, Aug. 23 (AP)—Teams from Mobile, Ala., and Springfield, O., battled their way through the first round of the eastern sectional American Legion junior tournament yesterday. Mobile defeated Sanford, Me., 5 to 2 in 14 innings, while the local nine beat Reading, Pa., 8 to 4.

Second round games tomorrow pit Mobile against Springfield and Trenton, N. J., against Gastonia, N. C. The latter pair drew first round byes. Thursday the two winners will play for a berth in the region's little world series at New Orleans.

The western sectional tournament to select the other little world series contender will be held at Topeka, Kansas, August 24-26.

STARS TROUNCE OAKLAND, 12-4 PORTLAND WINS
(By the United Press)
The Hollywood Stars crept up to within a half-game of Los Angeles, Pacific Coast league leader, last night as the Stars trounced Oakland, 12 to 4, and the Angels dropped a 4 to 3 game to Seattle.

Oscar Vitt's injury-crippled team made short work of three Oakland pitchers, driving out 13 hits off Fleber, Salminen and Gahler and scoring right up to the last inning. Although Page was trounced for 12 hits, the Oaks couldn't score until the seventh, when they were trailing by nine runs.

Los Angeles lost a bitter struggle with the last place Indians when Seattle rose up in wrath in the ninth and scored three runs. The Angels scored twice and the Indians once in the first inning, and not once run crossed the plate until the Angels added one in the eighth. Thomas and Ward, Los Angeles, granted seven hits, while Caster was touched for eight.

Portland remained in third place by blasting out 14 hits off McDougal and Stutz and sinking the Seals 9 to 2. Rudy Kallio was nipped for nine hits, but held the Seals scoreless in seven of the nine innings.

The Missions' ninth-inning rally was checked to one run and Sacramento nosed out a 4 to 3 victory.

"There really IS a New Deal on Electric Water Heating"

—says Mrs. Arthur W. Strellman, who has recently installed the new Pepco Approved Electric Hot Water Service

Strellman Residence
1663 N. E. Prescott, Portland

Mrs. Arthur W. Strellman. Mr. Strellman is proprietor of Strellman's Grocery.

Pepco Approved Service
a long step ahead

When Mrs. Strellman ordered an electric water heater recently her neighbors and even her plumber told her she was making a mistake. "It won't furnish enough hot water." "It costs too much."

"We know all about electric water heating," they said.

"But not the kind I'm putting in," said Mrs. Strellman. And now she knows she was right. The new Pepco approved hot-water installations are far ahead of old types of hot-water service, electrical or otherwise. If you haven't had the difference explained to you be sure to do so—you ought to know about this new deal on hot-water service—where you have plenty of hot water all the time, night or day, just like a good hotel, and at such a low rate for current that you feel free to use all you want.

Mrs. Strellman comments: "When I turn the faucet for hot water I have it immediately. I have a great sufficiency of hot water for my entire washing, using hot water for rinsing, also. There are 6 in our family. My husband wants me to add his praise, too, for when he comes home from the store in a hurry and wants to shave he always finds hot water, whereas before it was always necessary to wait for hot water."

She also remarks, "The cost is low, considering the superior day and night service which delivers hot water at all times."
