

LOCALS

Oregon industries took a toll of four lives and occasioned 578 accidents the past week, the industrial accident commission announced today. The fatalities were: Robert E. Hartley, Pondman, Oregon City; Lee Donahue, acataline cutter, Portland; Perry G. Sheldon, laborer, Portland; and John Gustafson, feller, Portland.

Crawfish, Eckerlen Beer Garden.
The city of Clatsop, Klamath county, was granted one second foot of water from the Klamath river, the secretary of the interior telegraphed State Engineer C. E. Stricklin today. The application to receive the water for municipal purposes was filed with the federal government after Attorney General I. H. Van Winkle held that the state could not release water from the Klamath river, which flows in Oregon and California.

Model Beauty Parlor has moved to Breyman Bldg. over new Pay'n Takit store. Phone 7870.

The boys' Christian Citizen club of the First Presbyterian church, comprising Friendly Indians, Pioneers and Comrades, will plan their fall and winter activities at a special meeting Friday evening at 7 o'clock. Refreshments will be served.

Shed dry wood coal. Prompt delivery. Salem Fuel Co. Phone 5000, 2517.

Dance Crystal Wed., Sat. Old time. modern, 2 floors, 2 bands, 2517.

A large locust tree which has stood on the postoffice grounds for 40 years or more was in the hands of a tree surgeon today. The tree at some time or other had split into several sections, resulting in a large amount of dead wood accumulating. This has been chiseled out and the resulting cavity filled with concrete. The tree antiques the construction of the postoffice, in the opinion of Postmaster John Farrar, and is probably a seedling since no residence has ever occupied the block was a part of Willson park. A small bandstand stood near the center of the property while a cinder track for the use of bicycle riders circled it. During excavations for the postoffice a few years ago some of the old cinders were uncovered.

New shipment tweed swaggar suits in tan, eel gray, brown, red, and other good colors at a new low price. Miller's.

Fay B. Rice has taken out a permit at the office of E. C. Bushnell, city building inspector, for the construction of a dwelling house at 944 Belmont street. The cost is estimated at \$2800.

Special for limited time, Perm. #2 and up. Mitzel Gray, 709 First Nat'l. Bank. Phone 5033.

A chimney fire occurred early Thursday night at Cross and Cottage streets, and was extinguished by members of the fire department.

Another big dance Saturday night. Haunted Mill. Adm. 25c.

Hearing of the application of J. H. Millon of Eugene for a permit to operate as an anywhere for hire common passenger motor carrier will be held here October 27. State Utilities Commissioner Charles M. Thomas announced that the hearing will be conducted by Herbert Hauser, state supervisor of transportation.

Big Mod. dance Turner Sat. 250

The case of the state against Jack Campbell and Leila Davidson, charged with the maintenance and operation of a slot machine, which was to be heard in justice court Thursday afternoon, was set over until Friday. The reason for the postponement was that District Attorney W. H. Trindle was slightly ill at home and Deputy District Attorney L. J. Page was busy at Silverton on the Hague murder case.

Dry second growth and old fire wood. Prompt delivery. Fred E. Wells. 2507.

T. D. Kleen of Pratum is booked by the police for speeding.

Mod. dance U. Park tonight, 10-15c. 250

Motor vehicle accidents reported overnight were: Harry E. Mitchell, route 8, and an unidentified motorist, at Commercial and Chemeketa, Leo Prange, 1945 Maple, and an unidentified motorist, at Church and Market. Delbert Parsons, 1087 Saginaw, and an unidentified driver, at Brooks. W. A. Sawyer, Myrtle Point, and an unidentified driver, at Liberty and Pacific highways. Fred Scanlon, Portland, and an unidentified motorist, at 12th and Pacific highway.

Mrs. Lena Waters, teacher of piano, has moved to 1235 N. 10th near Englewood school, and respectfully requests the patronage of the community. Phone 7738.

Confirmation of sale has been granted in circuit court in the case of Emma Murphy Brown against John U. Plank.

Dance with the crowd at Hazel Green Sat. night.

Ulysses P. Simpson has been named executor of the \$4000 estate of Ada B. Simpson.

If you are now working and desire to improve your efficiency along some special line, we may help you at the Capital Business College night school. Offices open this evening for consultation and registration.

Alvina Lake has been named administratrix of the estate of Charles Willard Lake who was killed on the highway when his bicycle was hit by an automobile. Sole heirs are the mother, who is named administratrix, and the father, William E. Lake, who asks for the mother's appointment. The estate is an unliquidated claim for damages

English for Cops

New School Course
New York, Oct. 20 (AP)—An English course for assimilation by New York police was being prepared today.

The course is intended to eliminate such expressions as "youse guys," "bold," and "erater." The course will not be compulsory.

Beer 5c at Pretzel Inn, 2395 North Front.

Authority to foreclose on a mortgage has been granted in probate to United States National bank as guardian for Ezra Beckley, incompetent. The guardian states that payments are delinquent and to protect the estate foreclosure is necessary.

Salem's own play producing group, Chemeketa Players, will present 12 shows at Nelson Auditorium this season. Tickets on sale at Capitol Drug Co.

Final account of Frank P. Haas as administrator of the estate of Mary E. Haas has been filed in probate and final hearing set for November 27.

New shipment tweed swaggar suits in tan, eel gray, brown, red, and other good colors at a new low price. Miller's.

Frieda M. Oehler, Martin Ferry and A. E. Schirman have appraised the estate of Mathilda Browning at \$850.

Order for partial distribution of the assets of the estate of Mary J. Reust has been granted to Ronald C. Glover, executor.

R. A. Lawrence has filed his semi-annual report as administrator of the estate of E. Lawrence. He states that a proposed deal for sale of property has not been consummated.

Homer Gouley has been named administrator of the \$2000 estate of Lydia E. Gouley.

A marriage license has been applied for by Dallas P. Harris, farmer, 22, and Elizabeth Smith, 22, housekeeper, both Jefferson.

M. R. Austin, route 1, and Bob Keldatz, 724 North High street, appeared to be running a race with their automobiles along the railroad tracks on Trade street last night, and both were arrested by the city police on charges of reckless driving. When the two drivers were pursued by an officer and overhauled their tires were considerably cut up by the railroad ties and were flat. The officer's report stated they were going east at a fast rate of speed. He stopped them at Winter street.

Order of confirmation has been granted in the case of Felix LaBranch against Noble Andrews.

Order has been entered in probate to require Leona Weddle Siegmond to file her account as guardian of Charles W. Goode.

RECOGNITION TO BENEFIT SEATTLE

Seattle, Oct. 20 (AP)—Commenting on the report from Moscow that negotiations were underway for recognition of Russia by the United States, shipping men and port authorities declared today that recognition would benefit Seattle, as the nearest seaport of this nation to the Orient, more than any other coast city.

"Materials and supplies needed in Siberia, however, naturally would be sent to Vladivostok, which would mean that Seattle would have a large share of the trade," John Carmode, shipping man, said. "Several years ago there were big shipments of manufactured articles, machinery and materials shipped to Vladivostok and in my opinion this trade would be revived."

Smith Wilson, port commissioner, said while he doubted whether the coast could sell lumber and wheat to Russia, "a free flow of trade should open markets for many manufactured articles and perhaps for our fruit."

SHIP FOUNDERS, SIXTY-SIX LOST

Kobe, Japan, Oct. 20 (AP)—Sixty-six persons, including an English woman, were feared to have perished today when the coastwise steamer Yashima Maru foundered in a typhoon off Suma near here.

Owners of the vessel said their figures showed that of 61 survivors 58 and 59 passengers, 61 survivors had been reported. She was en route here from Beppu, Japan.

The Yashima Maru, formerly the British mine sweeper Snowflower, at first was reported to have burned but later it was learned she succumbed to the storm, almost wholly in sight of her destination, according to survivors.

The typhoon also carried death to fishing fleets. Several ports reported that craft foundered or missing with their crews totalled nearly 100.

News of Ford Strike Not Made Public

Edgewater, N. J., Oct. 20 (AP)—All information concerning the strike at the Ford Motor company plant here and efforts to settle it was withheld today. Neill Brown, superintendent, said any announcement would have to come from the home office at Detroit.

Striking workers and plant officials conferred yesterday, but neither side would reveal what occurred. After the meeting the workers met with Hugh Reilly, American Federation of Labor representative, in Cliffside Park, N. J.

BAN ON BOOZE SHOCKS EUROPE

London, Oct. 20 (AP)—British distillers were shocked today at the prospect of an American embargo on foreign liquors to be imposed after prohibition repeal.

Many already had negotiated huge sales to American interests. Reports were that advance orders, in anticipation of repeal, totalled \$9,080,000.

Distilleries have worked hard to pile up stores for American consumption, and it was a hard blow to manufacturers still suffering the effects of the 1932 calamity when three-fourths of the Scottish distilleries closed down with a 12-year domestic supply on hand which they were unable to sell because of high British taxation.

Distillery shares have enjoyed a moderate boom on the stock exchange because of the prospect of American sales, but when the first reports of the embargo reached here they dropped.

Financial experts had warned against undue optimism regarding distilleries on the ground that recovery of the profits to be made in the American trade were likely to prove grossly exaggerated.

Paris, Oct. 20 (AP)—Thunder-struck by prospect of an American embargo on foreign wines and liquors, the French government has cabled the embassy at Washington to protest strongly, it was reported officially today.

TO BUY WHEAT FOR EXPORTING

Spokane, Wash., Oct. 20 (AP)—Unconfirmed but unbroken reports that the North Pacific Exporting Association has entered inland Empire markets to purchase wheat for export were current in the trade here today.

The association is the vehicle set up by Secretary Wallace for the subsidized movement of about 35,000,000 bushels of Pacific northwest surplus wheat.

While no announcement has come from the executive committee of the association at Portland, dealers indicated the association came into this market yesterday, and it was estimated buying orders for 250,000 to 500,000 bushels were placed at market prices.

Dealers here estimated that about a 10 cent a bushel rise in the price of Pacific northwest wheat, as compared with Chicago, will follow acquiring by the association. The spread between Seattle-Portland and Chicago prices, now about 15 cents a bushel, is expected to be cut to about 5 cents.

Wheat jumped 3 cents a bushel in the inland Empire cash market today in sympathy with a 4 cent increase in the July option at Chicago. It was not attributed here to opening activities of the export association.

MAN CLAIMS HE'S PRETTY BOY FLOYD

San Francisco, Oct. 20 (AP)—Charles "Pretty Boy" Floyd, taunting and elusive Oklahoma desperado, was sought in northern California today on reports he was in this vicinity.

One report, purporting to come from the notorious killer himself, was that he was in San Francisco taking a look at Alcatraz island prison, which is to be converted within 90 days into the United States "Devils Island" for desperate criminals.

After department of justice agents made a futile raid down the San Francisco peninsula earlier in the day in search of Floyd, a telephone in the San Francisco Examiner brought this message:

"Say, about 15 federal agents went down to Monterey today, looking for 'Pretty Boy' Floyd—did you know that? But they didn't find him there, 'cause it was all a joke. He wasn't in Monterey."

"Who are you?"
"I'm Floyd."

"What are you doing here?"
"Taking a look at Alcatraz."

The caller hung up and efforts to trace the call were futile.

Wanted for half a dozen crimes, Floyd has repeatedly been reported in various sections of the west and recently a purported emissary offering to surrender in return for a promise of clemency from Governor Alfalfa Bill Murray of Oklahoma. The request was refused.

BAKER CITY WINS SUIT WITH COUNTY

The Dalles, Ore., Oct. 20 (AP)—The city of Baker today won a judgment of \$14,705.40 from Baker county, in an order handed down by Circuit Judge Fred W. Wilson at The Dalles, assigned the case from Baker county.

The city had asked \$24,102.85, which it claimed was due on road taxes collected by the county and not divided with the city on the pro rata basis prescribed by law.

Judge Wilson ruled that the county was liable for tax payments to the city during all but three years between 1923 and 1930, thus reducing the amount of judgment from that which had been asked.

BLUE EAGLE'S MAIL INCREASES

Washington, Oct. 20 (AP)—Bank credit and price increases are the nation's chief worries, as reflected in the NRA's mail, but each delivery brings a flood of halting appeals for jobs, complaints that competitors aren't living up to blue eagle standards, resolutions containing praise and inquiries as to what General Johnson is going to do about Henry Ford.

Letters about bank credit began coming in two months ago. They have continued in volume despite recent moves to ease credit. Many writers say they have sought loans and inquired as to what General Johnson is going to do about Henry Ford.

Protests against price increases have bulked large this month. Replies point out that some increases are necessary to pay higher wages and costs, but that the administration is striving to prevent excessive price boosting.

The NRA gets about 2,000 letters a day. They include appeals from domestic servants, nurses and teachers who NRA do something to help them, and anonymous complaints against conditions in factories operating under codes. Many letters say the NRA is sound, but that it needs stricter enforcement.

2 WOUNDED IN SILK STRIKE RIOT

Paterson, N. J., Oct. 20 (AP)—Two men were seriously wounded by bullets today as rioting broke out in the strike torn silk district of north Jersey. One of the injured may die.

In the earlier disturbance at the Clifton plant, John Cherchone, of Paterson, was stoned by fellow members of the picketing group of about 400 strikers.

Apparently thinking Cherchone was going to climb the fence around the plant, the crowd beat him till he was unconscious. He was taken to Passaic General hospital, with severe scalp wounds.

Donald Machlen, Passaic, a guard at the plant, also was beaten and chased to the railroad tracks. The crowd threatened to throw him and the wheels of a freight train but police rescued him.

Machlen, who was armed with a revolver, was arrested on a charge of carrying concealed weapons but was freed following arraignment when he pointed out he was carrying the gun on disputed property.

Police dispersed the pickets without further trouble.

PARRISH LOSES SUIT WITH BANK

Judge McMahon today directed the jury in the case of Turner State Bank against James E. Parrish to return a verdict for approximately \$328 in favor of the plaintiff and for so doing denied a counterclaim by Parrish who had had a little over \$1400 which had been interposed as a defense by Parrish had failed to follow the statute in connection with his counterclaim by failing to give notice of disease among sheep that he had.

The bank sued on a note which at first was for over \$2000 but had been reduced to \$250 and interest. Parrish came back with his counterclaim. He bank for breeding purposes. After delivery of the sheep, he alleged that he discovered disease among them which resulted in a large number dying and the sheep being valueless for breeding stock. The loss to him he alleged was over \$1400.

The statute the court held, requires that where there is an implied warranty, the buyer must file notice with the seller before he can maintain an action for damages. The counterclaim was by way of an action for damages on the sheep which was in fact nothing in either the plaintiff or defendant to show that notice had been given. The sheep transaction was said to have occurred a number of years ago.

DALADIER WARNS ABOUT INFLATION

Paris, Oct. 20 (AP)—Premier Edouard Daladier warned the finance committee of the chamber of deputies today that if the budget is not balanced it will be necessary within five or six weeks to take recourse in inflation.

The premier described the consequences of inflation, dwelling on the peril it would hold for the franc. Friends of the premier insisted that the atmosphere was more favorable as the result of the talk before the committee.

Visiting Ministers Meet Church Groups

Dr. C. H. Harrison, superintendent of Congregational churches of Oregon, and Rev. T. A. Dungan of Portland were visitors last night to the First church of Salem and gave addresses of particular interest to members and officers of the church.

Dr. Harrison addressed the officers of the church at a dinner early in the evening, and following this an address to the congregation was given by Mr. Dungan.

Tonight a similar meeting will be held at Knight Memorial church with Dr. Harrison, Dr. J. J. Staub of Portland and Dr. John S. Burns of Corvallis speakers.

Kenworthy Named Food Distributor

Portland, Oct. 20 (AP)—J. D. Kenworthy was appointed chairman of a sub-committee to handle the distribution of government relief food supplies in Oregon, by Raymond B. Wilcox today. Other members of the committee are B. C. Darnall, Ross T. McIntire, J. H. Lulin of Portland, and J. N. Chambers of Salem.

RICH ASSERTS NOTE A FORGERY

Forgery of a \$2000 promissory note is charged by Albert Rich, former president of the defunct Scotts Mills bank, in defending an action brought against him by A. A. Schramm, state superintendent of banks, before a jury in Judge McMahon's court this morning. The complaint alleges a balance due of a little over \$1700 on the note.

Rich in his defense claims that he never signed the note, that it had no consideration and that the banking department he was indebted to the bank in no sum whatever.

He further avers that \$250.29 of money in his checking account was wrongfully transferred as a credit on the note. Also that when the bank closed he had \$364 on deposit in the bank.

Another suit by the state banking department against Rich which is set to be heard October 24 involves his alleged guaranty for payment of certain sums to reduce the amount for which the fixtures of the bank were carried on the books of the institution.

JAPAN JOINS IN NAZI PROTEST

Tokyo, Oct. 20 (AP)—Japan has added her voice to those raised in protest against Nazi racial discrimination, the government announced today.

The government said a foreign office spokesman in discussing the German's branding us inferior, "Germany's attention has been called, he added, to the fact that speeches of Nazi leaders and legislation by the German government have specified discriminatory treatment of the Jews, negroes and other colored races—banning mixtures thereof with the Germanic race."

Even in the United States, the spokesman went on, Japanese are not subjected to the same treatment as negroes; yet Germany has linked them in the same category.

The spokesman said the vice minister of the German foreign office had promised careful consideration of the Japanese protest.

PASADENA DOCTOR WINS NOBLE PRIZE

New York, Oct. 20 (AP)—Private advice received here today said Thomas Hunt Morgan, Pasadena, Calif., has been named the 1933 Nobel prize winner for medicine.

Mr. Morgan has been director of the William G. Kerckhoff laboratories of the biological sciences, California Institute of Technology, since 1928.

He was a member of the French Academy of Sciences in the sections of anatomy and zoology in Paris in March, 1931.

EUGENE OPPOSES GOVERNOR'S RECALL

Eugene, Oct. 20 (AP)—The Lane county chamber of commerce last night unanimously adopted a resolution opposing the recall movement against Governor Meier and expressed confidence in the governor's ability to direct the affairs of the state in the present crisis.

Meeting at Junction City, the county group deplored the movement as "ill-advised and entirely unwarranted," stating that they felt full confidence in the state executive and felt he was entitled to the support of the state.

LOWERY APPOINTED

Washington, Oct. 20 (AP)—President Roosevelt today appointed Frederick W. Lowery of Arizona to be assistant director of the budget.

Falling four feet from a crane in Glasgow, Scotland, recently, Samuel Young met almost instant death.

Why do we call this your shop?
Ask Little Boy Bright—HE'S RIGHT!
We can explain in a few words. We wouldn't have a business if we were not waiting upon your clothing wants. We please the public—that's the way we stay in business.

MILK PRICES UP TO MR. EINZIG

Eugene, Oct. 20 (AP)—Officials of the agricultural committee of the chamber of commerce and local milk distributors today urged their case on university milk prices direct to state officials in Salem and received assurance of a hearing before state purchasing agent William Einzig next Wednesday.

Chester M. Lawrence, chairman of the committee, and others will meet with Einzig in Salem Wednesday and attempt to reach a settlement of the controversy over the price the university shall pay for milk.

J. O. Lindstrom, business manager of the university, today issued a statement denying the alleged 24-hour ultimatum to cut prices and the threat to ship in Portland milk, but declared the matter rested entirely in the hands of the state purchasing agent.

He said that previous to September 11, 1933, the university paid 26 1/2 cents per gallon for milk and that state date the price was raised to 32 cents, although some fraternities and sororities still pay but 28 cents.

H. P. LEDERER HANGS HIMSELF

New York, Oct. 20 (AP)—Herbert P. Lederer, broker and husband of Isabel Lighton, committed suicide today by hanging himself in his Park avenue apartment.

Lederer was 44 years old and a customer's man employed by the brokerage firm of Edward B. Smith & Co.

Miss Lighton recently resigned as head of the women's committee of the NRA drive in New York City and now is active in politics.

Lederer's body was found by a maid when she went to prepare breakfast for Lederer and his wife. The body was hanging from the kitchen transom by an electric iron cord.

Miss Lighton recently was appointed vice chairman of the independent citizens committee for John W. McKeck, independent democratic candidate for mayor. She was absent from McKeck headquarters, where it was said she was at home ill with a cold.

Continuation of— Russian Trade Pact

who crowded his room at the regular press conference today.

"The letter of President Roosevelt follows:
"My dear Mr. President:
"Since the beginning of my administration, I have contemplated the desirability of an effort to end the present abnormal relations between the hundred and twenty-five million people of the United States and the hundred and sixty million people of Russia.

"It is most regrettable that these great peoples, between whom a happy tradition of friendship existed for more than a century to their mutual advantage, should now be without a practical method of communicating directly with each other.

"The difficulties that have created this anomalous situation are serious; but not, in my opinion, insoluble; and difficulties between great nations can be removed only by frank, friendly conversations. If you are of similar mind, I should be glad to receive any representatives you may designate to explore with me personally all questions outstanding between our countries.

"Participation in such a discussion would, of course, not commit any nation to any future course of action, but would indicate a sincere desire to reach a satisfactory solution of the problems involved. It is my hope that such conversations might result in good to the people of both countries.

"I am, my dear Mr. President, "Very sincerely yours,
"Franklin D. Roosevelt."

The text of Kallinin's reply dated October 17:
"I have received your message of October tenth.
"I have always considered most abnormal and regrettable a situation wherein, during the past sixteen years, two great republics—the United States of America and the

AVERAGE COST FOR PUPILS PUT AT \$79.08 EACH

Going over reports from high school districts today the county board of education found there are 896 pupils attending the respective high schools from the non high school districts. Figures presented to the board showed that the average cost per pupil based on the total number of pupils and high school costs is \$79.08 for the school year. This figure is considered of importance to the board in making up its budget for tuition for the coming year.

The board decided to meet again next Tuesday when the matter of making up the budget will be up for consideration. It is likely that the budget committee to sit with the board will be named by board members between now and next Tuesday. In the meantime members will take home with them data from the reports filed by the various high school districts to dissect it more carefully.

The reports submitted from the various high school districts show the number of outside pupils and estimated total high school costs for each of such districts as follows:

Silverton, 151 pupils, cost, \$31,071.01; Aumsville, 67 pupils, cost, \$11,290.64; Jefferson, 26 pupils, cost, \$4,190.60; Hubbard, 6 pupils, cost, \$358.86; Gales, 24 pupils, cost, \$323.04; Salem, 439 pupils, cost, \$42,232.12; Turner, 8 pupils, cost, \$762.12; Stayton, 19 pupils, cost, \$4232.25; Woodburn, 110 pupils, cost, \$13,911.50; Mill City, 9 pupils, cost, \$826.5; Gervais 15 pupils, cost, \$6204.55; St. Paul, no outside pupils, cost, \$3874; Canby, 23 pupils, cost, \$21.153.

In the foregoing the number of pupils given are those only attending districts, while the cost given is the estimated total cost for the high school.

The actual per capita tuition cost to be paid will not be made up until next spring when all of the bills are in. But the foregoing reports show estimated costs and are to be used only for budget making purposes. It is considered likely when the budget is made up that a figure of \$80 per capita will be used as the estimate on which to base the levy as it is believed this will amply cover the entire cost for the tuition of pupils from non high school district attending high schools.

SEEK REDUCTION IN GAS HEATING RATES

Portland, Oct. 20 (AP)—The Portland Gas & Coke company today asked the state public service commissioner for permission to reduce its gas rates in the Portland area. The reduction would amount to about \$100,000 a year, the company said.

The schedule provides for slight increases in the monthly minimum rates to a small class of users of occasional service. The proposed new rates for general house heating would start at \$1.50 a month, plus 40 cents per 1000 cubic feet for the first 10,000 cubic feet, 35 cents for the next 40,000 cubic feet, and 25 cents for excess consumption.

The Portland Gas & Coke company recently reduced its preferred stock dividend rate because of decreased earnings. The proposed gas rate reduction is regarded as a move to recover and preserve business.

RETAIL CODE READY
