St. "Mother had me take Dr. Pierce's Favorite Prescription and it was remarkable how quickly I picked up. I had no more weakness and gave birth to a very healthy baby."

IT TAKES HEALTHY NERVES TO BE A CHAMPION BRONK RIDER!

RIDE 'EM COWBOY! Every second is crowded with Eddie Woods, twice all-round cowboy champion the famous Calgary Stampede. It sure takes healthy nerves to stay on board a fighting bronk! "Camels are my smoke," says Eddie Woods. "They never jangle my nerves."

"OUT ON THE RANCH I became devoted to riding and smoking Camels. Even though I am in the tenderfoot class I need healthy nerves. And Camels do not upset my nerves. That is important to a woman!"

Steady Smokers turn to Camels

EDDIE WOODS, one of the "top hands" of the cowboy world, says:

"Ten seconds on the back of an outlaw horse is about the hardest punishment for a man's nerves that anybody can imagine. To have nerves that can take it, I smoke only Camels. I've tried them all, but Camels are my smoke! They have a natural mildness, and I like their

taste better. Most important of all, Camels do not jangle my nerves, even when I light up one Camel after another."

If you are nervous... jumpy... inclined to "fly off the handle"... change to Camels. Your own nerves and taste will confirm the fact that this milder cigarette, made from costlier tobaccos, is better for steady smoking.

IT IS MORE FUN TO KNOW

Camels are made from finer, more expensive tobaccos than any other popular brand.
