SWIMMING POOL PLAN ADVANCED

Monmouth—At the weekly meeting of the Lions, L. E. Forbes detailed a plan, suggested, he said, by Mrs. Forbes, for a swimming tank as a civic improvement. It seems that Salem is getting this kind of work done as a CWA activity. Mr. Forbes conducted inquiries through L. Bartholomew, architect, who is in charge of the Salem work and said that a tank costing $5000 to build could be constructed here at a loocal outlay of $500. Such a tank would be 50 by 100 feet in dimensions. He suggested it could be inexpensively placed on the north end of the high school gymnasium where the administrative features could be better handled. Investigation has shown him that at Corvallis the tank water is changed two or three times a year and in the Salem Y the change is five times a year. In the intervening time the water is changed and filtered continuously through special equipment. Except for the late summer months the city has water running to waste that would supply the tank.

Discussion of the plan developed some thought the facilities at Helmick park should be improved. It was also thought the matter should be called to the attention of the city and school board.

MUTUAL TELEPHONE DIRECTORS CHOSEN

Scio—Directors elected at the annual meeting of the Scio Mutual Telephone association Saturday are E. C. Shelton, M. O. Arnold, Ed Stepanek, V. E. Shelton, and Mike Bilyeu.
