

LABOR DISTURBANCES INCREASE

CHARRED BODY FOUND IN RUINS IN STOCKYARDS

\$8,000,000 Loss by Blaze But Big Packing Plants Escape

1100 Treated for Injuries — Business Resumed As Usual Today

Chicago, May 21 (AP)—The charred body of a man was found in the ruins of Chicago's stockyards today as crews of workmen groped through the debris of Saturday's \$8,000,000 fire preparing the way for rebuilders.

Through acres of hot ashes, into heaps of bricks, skeletons of old landmarks and twisted steel girders the explorers dug, hunting valued documents and property that might have survived the holocaust, and hoping the loss of human life would not grow.

The one known victim was a man about 70, initials on his belt buckle leading to his tentative identification as Isaac Meany, a stockyard worker. One other death was attributed indirectly to the disaster, that of Walter Burnfield, 33, who

FINAL BATTLE IN GRAN CHAGO

Buenos Aires, May 21 (AP)—Every man, gun, and airplane at the command of Bolivian and Paraguayan generals was massed today along the Pilcomayo river for a final fight in the Gran Chaco war.

A series of skirmishes, fiercely fought, marked a week's preparation in the jungle battle area.

The defense ministry at Asuncion announced heavy fighting was in progress in the Canadian sector, where the Paraguayans were in a strong position. Other sectors reported scattered engagements.

The best troops remaining after two years of bloody fighting that has cost 45,000 lives are awaiting a zero hour, to be named by Paraguay.

Then will come the most important battle of the war. The prize is Fort Ballivan.

It is held by Bolivian forces. It is the last Bolivian bulwark against the Paraguayan push toward the rich Villa Montes oilfields.

JAPANESE DIE IN RAID BY CHINESE

Tokyo, May 21 (AP)—Eleven Japanese, including five schoolboys, were reported to have been killed when 100 Chinese irregulars raided a model Japanese settlement in Manchukuo.

The report, contained in a dispatch from Hsinking (Changchun) capital of Manchukuo, to Rensho (Japanese news agency), said the attack took place at Lake Chingpo, northeast of Tunhua in eastern Kirin province.

Troops were dispatched to the scene from Tunhua.

WILLIS J. ABBOT DIES

Brookline, Mass., May 21 (AP)—Willis J. Abbot, 71, contributing editor of the Christian Science Monitor and internationally known journalist, died at his home here.

At Least 36 New Faces Will Be Seen In Next Session, Check Shows

Only three incumbent members of the Oregon legislature who had filed for nominations were eliminated from membership in the 1935 sessions while another who had not filed was nominated by the write-in method, a survey by the Associated Press revealed.

State Senator W. P. Woodward, veteran Multnomah county member was eliminated in the republican primaries by Roy K. Terry. Should Senator Jay Upton be elected for congress from the second district his place would have to be filled in the upper house.

Edna Schneider, democratic leader in the house last year from Multnomah county, was eliminated in his race, while Arthur McPhillips, democrat from Yamhill county, likewise lost out in the primaries. Charles H. Shields of Linn county

Good Evening!

Sips for Supper

By DON UPJOHN

We suppose if the republican gubernatorial nominee gets in the people will be just so dummed for taxes they'll almost have to pay 'em.

And as another final election comment we rise to remark that while Martin Ferrey was fully capable of filling Judge Siegmund's chair it seems he couldn't get into his shoes.

Charley Miller made a confession to us yesterday. "I voted for Carle Abrams," said Miller. Which clears up one of the mysteries of the election. We'd wondered who the other guy voted here was besides Carle who argued that way.

The election turned out to be an Ivory Soap election. 99 9-10 pure, the Hollywood Itch looting out on every candidate but one, Charley Spaulding. And we suppose Charley couldn't help it if the Itch didn't scratch him from the ballot. All of which is to be considered as the most hopeful sign of the future just seen for the valley in quite a considerable time.

Water also seeks its own level and, inasmuch as Ducks ride the water, it's quite appropriate to see Portland back in the lowest pond again.

Re-arranging matters in Judge McMahan's courtroom the janitor's force up there grabbed the lawyers table and cut it up, making it three feet shorter. If this is a promise of three feet less of oratory the improvement will pay for itself in no time.

In addition it is planned to treat the windows in the courtroom. Architectural experts, could not looking the matter of window frosting up in the book discovered the best way to frost windows is to use a mixture made up of beer and Epsom salts. Justice should function just about right under the benign influence of violet rays filtered through a crust of beer and Epsom salts.

And Edna Allen has been re-elected mayor of Jefferson. O, well, the men like to be bossed by the women, anyway, no matter what they may say out loud about it.

The pictures of Joe Dunne going the rounds of the press show a jolly looking sort of a bird as a nominee-sort of reminds us of the way good old Friar Tuck in Ivanhoe would look, if you remember afore-said happy go lucky gentleman.

The Salem Senators would have looked mighty good yesterday if they'd been able to bat, if their pitcher hadn't blown up and if some of the fielding hadn't been what it was. But, anyway, it wasn't the regular team and when the team does blossom out in all of its full glory they'll be a different story to tell.

Larry Imah celebrated last week by having all his uppers out. We understand he and Doc Burdette plan to run against Earle Daise for the club presidency at next election.

SILVER MESSAGE DUE TOMORROW

Washington, May 21 (AP)—President Roosevelt's silver message will be transmitted to congress tomorrow, the White House announced today. It originally was scheduled to be sent today, but a few minor details remained to be clarified, it was explained.

The silver message will be the first of four special communications closing the administration's program for this session of congress.

"I guess I've run too much about Dillinger," Vernon Marshugh gasped when taken to Receiving hospital.

Police said after robbing E. W. Quay of \$18, Marshugh forced him to drive to an outlying district where he sought to escape. Quay drew a revolver from a hiding place in the car and fired five shots. One pierced the youth's back and another broke his leg.

Physicians said he had little chance to recover. The boy said he came here recently from El Paso, Texas.

BETTER TIMES IN FARMING REGIONS

Washington, May 21 (AP)—Better times in farming regions were indicated by reports of the farm credit administration and the department of agriculture today. The FCA said that the average price of farms sold by federal land banks in the first quarter of this year was \$19.64 compared with \$17.02 per acre last year. The agriculture department said that average land values March 1 were 36 per cent of pre-war averages compared with 23 per cent last year.

SEARING HEAT ROLLING AGAIN OVER MIDWEST

Drought and Grasshoppers Increase Crop Losses

Farmers Pray In Churches for Rain—Loss As High As 80 Percent

Chicago, May 21 (AP)—Searing heat rolled again today over western Prairies, taking a new toll of damage in the great drought area. Local showers were the only relief in sight.

Over a dozen states the sun rose with a threat of temperatures exceeding those of yesterday, when the mercury touched 94 in Omaha and Dubuque, 91 in Chicago and stayed above 90.

Dust added discomfort to the battle farmers are waging against baked fields and insect pests.

(By The Associated Press)

Drought, aided by grasshoppers and chinch bugs, spread further destruction through the grain belt today, increasing crop losses to as high as 80 percent in some sections.

Many farmers prayed yesterday in churches for rain. Some rains came, but they were too light to bring much benefit. More local showers were forecast. Even ideal weather, said agricultural experts, could not now afford any material relief in much of the midwest.

Nebraska farmers reported all crops in the central part of the state.

BROWN THANKS HIS SUPPORTERS

State Senator Sam H. Brown of Marion county, who was runner-up to Joe E. Dunne in the republican gubernatorial nomination, today issued the following statement:

"Unpledged and without money, standing on my legislative record of 18 years, I made a fight to see if as many citizens could ever attain the office of governor. I feel that my effort was not entirely in vain with the support that rallied to my banner.

"To those many thousands throughout the state I express my deepest gratitude. Ours, though a losing battle, was a clean fight for the common man."

Rufus C. Holman, third in the race for the republican gubernatorial nomination, today issued the following statement.

"I wish to thank those who supported my candidacy for the governorship in the hope that thereby the happiness and prosperity of the people could be promoted.

"Their steadfastness under a barrage of personal attacks upon me is deeply appreciated. I herewith pledge a continuance of my fidelity to the public welfare."

SHOT TRYING TO PLAY DILLINGER

Los Angeles, May 21 (AP)—A 16-year-old boy who "read too much Dillinger," was near death today from bullet wounds inflicted by the police as he tried to rob, according to police.

"I guess I've run too much about Dillinger," Vernon Marshugh gasped when taken to Receiving hospital.

Police said after robbing E. W. Quay of \$18, Marshugh forced him to drive to an outlying district where he sought to escape. Quay drew a revolver from a hiding place in the car and fired five shots. One pierced the youth's back and another broke his leg.

Physicians said he had little chance to recover. The boy said he came here recently from El Paso, Texas.

ALASKA FISHERMEN TO FACE STARVATION

Olympia, Wash., May 21 (AP)—The United States government will have to feed Alaska fisheries workers if the longshoremen's strike is not settled in a few days, L. R. Wingard of Juneau, Alaska, agent for the U. S. bureau of fisheries, told Governor Martin today.

Wingard flew to Seattle by plane to work for early settlement of the strike trying to fish and supply boat in Seattle and Alaskan waters.

"Practically the entire population of Alaska depends on the fish industry for a living. Their season is only about two weeks long and if the strike is not over or waned up within the next two weeks, fishermen and cannery workers will suffer their entire year's income," he said.

TEXAS YOUTH KILLED BRINCK

Hearlingen, Tex., May 21 (AP)—William Osborne, 16 year old Prentiss high school student, was charged with murder and bonded in the Hearlingen jail without bond at a preliminary hearing there today in connection with the slaying of J. M. "Jack" Brinck, former member of the U. S. Olympic rowing team.

The youth was arrested yesterday as he emerged from brush toward the highway near the scene of the slaying. He directed officers to a point in the brush where a weapon was hidden and produced \$70 which he told the sheriff he took from Brinck's wallet.

Sheriff's officers said Osborne confessed to the slaying. He told officers he asked Brinck for money before the fatal shot was fired, but his statement was discounted.

Osborne said he watched Brinck pay for gasoline at a filling station and asked him to take him to Edinburg. Brinck was slain on the way.

Osborne is a slender youth of slight build, the son of a dairy farmer. He plays a clarinet in the high school band.

MOONEY ISSUE IN CAMPAIGN

Los Angeles, May 21 (AP)—The controversial question of Tom Mooney's freedom from San Quentin prison entered the 1934 California gubernatorial campaign today when Upton Sinclair, author and candidate for the democratic nomination, announced his first act, if elected, will be the pardon of Mooney.

Sinclair made public a letter to President Franklin Roosevelt in which he requested that the president start an intensive advertising campaign to pardon Mooney. Sinclair pointed out that his election, if it came about, would not be for months.

Sinclair said he was taking no stand on the question of Mooney's guilt or innocence in the San Francisco Preparedness day bombing of 1916, but that "I know, and everybody else in California knows, that Mooney was convicted on perjured testimony." The judge and juror who convicted Mooney agree that testimony was perjured, the letter said.

Board Hears Salary Raises Explanation

Salary raises approved by the state liquor control board and rejected by the board of control were to be discussed this afternoon by members of the two bodies.

Chairman George McMorrison of the liquor commission, Attorney George Neuner and Administrator George Sammis arrived for a meeting this morning, but it was postponed until 2 o'clock. The liquor board recently increased Sammis' salary from \$400 to \$500 a month and gave lesser raises to eight other employees.

At a meeting this morning the board of control purchased a pump for the state game farm at Pendleton from the Fairbanks-Morse company for \$649. Contract for furnishing the University of Oregon \$34,000 shingles at \$6.00 per thousand.

ARRESTED FOR \$188,000 FRAUD

Los Angeles, May 21 (AP)—Federal authorities were searching today for Col. Dan Morgan Smith, vice president of Corvallis, Ltd., a poultry concern located at Riveria, and J. L. Russell, president of Corvallis Poultry Co., Ltd. of Corvallis, Ore., in connection with an alleged \$188,000 swindle.

Federal officials had warrants for the arrest of the men, charging use of the mails to defraud. The Rivera concern was said to have acted as the selling organization for the Oregon company.

Arrangements for bond in the sum of \$5,000 were made before United States Commissioner Lars R. Bergsvik here today in behalf of Joseph L. Russell, formerly of Corvallis, who is charged with an attempt to defraud the public. Russell was in custody of a United States postoffice inspector from California. His bond was furnished by a brother and sister, J. Mae Russell and Lawrence Russell of Corvallis.

Russell is one of five persons accused in an indictment returned by a federal grand jury in Los Angeles last February. In the indictment it is charged that the attempted fraud was to be perpetrated through two poultry corporations, to be known as Corvallis Limited and Corvallis Poultry Company, Ltd., the poultry plant to be in Corvallis and the head offices in Los Angeles.

Units were sold to the public, it is charged at \$1250 and \$1350 per unit.

DARROW SAYS NRA A FAILURE IN OPERATIONS

Socialism Held Only Way Out In Report Sent to President

Washington, May 21 (AP)—The national recovery review board in a three page statement today assailed the criticism on its report made by NRA officials, promised a second report before the end of the week and challenged NRA to answer that one.

The second report, the board headed by Clarence Darrow said, covered industries "in which conditions are even worse than in those that have severed Mr. Richberg's vision."

The reference was to Donald R. Richberg, general NRA counsel, who charged Darrow's unit with abuse of public confidence in having so conducted itself as to develop only evidence in support of slanders fixed views.

Washington, May 21 (AP)—President Roosevelt will permit the Darrow board investigating NRA monopolies to go out of existence upon completion of its present work, expected in a few days.

The president offered no comment today on the clash between the monopoly board headed by Clarence Darrow and the national recovery administration directed by Hugh E. Johnson.

The board, which had been asked by President Roosevelt to review the practices of the national recovery administration, stabbed at the heart of NRA's principles of

ADVERTISING WILL BOOST AIRMAIL USE

Washington, May 21 (AP)—The postoffice department is going to start an intensive advertising campaign to boost use of the airmail.

Marilee Branch, second assistant postmaster general, said today the drive would start May 24 with "water, newspaper publicity and oratory. The cost is to be limited to less than \$100,000."

STRIKERS AND POLICE STAGE PITCHED BATTLE MINNEAPOLIS MARKET

Minneapolis, May 21 (AP)—Riots broke out again early today in the market district and eight policemen and 10 strikers fell as 300 pickets and nearly 100 special policemen clashed over the movement of trucks.

Strikers were at the scene at dawn, as several produce firms began moving out trucks loaded with vegetables, berries, and other perishables. Police were already on hand. The majority of the strikers were armed with clubs, hats and poles. Many carried stones.

As two trucks started out, a mass of pickets stepped into the alleyway to block them.

Police clubs swung. The pickets surged into the fray, swinging clubs and stones. Half a dozen policemen slipped to the pavement, and as many pickets, their heads

COAST BRIDGE JOBS AGAIN DELAYED BY LACK OF FINANCES

Work Cannot Start Until Request for Further Funds Definitely Approved by PWA; State Lacks Money for Advances; Hockley Wires Needed Loan Will Be Forthcoming

NEW DEAL ON WATER SYSTEM

With exception of the Alsea Bay bridge at Waldport, on which construction is well under way and the first monthly estimate rendered for payment, there will be no work commenced on any of the other four coast highway bridges until all contracts have been finally approved in Washington and an additional allocation of PWA funds definitely made, it was announced here today by R. H. Baldock, state highway engineer.

"Increased material costs over the prices prevailing when the plans and estimates were prepared last September now make it apparent that we will require about \$400,000 additional from PWA to complete the bridges," Baldock said. "We have received tentative assurances from Washington that an additional grant and loan in the amount required will be forthcoming, but we cannot take the chance of incurring additional obligation for the state until we have the money."

"On these jobs as on other federal emergency relief work the state

BOMB INJURES POSTAL CLERK

Washington, May 21 (AP)—A bomb which inspectors say was destined for the Balkans exploded in the postoffice dead letter office today, shattering a clerk's hand and slightly injuring a negro messenger.

It was concealed in a hollowed-out book, and went off when the volume was opened by Myron L. Genung.

Genung was in too critical a condition after to tell what happened.

He specialized in improperly wrapped or addressed parcels addressed to foreign countries from Maryland, Delaware, West Virginia, Virginia, North Carolina and the District of Columbia.

W. H. Jackson, the messenger, cut by flying glass, from Genung's table top, said he was bending over another table when the explosion occurred. He looked up to see Genung, dazed, stumbling about with blood streaming from his hand.

BULGARIA NOW FASCIST STATE

Sofia, Bulgaria, May 21 (AP)—Confident of the success of their conversion of Bulgaria into a fascist state, cabinet ministers under Premier Kimon Gheorghiev today began formation of a new parliament along Italian lines, with political parties supplanted by guilds.

It was reported that the coup by which the new government seized power Saturday had been planned for six months, and that when soldiers took control Gheorghiev and the political and military men backing him were ready with a complete program of government.

As one of its first moves the government planned to form a parliament consisting of 75 non-parliamentary members to be named by the government, and others to be appointed by the guilds. The guilds will be formed like those of Italy and Austria, of elements making up various factions of the national life in industry, labor, commerce and the professions.

The government's foreign program was announced as one of peace and friendship—friendship particularly with Yugoslavia with the party.

"The first job we want to give the states in both parties (democrat and republican) is to file the largest number of petitions ever filed in the office of the secretary of state," former Governor Philip P. LaFollette, said. "If we can't get 50,000, there is no demand for the party."

The place on the ballot could be obtained by 10,000 signatures in 10 chosen counties, or by approximately 25,000 signatures in 10 counties selected at random, LaFollette said.

PROGRESSIVES TO FILE TICKET

Madison, Wis., May 21 (AP)—Petitions to place the new progressive party in a separate column on the 1934 election ballots were in circulation through Wisconsin today.

The progressives, after 46 years of existence as the LaFollette faction within republican ranks, decided at a state convention in Fond Du Lac Saturday to strike out independently as the progressive party.

"The first job we want to give the states in both parties (democrat and republican) is to file the largest number of petitions ever filed in the office of the secretary of state," former Governor Philip P. LaFollette, said. "If we can't get 50,000, there is no demand for the party."

The place on the ballot could be obtained by 10,000 signatures in 10 chosen counties, or by approximately 25,000 signatures in 10 counties selected at random, LaFollette said.

MIXED DRINK BOOKLET READY

An elaborate printed booklet Recipes for Mixed Drinks, is now in the press. Some idea of the scope of this publication may be had from the fact that it contains recipes for about 36 different cocktails, as well as numerous punches, hulps, flizzes and hints for special dishes.

Every person sending in his name and address, with a dime carefully wrapped, will receive this booklet postage prepaid. Address: Capital Journal Information Bureau, Frederick J. Haskin, Director, 21st and G streets, N. W., Washington, D. C.

The Capital Journal Information Bureau, Frederick J. Haskin, Director, Washington, D. C.

I enclose herewith Ten Cents in coin (it is really wrapped) for a copy of the booklet Recipes for Mixed Drinks.

PURCHASES UNION OF WALLA WALLA

Walla Walla, Wash., May 21 (AP)—Sale of the Walla Walla Union, morning newspaper, to John G. Kelly, publisher of the evening Walla Walla Bulletin, was announced today.

The sale was made in Spokane with the Cowles Publishing Co., as seller. It had owned the Union during the last three years of its 66-year existence.

Kelly announced that the production and business staffs of the two papers will be consolidated but the editorial staffs will continue entirely separate. One combined paper will be issued Sunday. E. W. Fisher will remain as editor of the Union and Frank G. Mitchell will be business manager of both papers, Kelly said.

PRESIDENT'S SILVER MESSAGE DELAYED

Washington, May 21 (AP)—Submission of President Roosevelt's silver message to congress was postponed today until tomorrow for a final checkup on details with treasury aides.

Mr. Roosevelt had ready a message endorsing the mandatory proposal to make silver a definite part of the metallic base for American currency.

VESSEL TIE-UP FOR MONTH ON COAST LIKELY

Violence Followed by Wholesale Arrests In 3 Industrial Centers

General Steel Strike Threatened — Deadlock In Dock Strike

Portland, May 21 (AP)—R. J. Baskett, spokesman of employes in the general longshoremen's strike negotiations at San Francisco, was today advised by Portland waterfront employes that they have agreed to four major points in the attempts to settle the waterfront strike.

The employes rejected the union's proposal that "closed shop" operation be established, and opposed assignment of workers by the union. They agreed to collective bargaining with representatives of the longshoremen and to arbitration on wages and hours.

Shipping men here generally believed the stand taken locally would be rejected by officials of the International Longshoremen's association at the San Francisco conference.

EDDY NOSED OUT BY WIMBERLY

(By The United Press)

With all counties complete and unofficial, it appeared today that Judge G. P. Skipworth, Judge James T. Brand and Carl E. Wimberly had been nominated on the non-partisan ticket for circuit judge of the second judicial district, comprising Benton, Coos, Curry, Douglas, Lane and Lincoln counties.

The vote for the six counties gave Skipworth 22,281, Brand 21,739, Wimberly 14,961, and Circuit Judge R. L. Eddy 14,950. Wimberly thus had only 31 more votes than Eddy.

The tabulation by counties follows:

County	Skipworth	Brand	Wimberly	Eddy
Benton	3418	3157	1677	329
Douglas	3873	3853	4026	2910
Coos	3990	5396	2818	2961
Lane	8599	7043	4874	4040
Lincoln	1819	1463	1137	1198
Curry	582	827	449	415

Total: 22281 21739 14961 14950

NORRIS POPULAR ELECTION BILL LOST

Washington, May 21 (AP)—The senate today rejected the Norris constitutional amendment providing for popular election of the president of the United States and abolition of the electoral college.

The vote was 42 for amendment to 24 against, a two-thirds majority being necessary for approval of a constitutional amendment.

Sen. George W. Norris, R., Neb., changed his vote from yes to no in order to move for reconsideration later.

STRIKERS AND POLICE STAGE PITCHED BATTLE MINNEAPOLIS MARKET

Minneapolis, May 21 (AP)—Riots broke out again early today in the market district and eight policemen and 10 strikers fell as 300 pickets and nearly 100 special policemen clashed over the movement of trucks.
