

SEEK REPEAL OF RESTAURANT MARKET CODE

Portland, June 21 (AP)—Dissension within the ranks of restaurant operators, particularly in Portland, over the provisions of the marketing agreement for the industry as established under the Oregon agricultural adjustment act adopted by the last legislature, became apparent here today as one group sought repeal of the rule.

Henry G. Kreis, attorney for the Oregon Retail Beverage Dispensers, Inc., said 875 restaurant operators in Portland have signed a petition asking Governor Meier to abrogate the agreement. The law provides the governor may do as much as 50 per cent of the industry's demand.

Those opposing the agreement insist it is unfair, unjust and unreasonable; that sufficient regulation from a sanitation, wage and welfare standpoint is afforded by existing state and city laws, and that "the latitude given the board is such that no one with ordinary good business judgment would endorse it."

On the other hand, Grover Rebenitch, managing director of the code agreement declared that opposition to the code is coming only from representatives of "beer joints" to whom the dispensing of food is a secondary matter, and that restaurants which serve beer only as a complement to their food dispensing business have endorsed the agreement.

Rebenitch said the principal provisions in the agreement are: the restaurant board shall formulate and prescribe with the approval of the secretary, minimum standards of cleanliness and sanitation; no restaurateur shall serve food or beverages at a price less than twice the actual cost to him; no item shall be advertised at a price less than twice the actual cost to the restaurateur; no item of food or portion thereof previously served to another person shall be served again; no restaurateur shall use advertising which is inaccurate in any material particular.

Edison Ireland, Portland, is chairman of the board; C. A. Reibel, Grants Pass, is vice chairman; F. A. Brown, Salem, is secretary, and Frank Winters, Portland, is treasurer.

Transfer of full management and authority of the Western Loan & Building company, of Salt Lake City, to the shareholders was expected to be made about July 1, the state corporation department announced here today, following authority for such action by the Multnomah circuit court yesterday.

The company, capitalized at \$15,000,000, operated in eight western states, and Oregon's total of assets amounted to about \$750,000. The company went into the hands of the state department several months ago.

Charles H. Carey, corporation commissioner, declared the organization of the transfer will be in unison with the action taken in several other states, including California and Utah. The authority to make the transfer provides further that the final report must receive the approval of the court.

In order to accomplish the transfer, the value of the shares has been written down to 60 per cent to conform to the value of the assets of the association by a uniform appraisal in the eight states," Carey said.

These women were lost and a fourth snatched from the churning waters, died soon afterward from her injuries.

Another lifeboat, also carrying 20 women, was being lowered when the gear broke and the occupants were flung into the sea.

The young officer, diving boldly from the third deck of the steamer, swam to the rescue of the women, encouraging them and supporting the weakest until a boat came to his aid.

But for his heroism, the survivors of the wreck said, the death toll would have mounted much higher. His name was not made known.

WESTERN LOAN TO BE TURNED OVER

Transfer of full management and authority of the Western Loan & Building company, of Salt Lake City, to the shareholders was expected to be made about July 1, the state corporation department announced here today, following authority for such action by the Multnomah circuit court yesterday.

The company, capitalized at \$15,000,000, operated in eight western states, and Oregon's total of assets amounted to about \$750,000. The company went into the hands of the state department several months ago.

Charles H. Carey, corporation commissioner, declared the organization of the transfer will be in unison with the action taken in several other states, including California and Utah. The authority to make the transfer provides further that the final report must receive the approval of the court.

In order to accomplish the transfer, the value of the shares has been written down to 60 per cent to conform to the value of the assets of the association by a uniform appraisal in the eight states," Carey said.

LIBERTY PARTY PLANS CONVENTION

The convention of the Independents called for Salem next Monday, will be followed by another assembly at Medford the latter part of the week to nominate H. E. Wirth, Portland insurance broker, as standard bearer for the Liberal party. Wirth made this announcement here this afternoon.

Wirth, who announced himself as a candidate even before the primary election declared his platform would be announced in detail at the Medford meeting. Nomination by 100 qualified voters is necessary to assure placing of the name on the ballot.

Wirth's program will include retirement of all at age of 60 years with a pension ranging from \$75 to \$100 a month; reduce income taxes and eliminate tax levies for improvements; provide employment for all persons under 60 at minimum of \$30 a week; furnish industry money at 4 per cent rate; and taking advantage of all federal aid.

GUILTY CONSCIENCE OVERCOMES THIEF

Roseburg, Ore., June 21 (AP)—Declaring that he was troubled by a guilty conscience, Lawrence Allen Poole, 22, surrendered himself to the state police at Myrtle Creek today, stating that he is wanted in Portland for a number of minor burglaries. Poole stated that he had been unable to sleep as the result of a troubled conscience since robbing several Portland homes. A pearl handled revolver of small calibre with which he was armed was taken from under the pillow of a sleeping woman during the course of one of his burglaries, he told the officers. The Portland authorities have been notified that Poole is in custody.

TEACHERS ARE BACK

Silverton—Among the teachers and friends returning to Silverton Monday, on their way to various schools for summer work were Miss Janice Dunivan, her sister, Miss Dorthea Dunivan and Miss Gwegeth Dike of Mill City, Miss Lucile Henkle, Miss Ruth Lawrence, Miss Katherine Slawson and Miss Marie Kiev.

LEAVE FOR VACATION

Silverton—Mr. and Mrs. J. S. Starr plan to drive to Portland this evening, accompanied by their son, S. W. Starr of Salem, from where they will go by train to Ontario, Ore., where they will spend two weeks of their summer vacation at the homes of their sons, Rescoe and Walter Starr.

Mt. Angel—Among the Mt. Angel folk vacationing at Rockaway beach for a few days included Mr. and Mrs. William J. Kloft, Mr. and Mrs. Otto Wellman and family and Mr. and Mrs. Lawrence Butch and daughter Rosemarie of Oakland, Calif.

Large Pack Expected By Canneries Despite Quota Curtailment

While definite figures are not available, a sort of bird's-eye picture can be had of the main fruit pack in canneries here for the part of the season now just finishing. While Elterberg strawberries, one time a heavy pack, were down probably not to exceed 500 cases this year, nevertheless, considering depressed conditions of the country it was not a bad fruit pack as a whole. It has been noticeable that costlier items have not met sale response, but in an item like fresh prunes where the most to the consumer is not high there is every indication that a very large pack will be put up this year and with plenty of the fruit available in this section where last year there was a short crop canners are figuring on that very thing, although no price has been set.

In the canned cherry pack of Royal Annes, while the crop was off virtually 50 per cent, the canned pack came near 60 or 70 per cent of last year and last year a large pack was put up. The brine pack was probably only about one-third of last year.

In loganberries a little heavier pack was put up than last year but considerably below the average for those berries.

While in the balled strawberry line 25 per cent of the berries were probably left unused because of the curtailment program, the total barrel pack is estimated at slightly over last year.

Gooseberries started off the season. They are a small item but what gooseberries available were packed and probably showed about an average quantity.

The raspberry canned pack was about normal. Red raspberries are a small item here and the pack of those is not yet completed. Black raspberries which appeared about normal crop, are cutting a little below the expectations but very nearly a normal pack is being put up.

The mountain or cultivated blackberries are being put into the large pack ever made of those berries here and in the main they are going into barrels to be used later for fruit products, although a pretty fair pack of them is going into the barrels for pies and similar purposes.

The Lambert cherry pack now in progress will be about normal for canned production and the quality is very fine.

Another big pack expected is that of pears the coming fall. These will be pretty well under control, it is understood, but nevertheless from what canners say now the pack will be very large.

YOUNG OFFICER HERO OF WRECK

Stavanger, Norway, June 21 (AP)—A young officer was singled out for the hero of the wreck of the Nazi excursion steamer Dresden, in which four women died and many passengers were injured.

The steamer, carrying 1,000 German Nazis on a holiday jaunt, was knifed by a rock last night in the shallow Hardanger fjord. The Dresden, 14,000-ton ship of the North German Lloyd line, sank at 7 a. m. today with only part of her bow showing above water.

Captain Moller, all of the ship's officers, and a Norwegian pilot remained aboard the stricken Dresden until 3 a. m., at which time the ship had a 20 degree list and six feet of water in the holds. She was anchored to the shore with heavy chains before she went down, so there is hope that she can be salvaged.

In the wild panic that ensued, 20 women were lowered to the water in a lifeboat; it drifted too close to the whirling propellers and capsized.

These women were lost and a fourth snatched from the churning waters, died soon afterward from her injuries.

Another lifeboat, also carrying 20 women, was being lowered when the gear broke and the occupants were flung into the sea.

The young officer, diving boldly from the third deck of the steamer, swam to the rescue of the women, encouraging them and supporting the weakest until a boat came to his aid.

But for his heroism, the survivors of the wreck said, the death toll would have mounted much higher. His name was not made known.

LAKE SEARCHED FOR 3 YOUTHS

Chicago, June 21 (AP)—Four coast guard cutters and a fleet of private craft searched Lake Michigan unavailingly today for two boys and a girl swept offshore in two small boats by storm winds.

The storm brought death to one man at Monroe, Wis., and demolished small buildings throughout northern Illinois and southern Wisconsin.

Missing on the sparkling and almost waveless lake after a night of fury were Miss Ruth Hatch, 25, Roy Gustafson, 24, and Richard Ludlow, 19.

Miss Hatch and Gustafson had not been seen since they embarked for an all-day sail at 10 a. m. yesterday in the yacht "The Dingley." The Vivian Ludlow presumably was blown from a rowboat during the first squall of the gale.

His companion in the boat, Jack Hughes, 23, reported the wind struck the small shell with such force that an oar was wrested from his hands. He leaped into the water to retrieve it. When he regained the boat a moment later Ludlow had disappeared.

Unable to climb into the wildly pitching craft, Hughes swam the short distance to shore.

The 60-mile and hour wind, severing electric power and communications lines and causing heavy property damage in Milwaukee, Chicago and several other cities, caused the death of Joseph S. Ohl, 62, when a tree fell on his automobile in Monroe, Wis.

Rain which accompanied the gale brought temporary relief from a heat wave which sent the mercury yesterday to 103 in Kenosha, Wis. 102 in Kansas City and 100 at Peoria.

S.P.O.L. REDUCES ITS BOND SALE REQUEST

Considerable division of opinion was shown at last night's meeting of the Salem Public Ownership league. Some effort was made to get the league to rescind its recommendation to the city council Monday night that \$950,000 be paid for the Salem water plant, but this move was not successful.

The league reduced from \$1,600,000 to \$500,000 the amount of bonds it recommends that the city council sell immediately, and it would have the proceeds used for pipeline construction from the Little North Fork.

To investigate the cost of replacing the existing distribution system a special committee was appointed comprising R. D. Cooper, chairman, W. H. Henderson and John W. Cunningham.

JOURNAL IS MISSED

Silverton—Silverton friends have received word from Mr. and Mrs. Clarence Reed, their two children, Clarine and Donald, and Mrs. Reed's sister, Miss Esther Hawkins of Toledo, who are making a three weeks' tour of California. They stated that their only inconvenience so far was in not receiving the Capital Journal until it was two days old. They have visited the Robert Barr family at Chico, and have been with relatives in Bakersfield and Sacramento. They will go as far south as Los Angeles to be with relatives and friends visiting places of interest enroute, Reed is an employe of the Silverton postoffice.

AIR CORPS TO PROVE ABILITY IN LONG FLIGHT

Washington, June 21 (AP)—Smiling under criticism heaped on it while it flew the air mail, the army air corps is planning a spectacular massed flight from Washington to Nome, Alaska "to prove its flying ability." It was revealed today.

Detailed plans have not been drawn up but the flight will have three primary objectives:

1. To demonstrate massed flying abilities of army air corps pilots who had only a modicum of success in flying the air mail.
2. Good will promotion between the United States and Canada.
3. A thorough testing of the efficiency of the 12 Martin bombers to be flown.

It is understood 40 pilots, air corps officers and men will participate in the flight.

Brig. Gen. Oscar Westover, assistant chief of the air corps, has suggested to lead the flight but it has not been definitely decided whether he will do so.

The exact itinerary remains to be worked out. The tentative plans call for one or two stops in Canada and the United States department is consulting the Canadian government for landing authorization and cooperation.

When Postmaster General James A. Farley cancelled commercial air mail contracts last winter and the army was delegated to fly the mails it met with numerous disasters.

Charges and counter-charges flew thick and fast. Commercial and industrial leaders, congressmen, senators and persons high in public life, denounced Farley, charging the army wasn't properly equipped to carry the mails.

The air corps itself was not pleased with its demonstration and a few outspoken officials flatly declared corps equipment was antiquated. It also was pointed out that some army aviators were not trained sufficiently for night flying—a necessary requirement in air mail flying.

BOOK ON SUICIDE IS GIFT FROM HUSBAND

Chicago, June 21 (AP)—Mrs. Ruthie Riddiford Powner testified in superior court that one of the few presents from her husband, Charles, not purchased with her own money was a book entitled "Two Hundred and One Ways to Commit Suicide."

The book, she said, before a jury in Judge Rudolph Desort's court yesterday, was a birthday gift from her husband, head of a publishing company whom she is suing for divorce on charges of cruelty.

Powner denied the charges and said she was willing to go back to his wife.

MARSHFIELD HOST TO EAGLES LODGE

Marshfield, Ore., June 21 (AP)—Hundreds of members of the Eagles lodge from the 26 aeries in Oregon were registering today for their annual convention which opened in Marshfield this morning.

The address of welcome was given at the initial meeting at 10 a. m. by Mayor A. B. Peacock, and was responded to by Joe Dunne, republican candidate for governor, D. D. Hall of Portland, state president of the Eagles, presided at the meetings.

Boat trips over the bar and the huge salmon harvest at Mussel Reef were the principal entertainment features scheduled for today. Officers are to be elected Friday. The parade and competitive drills also are to be held on that day.

It is estimated that approximately 1500 delegates and visitors will be registered by this evening.

SOCIETY

and friends. He was assisted by Dr. D. H. Leech of Salem.

He gave a recital of piano music played by Raymond Brunkow of Portland, a cousin of the groom, was followed by a vocal solo, "Love Never Falteth," sung by Linden Laumer of Albany, who was also accompanied by Mr. Brunkow. Lo-hengrin's march, also played by Mr. Brunkow, was used as the processional, and Mendelssohn's as the recessional.

The bride was beautiful in her dress of white satin, floor length with slight train, with close fitting bodice and high cowl neck, ornamented by a row of small white buttons down the back. Her full length veil was caught by a wreath of orange blossoms. She carried a shower bouquet of Cecil Brunner roses and white sweet peas.

Olivia de Vries as bride's maid wore pink silk net, also floor length, with cascaded skirt. Her arm bouquet was of white roses and pink carnations.

The groom was attended by Valmer Klampe, brother of the bride. Paul Silke, Dan Blischoff of Portland and Arthur de Vries were ushers.

Following the ceremony, a reception was held in the church parlors. Bernhard Danzig, Florio Pugh, Phyllis Leedy, Naomi and Erna Hornschuch, Louise Tontz, and Eva Dow served, assisted by Mrs. Harold de Vries and Grace Klampe. Irene de Vries, Beulah Gerig, and Mrs. Lottie Smith assisted about the room, which was beautifully decorated with streamers, baskets of flowers, and tapers.

The young couple left following the reception on a short honeymoon trip. Upon their return they will reside in their new home at Pratum, where the groom is engaged in farming. For her going away costume, Mrs. de Vries wore a sandy beige suit with brown accessories.

Mrs. F. W. Poorman entertained informally for Miss Marjorie Christenson, popular bride-elect, and a few of her intimate friends Thursday afternoon with a prettily appointed garden tea.

Miss Margaret Wagner motored to McMinnville Wednesday to be the guest of Miss Margaret Compton. Today Miss Compton and her guest went to Portland to be the guests of friends there.

Miss Grace Eaton of Denver, Colo., formerly of Salem, is the houseguest of Mrs. Hugh Bower. Several informal affairs are being arranged for her pleasure.

DEGREES GIVEN LOCAL YOUTHS

University of Oregon—Sixteen University of Oregon students from Marion county, 13 of whom are from Salem received their degrees at the 57th annual commencement of the university this June. Frank Bane, A. B., director of the American Public Welfare association, Chicago, was principal speaker, on the subject, "Changing Government in a Changing World." Other speakers were Burt Brown Barker, vice-president of the university; Willard L. Marks, chairman, state board of higher education; William Jasper Kerr, chancellor, state system of higher education; and Clarence Valentine Boyer, president of the graduates.

The graduates from Salem were: Gladys C. Backe, Kimball Page, Marjorie Marcus, Mark V. Shoemaker, and Robert M. Needham, all recipients of the degree of Bachelor of Arts.

Edwin D. Cross, Bachelor of Business Administration, and Elva S. Nissen, Eunice Mae Smith, and B. A. Vose, and Edith Clement, Bachelor of Science.

Two Doctor of Medicine degrees were awarded to Joe Brady Davis, and F. Howard Kurtz, and a Master of Arts with honors, to Paul Warren Ellis. Mr. Ellis received his B. A. degree at Willamette, and at the university majored in economics. His honor thesis was on the subject, "Assumption of Economic Motives, Relating to Collectivism, in British and American Works on Economics."

Needham was recently awarded one of the five special service scholarships in the school of retailing of New York university, New York, and will soon leave to attend the university and also to work part time in various New York department stores.

Eleanor J. Ballantyne of Silverton, received her B. A. degree, and Kenneth R. Ashbury of Woodburn, a B. S.; Troy L. McGraw of the same city was awarded the degree of Master of Arts, on his thesis, "A Plan of Adult Education Based on the Philosophy of Advanced Thinkers."

GERSHKOVITCH TO CONDUCT ORCHESTRA

Plans for the financing of the 1934-35 concert season of the Salem Philharmonic Symphony orchestra will be pressed in the near future, those in charge of the task stated today. Although the board of directors of the orchestra re-elected Jacques Gershkovich of Portland as conductor for the coming season, the contract was not signed until late Wednesday following a conference of board members and Gershkovich.

It is expected the orchestra will be considerably augmented in numbers while the list of subscribers will be enlarged. John Heltzel is chairman of the finance committee.

According to present plans three concerts will be given during the coming season, with practice starting about Oct. 1. Director Gershkovich plans to introduce lighter popular selections for the first concert.

Bethel-Lester Fisher and his aunt, Mrs. George Bahnsen motored to Walla Walla recently. They were in that part of the country through the big sand storm but left there just missing the storm and rain that ruined the fruit crop.

OREGON DEBTS \$210,000,000

Gross warrant and bonded indebtedness of local, county and state units will total approximately \$200,000,000 to \$210,000,000 as of July 1, 1934, estimates at the state treasury department showed today.

This total represents a per capita debt for Oregonians slightly in excess of \$200.

The net debt, deducting sinking funds and cash, will total about \$175,000,000 to \$180,000,000.

The position of the state will reflect steady improvement, Deputy Treasurer Fred Paulus said.

On October 1, 1926, the state's outstanding debt was \$61,500,000. Today it totaled \$53,101,010, or a drop of approximately \$8,500,000 in eight years.

The treasury today mailed blanks to county treasurers and financial officers of all civil subdivisions of the state, asking them to list bonded and warranted indebtedness. This information will be incorporated by the state treasurer in his report to the legislature.

A Siamese brass idol was sold in London recently for \$225.
