

### CAMP 18 LIVE PLACE AS MEN START LOGGING

Silverton—Work and social activities of Camp No. 18 of the Silver Falls Timber company have resumed a portion of their usual early summer routine since the over-the-Fourth holiday. The several hundreds of folk that visit at camp and make their summer home in that vicinity compose a live group who gain much in the mountain surroundings in a love of the big outdoors as well as a livelihood from the logging operations and the harvest of wild blackberries and huckleberries.

Camp No. 18 started operations again Monday of this week with one side and a reduced crew. A few workmen had come in a week previous making preparations for the beginning of this week's schedule. That plans are to begin another side with the skidder in a little less than a month is received as good news to the workmen.

Cloretta Baller of Silverton was a guest of her sister, Mrs. Walter Larson at camp this week.

Mrs. Vincent Neal was a visitor with her husband and the Bret Neal family for several days since Tuesday.

The George Lambs have moved into the Everett Cramer house and plan to reside there until the beginning of the Silverton schools, when their daughter-in-law, Mrs. Harold Lamb, and daughters, Margaret and Harolaine, when the George Lambs will move into the Harold Lamb home and be with him during the fall and early winter.

Miss Helen Lamb visited her parents, Mr. and Mrs. George Lamb, a number of days during the week.

Mr. and Mrs. Everett Cramer are making their residence in Silverton for a few weeks while Cramer is engineer from the town end of the camp railway line. They plan to be back in camp as soon as the skidder is again started.

Mrs. Bernice Gaffey is entertaining her small niece, Colleen Holman, at their camp home during the week.

The Ole Johnsons have traded their country property for a home in Silverton and Mrs. Johnson is attending to the moving into the new home. She plans to return to camp Sunday evening.

The Meyers did not resume his work at camp as a faller until Wednesday, being detained by his bringing a lawsuit for the collection of rent on his Portland property. He was a guest of Silverton friends as he returned.

James Francis is in Silverton undergoing treatments for an injured knee sustained ten days ago while at work. His daughter, Miss Betty Francis, is with her father, and Mrs. Francis remained at camp with their son, Billy.

Huckleberries are now ripening. The red variety are plentiful and of excellent quality. Pickers searching for the blue or black type report them very scarce. In the damp and shady places, quite a supply of wild blackberries are still being picked.

Miss Bunny Storie is in camp for a few weeks keeping house for her father, Henry Storie.

Mrs. Lawrence Cook and her small son, Maurice, and Mrs. Bernice Gaffey and her niece, Colleen Holman, came to town, Friday. They all plan to return to camp with the crew, Sunday evening.

There is only one train daily to Silverton from camp at the present schedule.
