White for \$375 to cover \$919.77 balance on loan; Hubbard bank to compromise loan of J. S. Fisher by accepting \$203 to cover balance of \$33.26 and Aurora bank to compromise loan of J. S. Fisher by accepting \$350 to cover balance of \$576.45.

Windshield swipes, repairs, parts and service. E. H. Burrell, 464 North Liberty. 254.

The necessity of oiling the Silver creek falls loop to hold tourist attention and interest and avoid the heavy dust of the summer season was brought before the Kiwanis board Tuesday night by Dr. D. B. Hill. By resolution the club voted to bring the matter before the state highway department with the cooperation of the Marion county court and also to solicit the support of other service clubs and civic organizations. Harry Collins, chairman of the public affairs committee of the club, was named by Howard Hulse, president, to draft the resolution.

New models Philco Auto Radios. Close out prices. E. H. Burrell, 464 North Liberty. 254.

Extension of the mail delivery system which has been in force on rural routes for a number of years to short class matter to business concerns and individuals may direct third class matter merely to box holders has been placed in effect by the postoffice department, according to information received here by Postmaster Henry Crawford. All that is necessary to secure delivery of short class matter to city residents is for the person sending this type of mail to designate the district or the routes to be covered. The firms or individuals taking advantage of the new plan, must have a permit or use precancelled stamps and must provide third class matter in quantities of 200 or more pieces of identical matter. The charge for the new service is a cent for each two ounces when the sender has a permit or uses precancelled stamps or a cent and a half if handled through the regular channels.

Boots orch. Mellow Moon Wed. 253. Mr. and Mrs. John Farrar who have been on a trip through the Panama canal by way of New York were expected to land in San Pedro, Saturday, on the S. S. Garfield, according to Mrs. Abbie Farrar. Mr. Farrar's mother. They expected to visit a brother in Los Angeles, then spend two days in San Francisco with an uncle and after a short visit in Sacramento leave for Salem, expecting to reach here next Sunday or Monday.

Thursday, October 25, Congressman Charles H. Martin, democratic candidate for governor, will visit Canby, Molalla and at 3:30 p. m. will arrive in Silverton for a visit before going on to Salem. In Salem he will attend a banquet of the Young Democratic league and a rally at 8 p. m. at the armory.

Funeral services for Walter R. Bush, local musician and watchmaker who died at his residence on South Commercial street last Saturday night, were held from the Clough-Barrick company chapel Tuesday afternoon. The Salem Cherian band of which the deceased was a member for a number of years, provided music during the services. Pallbearers were Andy Anderson, W. H. Mills, Harry Mills, Charley Pabst, Mark Renny and Ralph Burroughs.

The Sisterhood class of the First Christian church will meet Thursday afternoon at 2:30 o'clock in the church parlors. Members and friends are cordially invited.

'BABY FACE' ONLY GANGSTER LEFT AFTER ROUNDUP

Washington, Oct. 23 (AP)—Killing of Charles "Pretty Boy" Floyd today added another name to the fast growing list of "public enemies" who are charged with plundering and kidnaping have been closed forever by federal agents and co-operating local agencies.

The only criminal for whom a federal reward is outstanding is Lester M. Gillis, alias "Baby Face" Nelson. Dillinger gangster accused of slaying a federal agent. No federal reward was posted for Floyd.

Here is the record of some of the most notorious criminals who have been put out of the way:

Harvey Balley, Albert Bates and "Machine Gun" George Kelly—all sent to isolated life imprisonment in Alcatraz Island for the kidnaping of Charles Urschel in Oklahoma City, in July 1933.

Four members of the Touhy gang of Chicago imprisoned for 90 years each for the kidnaping of John "Jake the Barber" Factor in Chicago in July, 1933; another member of the gang, Willie Sharkey committed suicide.

Verne Sankey, Dakota outlaw and Boettcher kidnaper—hanged himself in jail at Sioux Falls, S. D.

Clyde Barrow, notorious southwestern bandit and killer—slain in Louisiana last spring by local officers.

Tommy Carroll, Dillinger gangster—killed by Waterloo, Ia., police June 1934.

John Dillinger—Trapped and slain by federal agents and East Chicago, Ind., officers in Chicago, July 20.

Homer Van Meter, another Dillinger henchman—Killed by St. Paul police in August.

Bruno Hauptmann, accused Lindbergh kidnaper—Seized in New York.

Richard Galatas, named by the justice department as one of the key men in arranging the Kansas City massacre—Captured by federal agents in New Orleans September 22.

Adam Richetti, lieutenant of Floyd and accused "trigger man" in the massacre—Captured by Wellsville, O., police October 26.

In kidnaping alone, 74 persons have been convicted, two sentenced to death, 16 to life imprisonment and others given sentences totalling 1,188 years.

In kidnaping alone, 74 persons have been convicted, two sentenced to death, 16 to life imprisonment and others given sentences totalling 1,188 years.

Be certain your ideas are on paper and in the hands of the Contest Editor at the Capital Journal before 5 o'clock Thursday afternoon. Think of all the things you can do with your originality in house planning. Then send in your suggestions.

Conditions were favorable for the 3,197 mile flight. Sir Charles is in perfect condition and the wireless had been thoroughly tested.

The airman appeared greatly interested when he heard of the record flight of C. W. A. Scott and T. Campbell Black to Australia in the Melbourne race.

"It is a stout showing on Scott's part," said Kingsford-Smith. "I am glad to see it. I have a shade more horse power and could probably have bettered his time, but I was handicapped by the petrol loading they allowed me. I was disgruntled at the load the Comet was allowed to carry. The Comet was built to get off the ground fast but reports stated it was very slow. I myself get off very fast with a big load of petrol."

Registered republican voters totalled 291,367, or a loss of 28,473 since the 1932 election.

Democrats eligible to vote numbered 123,717, or a gain of 28,251 during the past two years.

All other registrations, prohibitionists, socialists, and progressives, totalled 10,405 compared to 11,840 in 1932.

Republicans registered for the general election have increased 3,860 from the primary, while corresponding democratic gains total 16,213.

County registration received today listing democrats and republicans respectively, follow: Grant, 653, 2439; Polk, 3377, 4907; Wasco, 1848, 4388.

Under the ownership and management of Douglas Jaquith, graduate in music and long a salesman and dealer in music and musical instruments, the Jaquith Music company opened for business yesterday at 214 North High street.

Mr. Jaquith came here from Brookings, S. Dak. He is a graduate of the University of South Dakota, and after his graduation continued his studies there as a major in music. He has been a music teacher and band director, and has his living for a number of years solely by playing. In 1926, as director of the organization, he took the University Players on a tour of Europe. This company, comprising men from the Universities of Nebraska, South Dakota, Minnesota and Wisconsin, played in all the main European countries. As a teacher he taught instrumentation for four years. He was with the Gonn party a number of years as salesman on the road, in the factory and in other capacities.

Employed with Mr. Jaquith is his brother-in-law, Raymond Roach, who came with him from South Dakota three weeks ago. A little later he expects to bring here James Elwood from Elkhart, Ind., a factory trained expert who will have charge of a department for the repairing of band instruments. This department, new to Salem, will be featured. Until the arrival of Mr. Elwood, Mr. Jaquith will take care of that work.

The store will deal in all musical lines, including pianos, radios, band and orchestra instruments, sheet music, etc.

The value of the Marion county housing program to Salem and the county will be presented the Rotary club Wednesday noon by Sheldon F. Sackett, general county chairman, and Irl McSherry, member of the speaking committee.

Storm warnings posted on coast. Portland, Ore., Oct. 23 (AP)—South-east storm warnings were posted at all Oregon and Washington coast stations today, warning of winds which were expected to attain gale force today and tonight.

The storm was to be accompanied by rains and in high levels of the northwest snow was following. The forecast, however, was for higher temperatures.

Wire communication systems wrecked by Sunday's gale had been largely repaired today although a fresh break occurred this morning in the telephone company's Tillamook lead and that region was again cut off from telephone connection with the rest of the state.

DUNNE TALKS ON BONNEVILLE TO KIWANIS

The greatest problem faced in Oregon today is that of readjustment with attention first directed to the unemployment situation, and development of the channel to its fullest capacity for industrialization, Joe Dunne, Portland, republican candidate for governor, declared in an address before the Kiwanis club Tuesday.

Ninety percent of the unemployed want to work and discord is stirred up by the remaining 10 percent who wave the red flag, jeering the government, he declared. He pledged himself as having nothing to do with socialism, communism or Sinclairism.

"We must first find an opportunity for men to help themselves to build character and faith and then find means for long time credit to develop industry which in turn will give these men employment," he declared. "Bonnieville must be developed for the benefit of the entire state and not controlled by any group, clan, clique or faction."

Dunne urged the development of the Bonneville project to its 500,000 horsepower, declaring that one industry is already in the market for 60,000 horsepower with present plans calling for a division of the 50,000 proposed horsepower between Oregon and Idaho.

"Unemployment is a national problem to be solved with state cooperation," the speaker continued. "Two plans are suggested, neither of which will prove successful. One is to borrow our way out of present difficulties and the other is to beg our way out. In either event the money must be paid back. Oregon now contributing around \$12,000,000 to the federal government, over \$8,000,000 in a processing tax (another name for a sales tax) and the other the gasoline tax. We might as well make up our minds now that whatever money is borrowed must be repaid."

Dunne questioned the purpose of a state bank, which he said would be controlled by Wall Street through the purchase of bonds. He also decided the state development of Bonneville power lines as the government stands ready to do so.

Sponsorship of the proposed Vernon section highway was that 27 miles of high grade iron ore might be reached. With sufficient power available, Oregon can be the greatest smelting state in the union, he asserted. In addition there are thousands of acres of aluminum ore bearing land, for which an eastern manufacturer is seeking power and two mountains of high grade black glass.

In closing, the speaker spoke of the necessity of stabilizing agriculture, declaring the department of agriculture is not proving satisfactory. He urged a change must be made in the interest of the farmer. He spoke against cutting wages, holding that a satisfactory wage must be paid. He also favored old age pensions and unemployment insurance.

While parked in Portland before starting for Salem, his machine was damaged by another car and a tire ruined. The vehicle was damaged near Canby and he was forced to borrow a car to continue his trip. Dunne speaks in Corvallis this evening.

Search halted for chancellor. Portland, Ore., Oct. 23 (AP)—Search for a chancellor to succeed Dr. William J. Kerr, has been dropped temporarily by the state board of higher education. It was learned at the monthly meeting of the board here Monday.

The committee, it was said, has let the matter drop until after the November 6 election when the fate of the 20-mill tax limitation amendment will be known. It was felt that should the measure pass it will be useless for the board to attempt to induce an educator of note to accept the position, if indeed the position will even continue to exist under the diminishing revenue.

Increased enrollment at the university, college and normal schools amounts to 20.2 per cent this year, the board was informed, and it was necessary to appropriate emergency funds to care for the increased outlay in the freshmen and sophomore divisions. The expenditures amounting to \$1382,117 for the college for the fall term, and \$365.84 for the university for the same period.

On motion of B. F. Irvine, the presidents of the university, college and normal schools prepared a resolution which will be submitted to the legislature, asking that that body direct the state to contribute \$508,900 in millage funds lopped off by the 1933 legislature.

An unique motorization device which is used to connect an electrical motor to a lathe or other machine shop apparatus and which was designed and built in the Salem high school shop has attracted the attention of the chief mechanical instructor of Sedden memorial college, Auckland, New Zealand, according to a letter received by T.
