PRUDERY IS BLAMED FOR SEX IGNORANCE

Albany—Judicious but frank discussion of sex problems is essential to education of youth. Dr. Fred Messing of Portland, executive secretary of the Oregon State Hygiene society told a large audience at the November meeting of the Parent Teacher association here.

Dr. Messing revealed to parents that there is far more need for such education in Albany than many realize. "And I am not basing my statement on gossip or rumor," he said, "I know what I am talking about, for many of your boys and girls come to me in Portland and sex advice, afraid to consult their parents."

Prudery was blamed by Dr. Messing for the ignorance to which he attributed in a large measure the existence of social diseases among children of high school age, at Albany as well as elsewhere in Oregon.
