

200 BALES OF HOPS MOVED IN WEEK

PRICES RANGE FROM 10 CENTS UPWARD TO 18

Nearly 2000 bales of hops changed hands the past week in the continued flurry of selling which has been keeping the market active.

Up to date the usual lineup of the crop has not been made as hop men have been very busy, but one well informed source put an estimate of 102,000 bales on the season's crop.

Various reasons are given for the buying flurry. One is that many sources are insisting on sales being made and one rumor was that growers are expected to clean up as far as possible by December 15.

Neither Yakima nor California have been affected by mild or mildew before and as a result when the invasion of pests came they were unprepared with spraying equipment.

Sales reported during the past week are as follows: To Liveney—C. C. Russell, 65 bales at 12 cents; Vance Howe, 46 bales at 12 cents; Eggman, 51 bales at 10 cents; Roy Hage, 5 bales at 10 cents; Hattberg, 12 bales at 10 cents; Roland Kuenz, 9 bales at 10 cents; Henry Lichty, 10 bales at 10 cents; K. Gregerson, 30 bales at 10 cents; Alvin Couch Brothers, 190 bales at 10 cents; Ray Glantz, 190 bales at 11 cents; Emil Schorer, 39 bales at 11 cents.

To Hughes—Ray Michel, 116 bales at 12 cents; Ben Eppus, 90 bales at 10 cents; Fred Miller, 84 bales at 12 cents; Mrs. Case, 60 bales at 10 cents; Troost, 70 bales at 10 cents; Ray Glantz, 190 bales at 11 cents; A. Krug, 62 bales at 10 cents.

EGG, BUTTER PRICES ABOUT STEADY HERE

Portland, Ore., Nov. 24 (AP)—A very weak tone continued at the market for eggs locally with the chief beefish factor consisting of storage stuff which is being pushed out at as rapid rate as possible.

Receipts continue to increase. Last week the shipment of turkeys for the approaching holiday has been made at the weekend. The usual controversy in the trade regarding the probable price that local buyers will pay is waging and all sorts of guesses naturally are shown.

There has been no change in the price from that ruling during the past few days insofar as the Portland market is concerned. Receipts are very liberal but shipping demand has cleaned up everything.

Local buyers have taken chiefly the short end of the No. 1 birds as well as the good 2's.

The immediate price on turkeys depends upon the volume of receipts during the next few days and especially a couple of days before Thanksgiving.

STEEL SHARES LEAD RECOVERY IN ALL STOCKS

New York, Nov. 24 (AP)—Cumulative evidence of a sharp pickup ahead in the steel industry was reflected today in steel shares which rose 1 to nearly 3 points and led the stock market into higher territory in fairly active trading.

On the assumption the U. S. Steel corporation would soon pay some accommodations on the preferred stock, traders bid up that issue to 62, a gain of 2 1/2 points.

The Dow-Jones Industrial average reached the best level since April 28. Other groups followed steel. Rails were strong at gains of fractions to more than a point.

Autobomb issues were well taken on outlook for substantial gains in the industry. A still better showing was made by the automobile equipment issues.

Oil received a bit of attention when it was learned that East Texas oil violators had been assessed more than \$100,000.

Tobacco shares continued to mount into new high ground on outlook for larger or extra dividends.

Copper shares did better than in recent sessions. Kennecott was the active leader in the group.

Chicago, Nov. 24 (AP)—Corn went soaring early today, and reached fresh top price records for the season, 2 cents up overnight.

Trade leaders said feed shortage was too great to be fully relieved either by substitution or importation.

LOWER RATE POWER PLANS GOING AHEAD

Warm Springs, Ga., Nov. 24 (AP)—Formulation of a broad front wide federal power policy based on cheap rates, as an orderly step toward social and economic recovery, was carried forward today by President Roosevelt.

The chief executive went to work in an address to a five-hour conference with a special committee headed by Frank E. McNinch, chairman of the federal power commission.

Legislative recommendations to the next congress were expected to result from the comprehensive study.

Presence of Dr. Rexford G. Tugwell, undersecretary of agriculture and a brain-truster at the conference gave rise to speculation that he was acting as the co-ordinating agent in reconciling various views.

In the discussion with the president beside McNinch and Tugwell, were Basil Manly, vice chairman of the power commission; David L. Bentley, a lawyer now expected to be secretary of the Little White House nearly a week ago.

Mr. Ohling was graduated from Willamette university in 1919 and immediately went into the insurance business. For four years he has been one of the directors of the Oregon Association of Insurance Agents and this year is its president.
