

### CAMPBELL WILL ATTEMPT SPEED FLIGHT RECORD

Daytona Beach, Fla. (AP) — Sir Malcolm Campbell monarch of the automobile speed realm, will arrive here sometime in January to try and break his own straight-away record of 272.108 miles per hour established in 1933 over Ocean Speedway.

The Britisher's 1935 endeavor to boost the world's land speed mark will be his fifth. Four times, beginning with 1928, Campbell has been successful in adding a few miles an hour to the slowly but surely climbing rate.

Over a quarter of a century ago, it was said, Sir Malcolm set his heart on being the first man to race over the ground at five miles a minute, and in this his supposedly final attempt, he hopes to achieve that rate of speed.

According to information, the 1935 edition of "Bluebird" will be the incorporation of observations gained in Campbell's four trials here. Chief among the changes is that she will roll on six wheels instead of the usual four.

In 1933, Sir Malcolm was sorely disappointed in the fact that he did not reach the 300 mark. It was pointed out that his failure was due to slippage of the driving wheels. So, in order to overcome this waste of power, the traction surface of "Bluebird V" will be double that which former creations boasted.

Too, the additional wheels will help stabilize the car, for with the forward motion impulse of the rear wheels doubled, the tendency to skid sideways will be reduced by half.

It is not known just how Sir Malcolm's latest vehicle will look. However, he stated to Henry McLenore, United Press correspondent, that it would be the ultimate in streamlining which will reduce as much as possible resistance of head winds and quartering winds. It is to be deduced from this that "Bluebird V" will be similar to its immediate predecessor.

FIVE O'CLOCK COCKTAIL GIN  
MADE ESPECIALLY FOR MIXING  
PRICED TO PLEASE YOUR PURSE

Five O'Clock Cocktail Gin is made from middle-run grain spirits in the world's largest, most modern distillery. It is priced low because volume permits economy.

rol and Downs, recent arrivals from Westhope, N. D. have rented the services station being built by Matt Spellman. They plan to complete the building at once and have gas and oil for customers within a few days. They plan to carry a small stock of groceries as well as repair service.

### FALSE MARKING DRIVE STARTED

New York, (AP)—A vigorous campaign is under way to protect the public from those who falsely mark gold and platinum jewelry.

The familiar stamps, "14 Karat" and "Platinum" are being used on impure metals so that purchasers who accept these quality marks at their face value are tricked into buying inferior substitutes. Six such cases are being prosecuted here by the district attorney and the department of markets, weights and measures, the active cooperation of the jewelers' vigilance committee and the Associate Jewelers association.

The public has implicit faith in these time-honored quality marks and accepts them without question.

A wedding ring stamped "14 Karat" is bought and cherished as a standard article. When a brass ring with a thin gold wash is stamped "14 Karat" and sold for the price of gold, a serious blow is struck at public confidence in the jewelry trade. Both state and federal laws fix a stiff penalty for the crime.

### Drainage District Landowners Gather

Hubbard — The Hubbard-Woodburn drainage group met and elected O. G. McCleary president of the district which covers 240 acres of land belonging to 38 landowners. The meeting was presided over by Paul Simons. George Grimps and Simons were elected as trustees. The land lies between the two towns and north of Hubbard.

Dever—Mr. and Mrs. D. F. Burge returned from a business trip to Yakima, Wash., Tuesday.
