

MAN ON TRAP SHAKES FISTS AT ACCUSERS

Smithland, Ky., April 19 (AP)—William De Boe went to his death on the scaffold here today after shouting "cold blooded murder" at the woman who accused him of assaulting her. He was the first white man to be hanged in Kentucky in a generation.

Nine times he shook his manacled hands at Mrs. Marjorie Johnson, wife of a storekeeper.

"Why don't you speak?" De Boe shouted at her. "Are you willing to stand there, say nothing and see me die!"

The 32-year-old wife of a storekeeper remained calm until De Boe in a final outburst cried out to the 1,500 spectators, about 50 of whom were inside the eight foot fence on the courthouse yard of this little western Kentucky town. The others pressed closely around points of vantage and peered over the enclosure at the nine foot gallows.

"If I had \$500 I wouldn't be on this scaffold, she would have taken it."

"Not if you had offered me \$1,000," the woman replied in a strident voice.

De Boe, 23-year-old Paducah, Ky., youth, convicted of attacking the woman while he and a companion were robbing her husband's store, spoke for 45 minutes before he calmly went to his death.

He shouted angrily at Randolph Johnson, the woman's husband, then he quieted down. The trap was sprung at 6:39 and he was pronounced dead 11 minutes later.

Eura Davenport, of Okemah, Okla., convicted with De Boe is serving a penitentiary sentence of 20 years for aiding in the attack, and 27 years for robbery.

PENSION BOOSTERS MEET AT MONMOUTH

Monmouth—A Townsend pension club meeting was held at the Legion hall Tuesday night with several speakers and a varied program which featured selections by an orchestra led by Director Kelly, 84 next June. A. Moore was master of ceremonies.

Speakers were Thomas Gentle, secretary of the club; E. M. DeLap, E. N. Gillam and R. B. Swenson. Rev. Rodney Britton, pastor of the Baptist church announced that on the evening of April 28 his church would have a Townsend advocate speak for 15 minutes after which he would preach an old age pension sermon. An invitation to attend the services was accepted.

Selections were given by the Oregon Normal school male quartet composed of Lewis Douglas, Leonard Gustafson, Frank Adams and Bruce Graham with John Montgomery at the piano. Two piano solos were given by Norman Reynolds, who also accompanied Douglas for two vocal numbers. Two violin solos were given by A. Whiteaker, accompanied by his wife. The orchestra came from Independence.

CLUB MEETS FRIDAY

Orchard Heights—At the monthly meeting of the Popcorn Community club Friday evening at the schoolhouse the P. E. P. Co., will give the evening's entertainment of musical, literary and comical numbers. There will be an illustrated lecture showing the modern trend in artificial illumination.

"CAT" DRIVER HURT

Lyons—Mrs. Arthur Vaughn received word that her brother, Willard Pruner, who was employed at Doris, Calif., as a Caterpillar driver had been badly hurt. The caterpillar upset with him and he received skull fractures, also his back was hurt.

Dever—At a meeting of the Morning Star Grange Pinochle club at the grange hall Tuesday night Mrs. L. W. Drager and Ben Severson won high score prizes. Refreshments were served at the close of the evening.

SUNNY LIVING starts at the table

How you feel and how you look depend largely on the foods you eat. The balanced menu provides the "bulk" to prevent common constipation—caused by lack of this essential fiber.

Common constipation frequently causes headaches, loss of appetite and energy. Yet, in most cases, it can be overcome pleasantly and safely by eating a delicious cereal.

Kellogg's ALL-BRAN is a natural food for normal individuals. It furnishes "bulk" in convenient and concentrated form. ALL-BRAN also provides vitamin B and iron.

Isn't this sunny way better than taking patent medicines? Two table-spoonfuls of ALL-BRAN daily are usually sufficient. Chronic cases, with each meal. If relief is not obtained, see your doctor.

Serve ALL-BRAN as a cereal, or use in cooking. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Library Square Portion Wanted by Pemberton as Woodburn Hospital Site

Woodburn—A special meeting of the Woodburn city council has been called for Tuesday night, April 23, at 7:30 o'clock at which time the public is invited to be present to discuss whether or not a portion of the library square park be sold to Dr. Paul Pemberton as a site for a \$10,000 hospital. This matter was brought up at the regular meeting Tuesday night with Dr. Pemberton making a tentative offer of \$1,000 for the property.

Members of the council do not wish to act until an expression is given as to the wishes of the people and for that reason have called the special meeting. Many people have objected to the sale of the park lots and it is hoped all those either for or against the proposition will make their wishes known to the council before any action is taken.

Dr. Pemberton stated that in the event he could not purchase the park lots his second choice would be a location at Second and Garfield streets on the property now occupied by Dr. Riley and his third choice would be the lots on which his own office is located at the corner of First and Hayes streets. In any event the hospital will be built.

The matter of the electric franchise was also discussed. The present franchise with the Portland General Electric company will expire May 9 and the company is anxious for its renewal and had presented a franchise ordinance which was not satisfactory to the council. It is felt that some revenue should be derived by taxation and City Attorney McCord was instructed to bring in another ordinance embodying this feature.

On motion it was ordered that the street light be changed to a single light of 150 watts at the top of the pole with a 20 inch globe and that the posts be painted green. There are about seven or eight lights to be changed in this manner.

The offer of Sarah Kenney of \$1,000 for the Settlemier property at the corner of Second and Garfield streets was accepted, she to pay the outstanding taxes. The property includes four lots and a residence which is occupied by Dr. Riley.

Water Superintendent Soule was authorized to begin work on the laying of new water mains of which there are 2800 feet to be laid. The city recorder was authorized to have the recorder's office, council room and hall calcimined.

REDUCING UNSAFE IF NOT CAREFUL

Reducing is a serious business and can lead to permanent illness or death, warned Dr. Frederick D. Stricker, state health officer.

"Don't prescribe for yourself," advised Dr. Stricker. "Above all don't take any anti-fat drugs no matter how extensively they may be exploited. Many of them contain dinitrophenol, which, when used indiscriminately as a reducing agent, is risky and unproven. Even in the hands of a physician the drug is not safe. A doctor recently died of an overdose."

Dr. Stricker said that most persons who cherish dreams of a slim figure are only a very few pounds overweight.

"Dinitrophenol is no plaything," he said. "It can and has killed persons who have unwisely employed it as a slenderizing agent. Avoid all anti-fat remedies. Don't touch them. If you need to reduce see your doctor about dietary restrictions."

Tumor Operation Patient Back Home

Omaha, April 19 (AP)—Billy Neville, 9, the Omaha boy from whose heart a tumor was removed March 8, went home yesterday from an Omaha hospital to a jubilant family.

Lyons—G. F. Johnston left Thursday for Lyle, Wash., where he will spend Easter with her son, G. Paul Johnston and family.

BUSINESS MEN ARE ORGANIZED

Mt. Angel—Thirty business men and professional men have organized to take care of problems too large for individuals to handle, and to further interests of the community. The group is known as the "Business Men's Club of Mt. Angel." The meeting was called to order by Edward B. Stolle, temporary chairman.

Officers elected were O. L. Withers of the Mt. Angel Lumber company, president; Paul F. Schwab of the Fred Schwab Commission company, vice-president, and W. Douglas Harris, local attorney, secretary-treasurer.

The second and fourth Monday of each month were chosen for regular meetings. These will be noon luncheons at the Mt. Angel hotel, called at 12 o'clock noon and adjourned at 1 o'clock sharp. A committee will be appointed at each meeting to sell meal tickets for the next meeting. The committee appointed to sell tickets for the first regular meeting to be held Monday, April 22, includes J. Forrest Sauvain and Paul F. Schwab.

A number of standing committees will be appointed before the next meeting when the members will be notified. The committees to be set up are, an organization committee, a by-laws committee, program committee, band committee, and a grievance committee which consists of three executives.

NATIONAL HEAD OF FFA TO COME HERE

Andrew Sundstrom, 19, Beresford, S. D., national president of 90,000 high school boys belonging to the Future Farmers of America, will be in Oregon April 29 to May 4, according to word received here by Earl R. Cooley, state supervisor of agricultural education.

Sundstrom will attend the state F.F.A. convention in Corvallis. Three hundred Future Farmers from all parts of Oregon will be present.

Accompanying Sundstrom will be Dr. W. A. Ross, Washington, D. C., national executive secretary of the boys' organization. Besides attending the convention, they will speak to civic organizations in Portland, Salem, Albany and Corvallis, and appear before high school student bodies. Four years ago Kenneth Pettibone, Corvallis, was F.F.A. national president.

Drought Colony To Establish In Alaska

San Francisco, April 19 (AP)—Selected from among single transient men in CCC camps, 125 men were mobilized at a concentration camp in San Francisco bay area today preparatory to sailing for Alaska to initiate a colonization project in the fruitful Matanuska valley.

They are the vanguard of a force of 400 men being sent northward by the federal government to clear an 8,000-acre tract on which families from the drought areas will be given permanent homes.

IDEALS REFORMED BY CAMPS OF CCC

"The CCC camps have re-established the ideals, courage, patriotism and the spirit of 'I can lick the world' in more than half a million young Americans," said Lynn F. Cronemiller, Oregon state forester.

Cronemiller said the CCC organization and continuation was the most popular of Franklin D. Roosevelt's recovery experiments.

"It is the man-building side of the CCC that is the fundamental objective of the program," he said. "I have seen the sheer despair and

There is no need for a lot of whangdoodle talk about cigarettes — just plain common-sense

When you stop to think about your cigarette—what it means to you—here's about the way you look at it—Smoking a cigarette gives a lot of pleasure—it always has.

People have been smoking and enjoying tobacco in some form or another for over 400 years.

Of course you want a cigarette to be made right. And naturally you want it to be mild. Yet you want it to have the right taste—and plenty of it.

In other words—you want it to Satisfy.

Scientific methods and ripe mild tobaccos make Chesterfield a milder and better-tasting cigarette. We believe you will enjoy them.
