CHANGE IN WATER SYSTEM ORDERED

Turner—At the regular meeting of the city council it was ordered by vote that the present arrangement whereby the water piped from the spring and led directly into the reservoir be changed back to the original manner, bringing in the pipe line below the reservoir and directly into the main leading to Turner.

New pipe was laid last year between the spring and the reservoir and the hope was that the new line would carry sufficient water to keep the reservoir filled, which it has failed to do. It is now thought that by lowering the line sufficient fall will be obtained to draw more water from the head dam at the spring.

Perry Baker is water commissioner and will be in charge of the work. Members present were J. E. Whitehead, Jr., mayor, councilmen A. E. Robertson, E. S. Prather and George Parria, and D. S. Riches, recorder.
