

OHIOAN URGES BORAH TO RUN

Washington, Nov. 21 (AP)—Former Senator Roscoe McCulloch, Ohio republican, urged Senator Borah today to run for the presidency but the Idaho solon still was publicly non-committal after their meeting.

In a statement to the press, McCulloch said Borah has "strong support in Ohio."

"I have had an interview with Senator Borah, and, of course, it was in regard to presidential politics. Nothing has been determined definitely as yet."

"I am one of a great many who would like to see him make the race."

McCulloch's statement was handed out by Borah, who said:

"I talked over the situation pretty fully with Senator McCulloch but matters stand out as they were."

Reports have reached Washington that Borah's friends are planning to enter his name in some of the presidential primaries next spring unless he positively declines.

MISSING AVIATOR LOCATED ON RANCH

Cheyenne, Wyo., Nov. 21 (AP)—Frank Kurtz, young Los Angeles flier, missing since Tuesday afternoon, was located on the McPhee ranch, about 20 miles north of here, today.

His plane had been forced down, he said, by high winds within a short time after he took off from the Cheyenne airport at 3:30 p.m. Tuesday, enroute to Oakland, Cal.

Kurtz, who claims several junior flying records, said he had battled high winds from the west and increasing fog after leaving Cheyenne Tuesday, and had been blown off his course. Finally, he said, he landed in the growing dark on the first open piece of ground he could find.

He said he did not attempt to reach any dwelling place that night because of darkness, and because he had been unable to locate any house from the air before landing.

Yesterday he walked about five miles to the McPhee ranch, after vain attempts to take off, and stayed there last night.

He said he would continue to the coast as quickly as possible.

Camp Cookery Club Meets at Leader's

TRADERS SEEK GOLD RETURN

Houston, Tex., Nov. 21 (AP)—Shipping, banking and business leaders of the 22nd annual national foreign trade council advised the administration today to balance the budget and return to the gold standard.

The council commended the administration's reciprocal trade agreement program, advocated direct subsidies to the American merchant marine, and criticized crop curtailment measures.

Specific measures, they added, should include:

1. Permanent return to gold at a fixed ratio not lower than the present dollar.
2. Convertibility of currency into gold in such amounts as are required for settlement of international transactions.
3. Repeal of such laws as may require the further purchase of silver for monetary purposes.
4. Balancing the budget; avoiding further inflation and all unnecessary governmental expenditures.

The convention called for direct federal aid to attain "and sustain an adequate, privately owned and operated merchant marine."

ART LESSONS FOR HAZEL GREEN FOLK

Hazel Green—Miss Geraldine Fry, primary instructor in the local school, has several classes in both the upper and lower grades who are taking practical art lessons this year. They have made numerous articles already and are now commencing several new projects. Andrew Zahara and Henry Yoshikai have made a bird-cage of laths and Dean Lowery is putting the final touches with a coat of paint.

The third and fourth graders are making wooden frames for jumping jacks which will be painted and used for Christmas gifts. Plaques and picture frames are among the articles completed and the finished products are colored and shellacked so they present a very attractive appearance. This is the first time such a project has been attempted in this school and the results are proving that it is a highly satisfactory experiment and one the children will enjoy.

The initial outlay was trifling, each child being required to purchase an inexpensive saw and the materials used are part of the wood supplied last year to the builders' club. The wood was furnished free by various lumber concerns in Salem.

WEATHER PREVENTS OUTDOORS DISPLAY

Hazel Green—Due to stormy weather the boys 4-H forestry club was unable to hold an outdoor meeting so the group held a business session at the home of the school principal, Mrs. Laura Miles. President Edward Yada presided over the business meeting. Plans were discussed for future gatherings, most of which will be held in Looney's woods. This fall only evergreen varieties of trees will be studied due to the recent freeze which destroyed the foliage on the other trees.

The club leader, Glen Looney, is making plans for a trip to be undertaken in the spring which will include an overnight camping trip above Albany where there are specimens of trees not to be found around here but which must be studied in order to complete the project. The boys are displaying a keen interest in the club work and hope to finish as a 100 per cent club. Members are Ward Miles, Archie Rutherford, Waldo Gilbert, Sanford Mio, Hilburn Vice and Edward Yada.

Due to the Thanksgiving holidays, there will not be any more meetings in November. The next meeting will be December 6 that will be the only meeting in December and following the Christmas holidays a party will be given.

GOP TO MEET DECEMBER 16

Washington, Nov. 21 (AP)—Signaling the approach of the real fire-works in the 1936 presidential campaign, the republican national committee today summoned its members to meet here December 16 to choose a convention city and appointed 16 industrialists, bankers and lawyers to direct the drive for funds to fight the new deal.

Chairman Henry P. Fletcher following republican tradition in making the first move to craft convention plans. The national democratic organization probably will not act until January.

Headed by William B. Bell, president of the American Cyanamid company, the republican finance committee was asked by Fletcher to help him raise money to oppose the "alien doctrines and maladministration of the new deal."

The G.O.P. chairman said he did not "expect to raise a sum which can match the billions of the people's money the administration is now using in many flagrant instances for purely political purposes," but that he hoped to obtain enough to "defray the legitimate expenses of a straight-out fight against the new deal."

Political observers, scanning the list of appointments, predicted that Fletcher planned a vigorous nationwide campaign to enlist leading bankers and industrialists in the ranks of those who feel that the new deal has failed and a republican should oust President Roosevelt from the White House in 1937.

CANADIAN TOWN SWEEP BY FIRE

Greenwood, B. C., Nov. 21 (AP)—Fire swept through this early-day mining camp this morning, destroying an entire business block and causing damage estimated by property owners in excess of \$50,000.
