real chances of peace appear within will take up the oil sanctions ques-lon vigorously.

The British expressed belief an oil

wasnington state supreme court upholding the legislation.

The act was challenged by the Great Northern Railway company, the Northern Railway company and the Pacific Telephone and Telegraph company.

The Great Northern sought to recover \$21.054 taxes paid under protest and to keep from paying \$12.955 additional. The Northern Pacific appealed from a ruling that it must pay \$36.116. The telephone company appealed from a ruling that it must pay three per cent of the gross income from intrastate business. All three contended their business within the state could not be separated from their interstate activities. They asserted the tax violated the interstate converses claused and the state of the state The British expressed sent an on-embargo would be supported by many members of the committee. Flandin's proposal to make an effort for peace created a sensation and led to the impression France has some real hope. Fascist soldiers have driven a spearhead deep into the body of Ethiopia today and fascist diplomats in Geneve sought to supplement Italy's armed successe with a victory at the conference table. Specifically, they sought to prevent the application of more sanctions against Italy by the League of Nations.

ies. They asserted the tax violated the interstate commerce clause of the Constitution.

The tax on railroads was 1½ per

cent of net income from intrastate business. The Northern Pacific said
