HOME MISSION CONVENTION IN OPENING MEET

The 22nd annual meeting of the Columbia river district organization of the Woman's American Baptist Foreign and Home Mission societies opened this morning at the Calvary Baptist church, Ferry and South High streets at 10 o'clock with Mrs. D. D. Smith of Portland, the president, in the chair. The theme chosen for the convention is, "We Will go Forward," and the reports read by the state directors of Idaho, Montana, Washington and Oregon indicated that progress in a financial and spiritual way had been made.

Mrs. A. Q. Weniger, wife of the pastor of the entertaining church brought the address of welcome to 115 delegates and visitors from four states in the district. Mrs. W. D. Wright of Idaho Falls responded to the words of welcome. The morning session was given over largely to the making of reports and the transaction of business. The delegates adjourned at noon and returned to the First Methodist church where a luncheon was served.

The afternoon meeting opened at 1:30 with Mrs. Grant Dyer of Spokane bringing a short devotional, bringing by reports by the various secretaries on the various phases of the work of these two societies. The two main addresses were given this afternoon by Miss Faith Joyce of the Chinese community center of Locke, Calif., and Dr. Catherine Mable, a returned missionary from the Belgian Congo, Africa. This session will come to a close with a banquet in the dining hall of the Calvary church.

The evening service which opens at 8 p. m., will feature an address on "The World's Greatest Need," by Miss Janet McKay of New York City. Special music for this convention is being rendered by the choir of the Calvary church and its members. It is reported that this convention has the prospects of being one of the greatest in the history of this organization.

STUHLREHER BADGER COACH

Madison, Wis., April 21 (AP)—Harry A. Stuhlreher, head football coach at Villa Nova, was appointed athletic director and football coach at the University of Wisconsin by the board of regents today.

Stuhlreher, one of the four horsemen of Notre Dame, will come to the university May 1 to take over the positions formerly held by Director Walter E. Meanwell and Coach Clarence W. Spears.

The Villa Nova coach, now 34 years old, comes to Wisconsin after completing his eleventh year at the Pennsylvania institution where he established an enviable reputation in competition with the larger teams of the east.

Stuhlreher first distinguished himself in athletics when in 1924, as one of the late Knute Rockne's "Four Horsemen" he was selected as an All-American quarterback.

Stuhlreher is vice president of the American Football coaches association and author of three books dealing with the biographical and technical side of athletics.

NEW CAVERN OF FOSSILS FOUND

Bend, Ore., April 21 (AP)—Robert W. Sawyer, Bend publisher, announced today the discovery of another central Oregon cave containing evidence of ancient habitation.

Indian artifacts, including a number of fine arrow points and unidentified mammal bones, were found in the cavern on the peninsula between the Crooked and Deschutes rivers, he said.

This is the third cave dwelling found in central Oregon the past few years. One yielded a large amount of Indian material, including baskets.

He will notify Dr. L. E. Cressman, University of Oregon paleontologist, and Dr. E. L. Packard, Oregon State college paleontologist, of the discovery.

Olum Larson has been named executor of the \$1600 estate of Belle Larson.

ZIONCHECK FAILS TO APPEAR IN COURT

Washington, April 21 (AP)—Rep. Marion Zioncheck, D., Wash., who promised to answer a speeding charge in police court if it was a "nice day" failed to show up today and an attachment was issued for his appearance.

Zioncheck, charged by officers with driving a sports roadster at 70 miles an hour on a Capitol boulevard, did not appear when his case was called before Police Judge Walter J. Casey today.

"Mr. Zioncheck promised he would come in if it was a nice day," a police officer told the judge.

Casey looked out the window. The day was balmy and the sun shone brightly.

"Today is a nice enough day for anyone to come into court," Casey remarked, and ordered the attachment issued.

The attachment is equivalent to a bench warrant requiring Zioncheck's immediate appearance in court. Police court attaches said Zioncheck could be forced to accompany officers into court at any time when not actually on official business.

Snow Drives Deer From Mountains

The Dalles, Ore., April 21 (AP)—Late snow in the mountains drove more than 300 deer down from the Mt. Hood forest reserve to feed today in a large meadow south of Durfur, Erick Gordon, district forest ranger, reported.

He said it was the first time in the memory of residents that such a large number of deer approached so close to the city.

Numerous residents made trips to see the hungry animals.

Pierce Indian Bill Is Passed by House

Washington, April 21 (AP)—The house passed a bill by Representative Pierce (D., Ore.), to permit the Klamath and Modoc tribes, and the Yahooskin band of Snake Indians in Oregon to revive a case in the court of claims for compensation for lands previously sold.

The bill arose from a supreme court decision which held the value of 87,000 acres of Indian land was \$2,880,000 instead of \$1,058,750, the amount paid in the original settlement.

The court held the government had a "moral" obligation to "make good the plaintiffs' loss" and suggested legislation to permit the case to be reopened.

Order of dismissal based on a stipulation has been filed in circuit court in the case of A. B. Wilson against Hespia Carter Purdon.

Decree of foreclosure has been filed in the case of Frances O'Neill against Ladd & Bush Trust company and others.

Supplemental appraisal of the estate of Emma C. Vikstrom has been filed in probate showing additional valuation of \$1224.33.

LEAGUE CONFESSES PEACE CAMPAIGN FAILURE TO DATE

Continued from page 1

Members must expect no help from Britain if they became involved in difficulties unless they would be prepared to take combined action now against the adjudged fascist aggressors.

He warned, also, that Britain might lose its faith in the value of the League and turn to other ways of safeguarding its own interests unless the nations fulfill their duties under the collective security guaranteed by the League.

His words were interpreted as an indication that Great Britain, one of the leaders of the League, might withdraw from Geneva one day, just as Japan and Germany have withdrawn.

The Ethiopian delegate, Wolde-Mariam, addressing the council, which seven months ago solemnly condemned the Italian warfare, asked of the last resolution addressed to Italy:

"Is this the effective resistance to which the member states obligated themselves in signing Article XVI of the pact? (This article provides for sanctions.) Is this fulfillment of the promise made by the League of Nations in October, 1935, to the victim of aggression?"

The woman whose man had broken from McNeil and had escaped four other times from custody apparently realized he couldn't get out of Alcatraz in her suit, filed in the Napa superior court, she pointed out that Gardner would be confined "in Alcatraz prison until 1961."

Gardner would be 79 at that time if he survived the long imprisonment. Mrs. Gardner is 39 now, her convict husband 52.

The suit was filed through her attorney immediately after Mrs. Gardner had checked out at the Napa state hospital, where she is employed, and had fled into seclusion to avoid publicity.

There were reports a new romance had entered her life, devoted for 20 years to one of the nation's most desperate men.

DOLLY GARDNER SEEKS DIVORCE FROM CONVICT

Napa, Cal., April 21 (AP)—Dolly Gardner, attractive blonde nurse, today filed suit for annulment of her marriage to train-rover Roy Gardner, Alcatraz federal prison inmate, after waiting 15 years for him to make good his boast no jail could hold him very long.

The 39-year-old nurse stuck by the western desperado while he was in McNeil island federal penitentiary, in Atlanta penitentiary and at Leavenworth, but her faith and loyalty began to waver when 18 months ago the government placed him in Alcatraz, the American "Devil's Island."

Alcatraz' isolation, the swift currents of San Francisco bay which sweep around it, and the elaborate system of patrol with sharpshooters in towers along the high wall make it a practically escape-proof prison.

F D ASKS EARLY ACTION ON DAM

Washington, April 21 (AP)—Senator McNary (R-Ore.), after a White House conference today, said President Roosevelt "reemphasized" a previous declaration that early action on Bonneville legislation is desirable.

The president reiterated that he favored my bill," McNary said.

The McNary measure would vest authority to administer the Bonneville power and navigation project in the federal power commission and the war department.

The Oregon senator said he also urged the president to allocate more funds for the Works Progress administration's armory program "but he made no definite commitment."

McNary indicated he would attempt to speed agreement on the question of Bonneville legislation.

Another Bonneville Bill, introduced by Senator Bone (D.-Wash.) also is pending. The Bone bill differs only on the question of power distribution. It would give all public agencies first claim to Bonneville power.

McNary said President Roosevelt indicated he believed the Bone measure was too restrictive.

Canby Cat Claims Age of 23 Winters

Portland, April 21 (AP)—Come Kitty, Kitty, Kitty, but bring your birth certificate.

The Portland Oregonian published a story about "Tom," a blunt-toothed, time-worn cat of Bend whose owners said was 21 years old.

Now comes Charles Hulnar of Canby with the word he has a cat which has been on the hunt for mice for 23 years.

So it's a contest now. Pussay wants a corner on the old age title claim.

PRESIDENT BACK TO DESK AFTER RITES FOR HOWE

Washington, April 21 (AP)—President Roosevelt arranged today to return to the White House tomorrow night after burial services for Louis McHenry Howe at Fall River, Mass., instead of going to his Hyde Park home for the rest of the week.

No special reason was given at the White House for the change in plans. The president will return to New York City on Saturday to keep an engagement to speak before the National Democratic clubs that night. He will motor on to Hyde Park Sunday morning to spend a few days.

Howe's body was brought to the White House this morning to remain until it is placed aboard the president's special train tonight. The east room became a funeral chapel for the last rites.

The president and Mrs. Roosevelt, together with members of Mr. Howe's family, will leave the city shortly before midnight for Fall River.

Colonel Howe, secretary to President Roosevelt, and his oldest political advisor, died Saturday at Naval hospital after an illness of more than a year. The funeral is the 16th in the history of the executive mansion.

JILTS ACTRESS WEDS ANOTHER

London, April 21 (AP)—Paul Mitchell, wealthy young sportsman who last week was making 6000 mile telephone calls to Mary Carlisle, film star, at Hollywood, married Miss Ann Godwin Turner, daughter of a retired motor engineer, last Friday, the Daily Mail reported today.

He had cancelled his plan, the Daily Mail said, to sail for Hollywood this week, and will enjoy a honeymoon here instead.

Mitchell made his last call to Miss Carlisle Thursday, the paper reported, and married Miss Turner next day.

He was quoted as saying he and Miss Carlisle had been good friends and that, though his marriage to Miss Turner might seem strange to some in view of his telephone calls, it was really all simple. He was going to telephone Miss Carlisle as soon as possible, he said, according to the Daily Mail.

Hollywood, April 21 (AP)—The international romance of Mary Carlisle, blonde screen actress, and Paul Mitchell, wealthy young Englishman, had the screen colony dizzy today trying to decide who was kidding whom.

Mrs. Grant Whytock, aunt of the actress, said Mitchell had telephoned and called since the time of the reported marriage, telling them to "pay no attention" to the rumors.

BORAH REFUSES TO WITHDRAW

Washington, April 21 (AP)—Sen. William E. Borah today rejected proposals that he submerge his presidential aspirations to the task of cooperating in drafting a republican platform.

Commenting on suggestions by William Allen White that Borah become a delegate to the Republican National convention and participate in the platform writing, the senator told the United Press:

"Naturally I'm interested in the platform but after all a platform doesn't mean anything much unless you know who is going to stand on it."

"I'm more interested in the latter proposition just now."

It was learned that White, a friend since he and Borah were in college together, sounded out the senator with the plan for an informal coalition between Borah and supporters of Gov. Alf M. Landon of Kansas. Borah made no commitments.

White was understood to have offered the thought that friends of Landon would welcome Borah's aid in drafting a "liberal" platform. Borah, in announcing his candidacy last winter, emphasized his intention to fight for a "liberal" platform and selection of a "liberal" candidate.

It is known that he does not consider Landon in the "liberal" classification.

Police Cars Crashed By Hit-Skip Driver

Portland, Ore., April 21 (AP)—Clint Grinstead Portland police would like to catch the hit-and-run driver who not only escaped from the shadow of the police station, but left two battered police cars in his wake.

A loud crash resounded and Patrolman Officer and Vice Operative Patterson rushed outside headquarters. A witness said a weaving automobile crashed into Officer's car, chine and then careened across the street, striking Patterson's car.

Help Sell Oregon Order From Snell

Launching a campaign to keep tourists in Oregon and making their stay pleasant, Secretary of State Earl Snell today requested the 50 registrars of non-resident motorists in the state to "help sell Oregon."

Snell states the registrars are official representatives of the state in welcoming visiting tourists and therefore have a duty to perform. He said registrars will be supplied with new maps and pamphlets issued by the state highway department.

ASK CLOSING OF UMPQUA RIVER

Portland, Ore., April 21 (AP)—Sportsmen today urged that the state fish commission close the Umpqua river temporarily to commercial fishing. Commercial fishermen from Reedsport also attended the hearing and objected strenuously to any closing.

W. C. Harding, secretary of the Roseburg chamber of commerce, said:

"We are unalterably in favor of closing the river for two, three, four or five years. The fish aren't in the river. They become less each year."

Harding said there may be other causes for salmon depletion, but in his opinion 90 per cent was caused by commercial fishing. He urged the commission to close the river for several years and give it a trial.

Frank L. Taylor of the Reedsport chamber of commerce, said that the fish run in cycles and that last year the commercial fishermen made the greatest catch for many years. Taylor said: "Why not build up, instead of tearing down, urging more funds for fish hatcheries? The commercial fees go toward fisheries, he pointed out.

Commissioner John C. Veatch was absent and the commission said no decision would be made until he could attend.

JACK JUSTICE ON TRIAL FOR MURDER

Portland, April 21 (AP)—Jury selection proceeded slowly today in the trial of Jack Justice, former bootlegger charged with first degree murder in the slaying of Frank Akin, an investigator.

Attorneys agreed tentatively on one juror yesterday. Numerous men and women were excused when they expressed scruples against capital punishment.

Akin was shot in his apartment before he could complete an investigation for former Governor Julius L. Meier to determine if there were any irregularities in the management of the Port of Portland.

District Attorney James R. Bain said he would attempt to prove that Justice hired Leo Hill to kill Akin. Hill is under death sentence for the Braland's Point mass murders near Bremerton, Wash. Justice was not implicated in that case.

Jennie F. Penney, administratrix of the estate of Jennie Frances Chamberlain, has been authorized in probate to sell a savings account balance in the First National bank to C. W. Paulus for the face amount of \$219.61.

FOREST BOARD NEEDS \$10,000 TO FIGHT FIRE

The state forestry board will appeal to the emergency board for funds necessary to provide additional fire protection for northwest Oregon, should other funds not be available, the board voted here today.

Cost of the protection, above regular funds, was estimated at \$10,000. Some of this may be obtained from the federal government and from the county fire associations, it was reported. The balance will be requested out of emergency appropriations.

The expenditure will include three trucks with tanks and pumping equipment; five portable pumps, hose and fire tools at work camp caches, and extra patrol and entrance guards, the governor's committee named to study the situation reported. Future work would cost about \$10,000 each year additional.

The territory under consideration was the Tillamook, Salmonberry and Wolf Creek burns, which the report stated represented the most difficult fire problem protection in the northwest. The burns, it stated, embraces the largest area of the most hazardous type. About 70 per cent of the burn is well stocked with seedlings.

The board, in a three-hour session, approved the recommendations of the committee which submitted a ten-page report. Wardens, to be paid by operating firms, will be employed to supervise all logging in the burned area. Entry permits will be used during the fire season.

Other recommendations approved included rebuilding lookout stations, construction of other cabins, increase patrol along recreational streams, reopen all roads which have not been passable, and cooperation with the CCC camps in that area.

Governor Martin presided at the meeting as chairman, with Ferguson as secretary. Other members of the board, with Regional Forester C. J. Buck in attendance, were A. R. Wagletz, George T. Gerlinger, J. F. Daggett, George W. Peavy, Ernest F. Johnson and Matt C. Glover.
