

REDHEAD SHOW IS EXPECTED TO BREAK RECORDS

Taft, June 19.—With the weather-man predicting perfect weather for the week-end, residents of north Lincoln county are planning on entertaining the largest crowd in its history during the sixth annual Redhead Roundup, which will be staged at Taft next Saturday and Sunday.

Streets and business houses are being decorated in gala colors and committees are working overtime to perfect last minute details of the celebration, which is expected to eclipse all former local festivals by a considerable margin.

A varied program, designed to appeal to both young and old, has been arranged by Sam Siccum, Roundup director, and includes a full two days entertainment.

Highlights are the redhead bathing beauty contest, wherein over 100 titian-tressed beauties will compete for the valuable and handsome trophies which will be presented to the winners. A "Redskin Revue," an aboriginal production by Hily Slick, Coast and Umpqua Indian braves and maidens, the Tillamook jubilee entertainers, under the direction of George Natanson; dances, beach sports, a carnival, and many other interesting events, including a number of redhead contests.

The Salem Cherrians will have charge of the coronation ceremonies for their roundup queen, which is scheduled for Saturday afternoon.

Redhead Roundup headquarters have been established in the Pines hotel. Members of the Taft-Nelson chamber of commerce, the 20-30 club of Lincoln beaches and the Devils and Devilsites, organizations sponsoring the roundup, will comprise the reception committee and will greet visitors as they arrive at the headquarters.

Special prizes will be awarded to the most colorfully costumed civic groups who attend the celebration.

A large bus, the "Redhead Roundup Bathing Beauty Special," will leave Portland at 8 a. m. Sunday, carrying 36 titian-haired missies who are entered in the bathing beauty contest. The bus will leave the East Side Commercial club and will make stops at each city en route. A few seats are yet available, and any redheaded girl or woman is invited to make the trip without charge, if she will enter the bathing beauty contest. To do so, she should call the Club office, East 7155, and make reservations.

CHURCHES

FIRST CHURCH OF GOD—North Cottage and Hood streets. L. Wesley Johnson, pastor. Sunday school assembly at 9:45 a. m. Bible school, 10:30 a. m. Morning worship at 11. Sermon theme: "Faith in a Crisis." New Store Just Opened by Safeway Organization Here at 13th & State St.

The new Safeway store at 13th and State streets is now open. The building is a large, modern structure with a prominent sign above the entrance. The store is surrounded by a parking lot with several cars parked. The area appears to be a busy commercial district.

WORK SHEET CLOSING DATE MADE JULY 3

Friday, July 3, has been set as the closing date for receiving work sheets for the 1936 agricultural conservation program. Unless a work sheet has been filed by a farmer by that date, showing what the crops were on his farm in 1935, he will be unable to qualify for a grant for carrying out soil conserving or soil building practices under this year's program.

The date was set by the state committee late last week while the members were in session at Corvallis going over the progress of the program to date. Among the business transacted was the listing of county yields for seed flax under the special provisions applying to that crop.

The state committee received unofficial reports from many counties showing a large sign-up of work sheets under the new program. In western Oregon particularly has the sign-up been heavy. Farmers in general are following the advice of the extension men in getting work sheets in even though they were not

certain they desired finally to participate in the program this year. Signing the work sheets entails no obligation, but merely makes certain that grants may be claimed under this year's program if earned.

Best indications are that liming will be added as an official soil building practice in western Oregon. This addition to the original list was recommended by the Oregon technical committee. Word has now been received by the state committee that the addition at a flat rate of \$2.50 an acre has been approved by the division. This usually means final approval by the secretary.

Liming was advocated as a basic practice necessary in many localities to the growth of legumes, a main objective of the conservation program. It is believed that this encouragement may greatly stimulate the application in regions where shipping costs have made it difficult for farmers to use even though needed.

As soon as all work sheets are in, the task of setting the individual farm rates for the class I payments will fall upon the various county committees. Those rates will be computed from the approved production figures on the work sheets when compared with the county average yield of principal soil depleting crops as supplied the committee by the AAA.

WALKER WARNS HOP GROWERS

The hop industry, never permanently settled, will move away from Oregon unless steps are taken to develop it, Dean Walker of Independence, state senator from Benton and Polk counties and large hop grower, believes.

He urged vigorous and scientific research into the entire hop industry and a well organized and orderly program to restore the market. Efforts should be made to improve the strain, Walker said, pointing out that foreign hops have been made seedless, and that imported hops are selling for 30 cents a pound, including 24 cents tariff while the Oregon product will only bring 10 cents.

Senator Walker traced the shifting of the industry from Virginia, where hops were first grown in America in the 1600's, to New York, Pennsylvania, Wisconsin and now to the Pacific coast, where 1000 growers, most of them in Oregon, produce 98 per cent of the domestic crop.

In spite of her political troubles Spain has more autos than a year ago.

DO YOU KNOW THERE ARE OVER 6000 BRANDS OF WHISKIES?

THAT'S WHY I SAY SEAGRAM'S TO BE SURE

Say Seagram's and be Sure
Seagram's Crown
Blended Whiskies 90 PROOF

A Lift without a letdown

Yes, Purity has a FLAVOR!

"Must be aged 3 months," says the Federal definition of a "lager beer." But Rainier goes beyond this definition. Not only is it aged more than 3 months, but is protected for purity—no artificial flavoring, no artificial coloring, no artificial foam-producer!

Entirely natural—perfectly pure—a real and true lager beer. And you can actually taste that goodness.

AIDS SLEEP
Leading physicians say such beer aids in cases of sleeplessness, nervousness, indigestion, bad complexion and low body-tone.

Try Rainier for its pure flavor, and its healthfulness, if your doctor agrees. Don't say "beer," say "Rainier."
