What is considered one of the most dangerous curves in the county is to be made safe for the traveling public. The curve in question is known as the Meier's corner on the road beyond the girls' industrial school. A high bluff abuts off the view from either way and this bluff is to be cut down and the road widened. The bluff will be cut down sufficiently so an unobstructed view will be given of the road in either direction. The dirt taken from the bluff will be used to widen the right-of-way. County Engineer Hubbs today made arrangements with William J. Meier, owner of the land, to permit the digging to be done and he expects the work will be started in the near future. The county court has discussed this improvement a number of times and Commissioner Hewlett brought the matter to a head today by instructing Hubbs to take the matter up with Meier and see if arrangements could be made satisfactorily.

## BUCK PRESENTS PROGRAM FOR FOREST LANDS

Portland, Ore., Oct. 21 (AP)—C. J. Buck, regional forester, in an address at a public forum here, said progress in forest conservation in Oregon depends entirely upon the forcefulness of public opinion in regard to the manner in which forests should be protected.

Buck said national forests already were on a sustained yield basis but that these lands will not be sufficient to supply the lumber industry in the future. He also pointed out that 600,000 acres of forest land are held by counties and said the question of their administration should be settled at once.

The forester recommended a 10 point program as follows: Provide an adequate share of funds for fire protection and insect control; provide an equitable tax lien on the land for money allegedly advanced by the plaintiff to be applied to such purchase.

Provide for public acquisition of sufficient timber to stabilize the industry and enable establishment of a sustained yield basis; place all public lands under sustained yield management except parks and recreation areas; provide sufficient funds for research; adoption by the state of a policy for management of tax-delinquent non-agricultural lands.

Legislation to enable procurement of state forests under the Fulmer act; legislation to allow zoning of forests and agricultural lands.

## Couzen's Condition Not Encouraging

Detroit, Oct. 21 (AP)—Physicians described the condition of United States Senator James Couzen as "rather serious" today.

The 64-year-old Michigan veteran of the senate entered Harper hospital a week ago after a recurrence of a kidney ailment for which he underwent an operation last year at Rochester, Minn.

While members of his family gathered here, physicians attending Senator Couzen said today they were hopeful the condition could be cleared up with treatment.

## JONES TALKS ON NEW PANACEAS

Most economic panaceas such as the Townsend old age pension plan, the share-the-wealth plan, the Triple A and others fail because they do not distinguish between money and wealth. W. C. Jones, professor of economics at Willamette university, said in a forum discourse here.

The Townsend plan, he said, fails to make the distinction for it would give eight per cent of the population \$24,000,000,000 a year to be converted immediately into goods and services. But, he said, the greatest aggregate wealth this country has ever produced, \$79,000,000,000, means 30 per cent of the wealth would be in the hands of eight per cent of the population.

The share-the-wealth plan fails to consider there is not as much as \$3,000 to \$5,000 per person wealth in this country, but only \$675 per person, Professor Jones said.

Of the Triple A proposal, Jones said "it is a marvelous plan for the farmers; that of transferring money from the pockets of city folks to the pockets of country folks."

Concluding, he said, "there is no substitute in economic organization under a democracy for an intelligent citizenship." Other points urged by the speaker were elimination of war, control of the business cycle, and utmost development of productive capacities of the people.

## KANSANS ORGANIZE ROOSEVELT CLUB

Topeka, Kan., Oct. 21 (AP)—Organization of a progressive republican club to support President Roosevelt in Kansas was announced here today.

Douglas A. Graham, former official of the republican state central committee, was named president. Graham said the organization would be active in every county in Kansas.

"This group knows the time is past when strict adherence to a party emblem should be made, regardless of the public welfare. There are many republican candidates for whom we intend to vote," Graham said.

"We know the president is the ablest and most progressive man we have had in the White House since Theodore Roosevelt, and that Governor Landon represents and is a part of the old stand-pat element whose policies brought this nation into the greatest depression in its history."

The total registration for the WPA night school classes being held in Salem is now nearing the 500 mark, with heaviest enrollment in typing, first aid and shorthand.

Earl Livewiler, typist, stated today. Because of lack of space and equipment it has become necessary to discontinue the registration of students in the typing class. All other classes, however, are still open. Professor R. W. Hans Seitz will, beginning tonight, conduct a class in community chorus each Wednesday at the Haywood school. Harold McGraw, the radio instructor, will give instructions at the boys' industrial school near Woodburn each Friday evening.

Deputy Sheriff B. G. Honeycutt yesterday brought from Klamath Falls Arlie Henson, 17, and said that on the way here the youngster confessed the burglary of two houses near Salem. The boy was a runaway from Salem Indian training school at Clatsop. He turned over to the officer a gold watch which officers at Klamath Falls overlooked when they searched him, and said he gave a second watch to a younger brother, Hinson, who uses the alias of Bob George, indicated that he might waive preliminary examination and go directly before the circuit court with a plea of guilty.

The Kiwanis club will sponsor a showing of Dr. David Bennett Hill's moving pictures at the liberty school Friday night. A very small admittance fee will be charged with proceeds going to the Liberty school hot luncheon and gymnasium funds. The public is invited to attend.

Until the representative of the American Concrete & Steel Pipe company of Tacoma who is to supervise the construction of the Stayton-Salem gravity water line views the scene of the construction the company will not decide where it will set up its processing plant here. City and water department officials and representatives of the company are now preparing the contract which is to be signed in a few days. Award of the contract was made by the city council Monday night.

Andrew E. Benson as administrator of the estate of W. H. Hogan is authorized in probate to sell personal property of the estate.

Complaint for divorce has been filed in circuit court by Pearl E. Fowler against Frances T. Fowler alleging desertion. They were married August, 1926, in Bowman, N. D.

## EDITORS' POLL GIVES ELECTION TO ROOSEVELT

New York, Oct. 21—Franklin D. Roosevelt will most likely be elected to the presidency, according to results of the third annual political poll taken among 5145 newspaper editors by Liberty magazine.

Liberty asked each editor who he thought would be elected president. About 4000 turned this question down, leaving some 4000 lined up as follows: Franklin D. Roosevelt...2875

Alfred M. Landon...1814  
William Lemke...18  
Norman Thomas...10  
Earl Browder...0

The editors predicted as follows: 1. Mr. Roosevelt will receive a minimum of 369 electoral votes—three more than he needs to win, and a number that may be increased by Roosevelt victories in any one of four doubtful states.

2. The democrats will win 266 seats in the house of representatives to 159 for the republicans, 7 for the progressives and 3 for the farmer-laborites.

3. The democrats will win 20 of the fall's 35 senatorial elections—giving them 67 seats in the senate to 27 for the republicans and 1 each for the progressive and farmer-labor parties.

## NO PARALYSIS EPIDEMIC SEEN

Portland, Oct. 21 (AP)—The Oregon state board of health, in commenting on recent inquiries concerning infantile paralysis, said today Oregon had experienced no epidemic of the disease since 1927 and that "it would seem that the chances for infection in Oregon are less than in any other state."

In 1927, a total of 390 cases resulted in 65 deaths. Last year 52 cases led to 19 deaths—the highest mortality since 1928. Thus far in 1936, 29 cases and 6 deaths have been reported. Two fatalities occurred in Portland and one each in Klamath, Lane, Marion and Washington counties.

The health board, in reporting that "the number of cases occurring annually in Oregon is less per capita than in any other western state if not the United States," said the statistics were issued today "in order that there should be no unnecessary alarm."

Pneumonia with 28 new cases led the list of communicable diseases for the week ending October 17. Others: Influenza 20, whooping cough 18, scarlet fever 15, chickenpox 13, tuberculosis 12, measles 7, mumps 6, infantile paralysis or poliomyelitis 4 (Columbia, Linn, Polk, Yamhill counties), typhoid fever 4, and diphtheria 2.

## MARRIAGE OF TWO FLIERS ON ROCKS

London, Oct. 21 (AP)—The marriage of two famous fliers was "on the rocks" today—Amy and James Mollison have separated.

Mrs. Mollison told newspapermen about it when they arrived at Orpington, about 18 miles southeast of London, where she cracked up her plane in a forced landing last night. Her nose was broken, but otherwise she was not seriously injured.

The famous woman flier said her separation from her aviator husband would be on a friendly basis.

## MODEL STUDENT HELD FOR EXTORTION

San Francisco, Oct. 21 (AP)—Glenn Walter Libhart, 14-year-old "model" junior high school student, who leads his classes in studies, plays, a cornet in the school band and builds radios in his spare time, was under arrest by federal department of justice agents today on charges of attempting to extort money from a neighboring grocer.

Agents said he wrote two letters to Daniel Gordellos, demanding regular payments of \$25 a week under threat of setting his store afire.

They said he wrote a third letter to Frank La Duke, head of a messenger service, demanding \$50 in \$1 bills. They said he accepted a dummy package which a messenger, following instructions in the letter, delivered at a designated street corner last Saturday.

The youth was formally charged with extortion before U. S. Commissioner E. E. Williams and taken to the juvenile detention home to await trial.

BUDGET CUT  
Oregon City, Oct. 21 (AP)—The city budget, representing a \$14,948 reduction, received official approval at a meeting of taxpayers. The sum needed to run the municipal government for 1937 is \$67,729.

Portland, Oct. 21 (AP)—First day of Portland's annual community chest campaign brought subscriptions to \$45,500.45. The goal is \$491,559.

Miss Lilly Samuel of Los Angeles is here visiting Mrs. Henry McCollum at the C. O. Blue residence.

## Campaign Expenditures Show \$164,572 Spent Landon Nomination

Washington, Oct. 21 (AP)—Chairman Loneragan (D., Conn.), of the senate campaign expenditures committee announced today President Roosevelt had reported personal election campaign expenditures of \$510.

The president's expenditures included a \$500 contribution to the Dutchess county (N. Y.) democratic committee and \$10 spent for postage.

Loneragan said Governor Alf M. Landon, republican presidential nominee, reported no personal receipts or expenditures since his nomination but listed receipts of \$183,480 and disbursements of \$184,572, by the Landon-for-president committee in obtaining his nomination.

The vice presidential candidates' reports showed, Loneragan said, that Vice President Garner had received no contributions and made no expenditures in his campaign. Col. Frank Knox, republican vice presidential nominee, reported receipts of \$144,818 and expenditures of \$143,259 through the Frank Knox for President committee, in seeking his nomination for president.

In addition he reported receipts of \$35,754 and expenditures of \$35,537 on his personal account in the nomination campaign.

Both Landon and Knox reported the republican national committee is financing their general election campaigns.

Reports of other presidential and vice presidential candidates follow: William Lemke, Union party, no personal receipts or expenditures, but \$5321 received by the party in his own behalf and \$2390 expended for him.

John W. Aiken, socialist-labor party vice presidential candidate, and Emil P. Teichert, vice presidential nominee of the same party reported no personal receipts or expenditures. A similar report was filed by Dr. D. Leigh Colvin, prohibition party vice presidential nominee and his running mate, Claude D. Watson.

Earl Browder, presidential nominee of the communist party, listed personal receipts of \$1112 and expenditures of \$1061.

Norman Thomas, socialist candidate for president, reported receipts of \$5841 and expenditures of \$6504. His receipts and expenditures were listed as those of the party.

Total receipts of \$419,282 and expenditures of \$461,851 since January 1 were reported today to the clerk of the house by national headquarters of the American Liberty league. The report covered transactions to October 19.

The progressive national committee supporting President Roosevelt reported receipts of \$50,059 between September 19 and October 19. Disbursements during the same period were given as \$11,434.

The largest contribution was \$25,000 from the United Mine Workers of America. Other unions donated \$100 to \$1000.

## EDDIE CANTOR DEFIES NAZISM

Los Angeles, Calif., Oct. 21 (AP)—Defying what he said were threats to harm him and his family if he campaigned against nazism in America, Eddie Cantor, comedian, addressed a rally in Shrine auditorium last night.

Under the auspices of the Hollywood anti-nazi league for defense of American democracy, Cantor joined action to curb a purported spread of anti-semitism.

"If you believe in the things that I do—believe in America, love your country—then join in the fight for civilization and for humanity," he declared.

The Rev. L. M. Birkhead of Kansas City told the audience, estimated by league officials at 7000 persons, that 119 nazi groups in the United States are "seeking to settle discontent on the Jewish race."

He urged that all Jews unify their protest with that of negroes and Catholics in fighting the "nazi monster." He has obtained proof, he asserted, that the Hitler regime is directing from Germany nazi propaganda in this country.

A resolution demanding that Dean Cromwell, University of Southern California track coach, apologize to the league for a speech made recently to a German-American gathering, was adopted by acclamation.

The rally was told Cromwell had expressed sympathy for the Hitler government's aims. The coach, a member of the American Olympic team staff, declared recently his remarks had been made in a joking spirit.

## GROUP OF FASCISTS ORGANIZED, CANADA

Toronto, Ont., Oct. 21 (AP)—The Toronto Mail and Empire said today well-organized fascist groups have been formed in many Canadian cities.

The newspaper said the groups are adherents of two principal organizations—the Canadian union of fascists, which it said is affiliated with Sir Oswald Mosley's black-shirts of Britain, and the National social Christian party, described as the Canadian counterpart of the Imperial fascist league, rival of Mosley's organization.

Headquarters of the union are in Winnipeg and of the Christian party in Montreal. The Mail and Empire said both have provincial organizations and are conducting carefully planned and secret recruiting campaigns throughout the dominion.

## YEAR'S TRUCE PROPOSED ON WATERFRONT

passed a periodical "adjustment" on efficiency shown by longshoremen.

Admiral Hamlet met with the joint negotiating committee of the various unions, presumably to take up the questions of hiring hall control and wages. No specific wage increase had been suggested for the unlicensed groups.

Later Admiral Hamlet will confer with the coast committee for the shipowners.

## MISHAP FATAL TO HAZEL SNELL

Roseburg, Ore., Oct. 21 (AP)—Mrs. Hazel Snell, 12, expectant mother, died here last night as the result of injuries suffered Tuesday in a grade crossing accident three miles north of Leland in northern Josephine county. An operation performed in an effort to save the life of her unborn child, was unsuccessful.

Mrs. Snell was injured when the automobile, driven by her husband, Francis E. Snell, was struck at the crossing by a northbound Southern Pacific passenger train. The man and a two year old boy, Earl Wallace, son of a neighbor, suffered minor cuts.

Following the accident the train crew brought the injured persons to Roseburg, halting the train at Glendale long enough to pick up a physician who gave first aid treatment on the way to the Roseburg hospital.

## 85 WOMEN TO BE CANDIDATES

Washington, Oct. 21 (AP)—Hope for election to national or state office beats in at least 85 feminine hearts this year as compared with 97 two years ago.

Three seek to go to the senate to join Mrs. Hattie Caraway of Arkansas, whose only woman colleague in the last session—Mrs. Rose McConnell Long of Louisiana—is retiring. Five women sought the senatorial vote in 1934. Only two have filed for governorships this year, as compared with four then.

None who ran for the senate in the last national election was elected; and only one has returned to the field, Elizabeth Gilman of Maryland, a socialist. This time she is running for a seat in the house.

The three contesting for the senate are Adah N. Hagler, of Illinois, on the prohibition ticket; Laetitia M. Conrad, of Iowa, a socialist, and Gertrude Wilson, of Texas, on a union party ticket, competing for the post now held by a veteran, Senator Morris Sheppard.

The two running for governor's posts are on the socialist ticket in states where candidates of that party seldom achieve public office. They are Ida A. Beloff, of Kansas, and Mrs. Kate Stockton, of Tennessee.

## CHIANG CONFRONTED BY JAPANESE CRISIS

Nanking, Oct. 21 (AP)—A two-way choice confronted Gen. Chiang Kai-shek, Chinese dictator, today in the current Sino-Japanese crisis, in former sources said.

The alternatives: 1. Diplomatic "solution" of the crisis, involving concessions to Japanese demands, or 2. A return by Japanese militarists to the former policy of dealing directly with Northern China officials.

The second alternative, as viewed by Chinese officials, carries with it a thinly-veiled threat of renewed Japanese pressure for the creation of an autonomous regime in the five north China provinces.
