WINS \$30,000 FOR STOLEN AFFECTIONS

Los Angeles, Nov. 21 (AP)—A jury last night decided that Mrs. Thelma Clark, widow of the late W. A. Clark III, Montana copper heir, must pay Mrs. Christine Fitzpatrick \$30,000 for stealing the affections of Michael Fitzpatrick, ship's purser.

Although Mrs. Fitzpatrick had sued for \$150,000, Superior Judge Elliott Craig ruled the jury could not award more than \$50,000 damages on the alienation of affections claim. Mrs. Fitzpatrick had charged that her husband was dazzled by a display of wealth and induced to leave his wife and child.

The jury returned its verdict by a 10 to 2 vote that Mrs. Fitzpatrick was entitled to the damages. The verdict was returned after five days of hearing and as far as now known will be tried at that time.

"Special motor vehicle taxes should be levied only by the state," said one resolution in a legislative program termed a "bill of rights" for motorists. "No such taxes should be levied by the federal government."

The resolutions advocated multiple-lane or divided highways and opposed toll super-highways and "wholesale illumination" of long stretches of roads.

They demanded that the federal government discontinue use of the initials, "AAA," to designate a government agency.

OSSIETZKY ONLY SHADOW OF SELF

Berlin, Nov. 21 (AP)—White-haired and enfeebled after more than three years in Nazi concentration camps, according to friends, Carl von Ossietzky, candidate for the Nobel peace prize, is only a shadow of his former militant self.

Known in the liberal pre-Nazi era as one of Europe's most intense pacifists, he was sentenced by a German court in 1931 to 18 months in prison on a charge of treason for an article stating that Germany was secretly building up her air force.

NEW LOG HAULING POLICY PLANNED

The county court today gave consideration to a new policy which it is expected to be worked out and put into effect by the first of the year to through safeguards about log hauling permits on county roads.

With now about 75 of such permits out including a large number on the new North Santiam highway the county has issued the expense of making investigations as to their feasibility. And also the county has no protection against damage to its roads from the use of heavy trucks and loads in hauling.

The plan contemplated is to require a \$5 fee with each application for a permit to cover costs of clerical work and investigations. It is also planned to require the posting of a \$500 bond to protect the country from damage to the roads by the log trucks. The move has not been definitely ordered by the court but discussions today left little doubt but this or some similar plan will be put into effect.

RAY MALING SUED FOR \$8,459

Woodburn Fruit Growers association launched an action against Ray-Maling company, Woodburn fruit packers and canners, to collect \$8,796.55 on one count and \$8,459.14 on another counting out of a logberry consignment contract signed between the parties June 3, 1934.

Under the contract the company agreed, it is alleged, to take approximately 600 tons of logberries from the association, to make an advance of a cent and a half a pound and after various charges were deducted and any balance was due after packing and sale to divide the same with the association.

The complaint avers that during 1934 839,929 pounds of logberries were delivered, that they were sold for \$88,911.04, that cost of packing was \$51,222.42; that selling and overhead charges amounted to \$23,783.26 leaving a net return of \$13,905.36 of which the association claims it received \$14,098.81 and that a balance is due of \$9,786.55. The amount received, it is stated, was a net return of .025422323 per pound.

As a further allegation the association claims that during 1934 it attempted to deliver under the contract 650,703 pounds of berries but the concern refused to accept or can them, that the cost of picking and delivery was \$119 per pound and for this \$6,459.14 is owed.

The contract, copy of which is attached to the complaint, was signed by H. B. Butterfield, president, and Ray J. Glat, secretary, for the association, and by R. E. Maling and M. A. Covington for the concern.

MURALS RETOUCHE JUST FOR PUBLICITY

Mexico City, Nov. 21 (AP)—Diego Rivera, famous Mexican mural painter, declared today his murals at the Hotel Reforma were being retouched "just for publicity for the hotel."

He said former Minister of Finance Alberto Pani and his brother, Arturo Pani, had his picture of a carnival at Yauhtepec changed.

"It is calculated that the San Francisco stock exchange got \$800,000 worth of free publicity and Rockefeller Center \$1,200,000 worth through their controversies with me," Rivera said.

"So the Panis decided to act similarly for their hotel."

The hotel will open next month.
