

PLAN CONTROL OF PRODUCTION OF FARM CROPS

Washington, April 21. (AP)—The administration again is considering "definite and positive production control" as part of a broad farm program.

Secretary Wallace and H. R. Tolley, agricultural adjustment administrator, made that disclosure to a house subcommittee in hearings on the agriculture department appropriation bill, submitted today to the house.

Each expressed a belief additional legislation supplementing the soil conservation act, would be needed to obtain for the farmer his rightful share of the national income. Tolley added, however, he did not know how production control could be legislated in view of the supreme court's AAA decision.

The court held in that case that the federal government could not regulate crop production.

The agriculture department, Tolley said, had been studying crop production control as part of a five-point program which would be added to soil conservation activities in an attempt to bring farm income and prices to parity with those of industry.

The other parts that have been under consideration for two or three months, he said, are:

1. Extension of commodity loans on products held in storage by farmers to keep excess supplies, in years of heavy yields, from depressing prices.
2. Payment to farmers, in addition to soil conservation benefits, for additional acreage reductions in years when supplies become too large.
3. Continued purchases of surpluses to remove them from the market.
4. Speaking of possibilities of assuring farmers ability of income, Wallace said: "I think that a system of commodity loans, backed in the end by production control that will sustain the commodity loans, will bring about that stability."

CONTEST WINNERS WORK IS SHOWN

SCOUTS HAVE HOBBY NIGHT

Monday evening members of Boy Scout troop No. 12 of Jason Lee church had their second annual "hobby night." Each year one meeting is designated as a time for all scouts to bring a sample of the spare-time work which they claim as a hobby. A chance is given each scout to display his hobby and to tell the troop just what he has learned while working with it.

A wide variety of interests was shown by the group, ranging from fencing, pigeon raising and poultry, on through to the most popular hobby, that of stamp-collecting.

One scout, who brought a large soapstone, was careful to tell the group that his outfit weighed 46 pounds, while another boy, whose hobby was fishing, brought two fine big trout to prove his stories.

Stamp-collectors were brought by Ian Thomson, Bill Neimeyer, Artus Erwin, Lee Wagers, Don Douris and Dan Page; woodworking, Eugene Shattuck, Millard Doughton and Billie Thompson; model airplanes, Edwin Johnson, Clark Morton and candidate Jack Wilbur; match collections, Alan Robertson, Dale Gordon and Harold Fairhurst; badge collection, Bob Barber; pigeon raising, Deryl Colwell and Leo Smith; soapstone, Leonard Rush; cornet, Ervin Smith; bugling, Gale James and Billy Benton; badminton, Bob Lorenz; scrapbook, Don Briggs; fencing, Gerald Naderman; puppet show, David Putnam; radio, Don Toomb; automobile books, Joe Powers; wireless

BRITONS SUFFER STIFF INCOME TAX

New York, April 21. (AP)—A British citizen with a salary equivalent to \$5,000 annually would pay an income tax 1.01 per cent greater than an American with a similar salary on the basis of the new British income tax of 25 per cent announced today.

An American citizen with one child would be allowed exemptions of \$2,900. If he received \$5,000 salary, he would pay income tax roughly on \$2,100 at 4 per cent, or \$84.

A British citizen receiving 1,000 pounds (\$5,000) would be allowed \$900 personal exemption and \$300 for a child. He, therefore, would pay income tax on \$3,800. At 25 per cent the tax would amount to \$950 or more than 10 times the tax paid by the American.

DAR TO REQUEST AMENDMENT

Washington, April 21. (AP)—Mrs. Vinton E. Sison of Chicago, national defense chairman of the Daughters of the American Revolution, and today she would urge the D.A.R. congress to ask that President Roosevelt's court reorganization plan be submitted to the people in constitutional amendment form.

"It is time we stood up and were counted," said Mrs. Sison, who wrote letters to the D.A.R. membership several weeks ago saying there were "dangers" in the president's plan.

Mrs. Sison said there were members of the D.A.R. who felt the organization's membership might be affected adversely by a definite stand on the controversial court issue.

"I would be perfectly willing to lose 100 to 200 members on this issue," she said, "because it is of such paramount importance."

The 3,000 delegates to the D.A.R. congress heard earlier that the society has 142,000 members in 2,496 chapters. Mrs. William H. Pouch, organizing secretary-general, reported 18 new chapters were formed last year.

Mrs. William Becker, president-general, told the first business meeting of the congress that many chapters were doing outstanding work in aiding boys and girls.

Falls City — Virgil Davis bought the barber shop of J. Marr Monday and went to work immediately.

GROWTH OF 4-H IS REFLECTED IN ANNUAL SHOW

Every indication points to the biggest 4-H club annual show ever held in the county which starts tomorrow with judging of exhibits, the exhibits to be thrown open to the public Friday and Saturday for inspection. The show is to be held at the club display building at the fairgrounds and with entries scheduled to be in by 10 o'clock tonight those already on hand promise a show of unusual magnitude and quality.

Representatives from this county at the state fair show will be selected from the best 10 in each of the county projects at the show this week. The show will feature 10 different classes of exhibits including clothing, cookery, homemaking, health posters, health room improvement, handicraft, forestry, art and knitting.

The high spots of the show are set for Saturday afternoon when the home economics judging contest will be held, followed by the style revue and the show closing with announcements as to awards of scholarships for the Marion County Public Health association contest for promotion of health and health studies among 4-H club members. Four of these scholarships to the 4-H summer school at Corvallis will be awarded.

This contest is separate and apart from the best boy and best girl contest staged to find the most nearly perfect 4-H club boy and girl. Judging of this will be done Thursday in the final physical examinations, this to be done at the Marion county health department.

County Club Leader Wayne D. Harding has been working for weeks on details in connection with the show which he hopes will not only be the best yet but also the best attended.

Show judges will include Mrs. C. T. Harrington, Mrs. George H. K. Moorhead, Dr. E. E. Berg, A. N. Philkerson and Lynn F. Cronmiller of Salem, Mrs. L. A. Humphreys of Portland and Helen Cogwell, assistant state club leader of Corvallis.

MICE BLAMED FOR RESIDENCE FIRE

Mice gnawing at matches are believed to have caused a fire that last night seriously damaged the home of A. J. Prine, 1320 Lee street. The kitchen and part of an adjoining room were destroyed. The fire was discovered a few minutes after

10 o'clock and was put out by 10:45. The members of the family were in bed when the smell of smoke caused them to investigate. They found the cupboard on fire. The fire burned through the ceiling of the kitchen and charred furniture in the other room.

Firemen were also called last night to extinguish a blaze that attacked an overstuffed chair at the home of John H. Callaghan, 1315 South High street.
