

LEWIS ASSERTS PEACE WITH AFL NOT DESIRABLE

Atlantic City, N. J., May 13 (AP)—John L. Lewis said flatly today his C. I. O. did not want peace with William Green's American Federation of Labor.

He said so in a speech before the International Ladies' Garment Workers union—the second largest C. I. O. union, and one in which several factions have expressed a desire for peaceful settlement of the schism in labor circles.

"Peace in the labor movement?" roared Lewis. "Who created war? The C. I. O. did not withdraw from the AFL. They dedicated themselves to the proposition of organizing unorganized workers and bringing them into the AFL. If that was a crime or treason, the federation has made the most of it. The federation has not changed its policy. True, there are some in the federation now who suggest lack of unity in labor is a bad thing—something they did not know a year ago. But I know it is not such a bad thing because 1,250,000 new members have affiliated with the C. I. O."

Lewis said he had "no desire to interrupt this march or to bring any further conflict in the ranks of labor by attempting again to negotiate or iron out the differences with the AFL."

"If the federation wants peace," shouted Lewis, "let it issue some statement that it is willing to concede the principles on which the C. I. O. was founded."

HALF OF BRAIN RATES WHOLE

Pittsburgh, May 13 (AP)—A 38-year-old Pittsburgh woman with only half a brain has learned in six months to do nearly everything she once could do when she had a whole brain.

With the half brain she rates an "intelligence quotient" of 115, on the Stanford-Binet scale. This is the mark of a superior adult mind and equals her once whole mind.

Her case, due to a recent operation in which the entire right brain hemisphere was removed, was reported today to the American Psychiatric Association by Dr. Stuart N. Rowe of Pittsburgh.

For several weeks her left side was paralyzed. But to the amazement of physicians she now has mostly recovered the power of movement on that side. She is able to walk again. Her mind and "personality" are nearly back to normal.

She does not recall events readily since the operation but remembers perfectly telephone numbers and addresses she had known.

At the beginning of her half-brain experience she joked excessively sometimes wittily. Most of the time she was in the mood of exaggerated happiness. But she would switch to extreme dependency.

She occasionally lost control of her voice or broke into sobs. Now, six months after the operation she has regained most of her emotional control. She still becomes depressed easily and about once in 24 hours cries without any real cause.

She manages a household of six and helps her children with their school work.

Attache of Carnival In Bellingham Jail

Bellingham, Wash., May 13 (AP)—Frank X. Smith, 48, who married 15-year-old Josephine Trout of Hood River, Ore., when the carnival with which he was traveling arrived here last month, was sentenced to nine months in the county jail yesterday by Superior Judge Edwin Gruber.

Smith pleaded guilty to a statutory charge in connection with the marriage. He pleaded not guilty last month. Smith, carnival hamburger stand operator, was arrested on complaint of the girl's father, Charles L. Trout, who said his daughter had been making from home since last July.

Lee waived examination before County Judge Morris Saylor and executed bonds. Deputy Ben Unthank, missing for several weeks, was sought by Sheriff T. R. Middleton.

While made \$7500 bond on a charge of murdering Bennett Musick, 19, son of a mine union organizer, and \$2500 on a charge of shooting with intent to kill into the home of W. M. Clontz, an organizer, Lee made \$2500 bond on a charge of shooting into the Clontz home.

Young Musick was killed when a fusillade was fired into the Musick home near Everts on February 9. The Clontz shooting took place at Wallins Creek last February.

County Attorney Bert Howard continued his investigation of terrorism in the Harland coal fields, promising that warrants for the arrest of several others would be prepared.
