

# BACK TO WORK ORDERS ISSUED IN STEEL MILLS

(Continued from page 1)  
In. We can bring in outside men, you know."

Simultaneously, the threat of a general strike of 10,000 members of organized labor rumbled in Warren, 14 miles from Youngstown.

The threat developed immediately after Judge Lynn B. Griffith, in a courtroom crowded with grim strikers, granted the Republic Steel Corp. an injunction restraining the activities of strike pickets.

"If a general strike is called, it will be done quickly and without advance notice," said John McKeown, CIO organizer at Warren.

In Cleveland, John L. Lewis, the CIO strike generalissimo, stalked silently from the federal mediation board conference after an hour and a half discussion on the moot question of signed labor contracts—the prime matter of dispute in the 7-state "battle of steel" which has set more than 100,000 men idle in the Great Lakes region.

The first blast in the "back-to-work" movement came from Frank Purnell, president of Youngstown Sheet and Tube, who announced—in defiance of Secretary of Labor Frances Perkins' plea for maintenance of the status quo—that he would attempt to reopen the three strike-stricken company plants in Youngstown at 7 a. m., tomorrow.

At the same time Republic Steel corporation announced it would attempt to re-open one of its mills tomorrow morning. Two were killed and 26 injured at the mill Saturday night in a battle between strikers and city police.

Sit-down strikes in Sheet and Tube mills have been threatened by union leaders if there was any back-to-work attempt.

Informed observers believed the reopening orders may have been issued with advance knowledge of a truce to be reached at the Cleveland conference.

On the Johnstown front of the strike, the great Cambria works of Bethlehem Steel were closed under a martial law proclamation of Gov. George H. Earle of Pennsylvania.

Headed by Charles P. Taft, the mediation board has as other members Lloyd K. Garrison of the University of Wisconsin, and Edward P. McGrady, assistant secretary of labor.

Youngstown Sheet and Tube employs 15,000 to 18,000 men in the Mahoning valley.

## TRAIL PAGEANT TO HAVE BABY QUEEN

Eugene, June 21—A statewide contest to select a Baby Queen for Oregon's Trail pageant on July 22, 23 and 24, was announced here today, with the winner reigning over the giant pioneer celebration.

Contestants must be from fifth or sixth generation of pioneers who crossed the plains to Oregon and must be between five and seven years of age. Applications, including photographs, should show the history of each generation of the child's family.

The pageant association, through its historical committee, will select a Baby Queen, three princesses, and from the names of young boys, a chief scout and three pilots.

All expenses of the youthful pioneer royalty will be taken care of while in Eugene by the Oregon Trail pageant association and the young visitors will be entertained through the three days of celebration.

Applications are to be mailed to Mrs. William Tugman, c-o Oregon Trail Pageant, Box 793, Eugene, Oregon.

## SALEM BIDDER FOR LION CONVENTION

Medford, Ore., June 21 (AP)—The opening business sessions of the 14th annual state convention of the Lions International got underway here today, with a joint breakfast attended by the Lady Lions auxiliary. Registration for the meet totals 186.

Selection of a convention city for next year, and election of state officers will be held tomorrow. Salem, Corvallis and Enterprise are listed as convention city applicants.

Yesterday afternoon witnessed the dedication of the George A. Prescott Memorial park, and the unveiling of a plaque, atop Rocky Ann, a local eminence. The dedicatory speech was made by Attorney E. E. Kelly, who acted for Governor Martin who was unable to attend. The park was a Lions project. Pro Prescott was a charter member, and a police officer here, slain in line of duty four years ago.

A salmon barbecue was the final entertainment feature of the Sunday program.

The convention will close tomorrow.

## Bulmore Reports On Meet at Capital

Representatives of the federal employment service and state unemployment insurance administrators urged closer cooperation among themselves at a meeting in Washington, D. C., last week. D. A. Bulmore, administrator of the Oregon unemployment insurance commission, said today.

Bulmore and Guy Lintler, head of the Oregon federal employment service, attended the meeting.

Payments under the Oregon law become effective next January 2.

**CAFETERIA LA BASQUE.** In the garbage dump at Bilbao, Spain, these housewives are shown foraging for food. Bombs and cannon destroyed their supplies, closed highways and wrecked railroads. Thousands were forced to take their food where they could find it. These war-time gleaners explained that orange and potato peelings were considered the choice morsels to be obtained in this fashion.

## ANNUAL YMCA PICNIC JUNE 28

The annual picnic of the Salem Y.M.C.A. will be held the afternoon of Tuesday, June 29 at Paradise Island, southeast of Salem. G. F. (Ted) Chambers has been named general chairman for the affair which will include a program of sports, stunts and music and an old fashioned picnic supper.

Plans for the outing were made last week when a number of chairmen were named to care for specific portions of the program. These chairmen included: R. E. Boardman, boys' meet; Dr. L. E. Barrick, softball; Stanley Satchell, volleyball; Dr. K. K. Adams, horseshoes; Dr. and Mrs. David B. Hill, women's stunts; William Moran, transportation; Bob Brownell, swimming; Ed Law, campfire; Mrs. Gus Moore and Dorothy Moore, girls' races.

The afternoon's program will start around 4:30 and will include the awarding of a number of trophies won by Salem boys during the recent sports carnival held in Portland. The Hermita club, Salem Y.M.C.A. summer camp group, will present a number of stunts during the campfire hour. Boys whose parents do not attend the picnic will be assigned to families who expect to participate.

## JOHN LINDBECK IN THIRD CAMP TERM

"What to do during vacation" is not a problem to John A. Lindbeck, Salem youth and son of Mr. and Mrs. A. L. Lindbeck, 137 1/2 South High street, who has made application and has been accepted for this third summer at the Citizens Military Training Camp at Vancouver Barracks, Wash.

A veteran of two previous camps, young Lindbeck is returning again this summer to complete his "white" course, after which he will be eligible for enrollment in the war department correspondence courses to fit him for a reserve commission in the officers reserve corps. Upon completion of his fourth term he will be tendered his commission as a second lieutenant.

C.M.T.C. camp this year, and especially the camp scheduled during the month of July at Vancouver Barracks, are attracting unusual attention because of the enlarged program scheduled. One feature, just announced by General Marshall, commandant of Vancouver Barracks, will be a four-day maneuver at Camp Bonnaville. The maneuver idea was conceived for the trainees because of interest of men in the regular establishment in the Fourth Army maneuvers that have been in progress in the Pacific Northwest this year.

"It is only human that a young man should want to know in what way he will personally benefit by attending a C.M.T.C.," said Colonel Carl Abrams, Marion county chairman, today. "In the first place, it costs nothing, not even railroad fare to and from camp. All expenses are borne by the United States government. And by all, Uncle Sam means precisely all—including, besides transportation costs, food of the best, clothing to wear on all occasions while in camp, medical and dental attention as required, first class facilities for sleeping, athletic fields of all types and the equipment necessary for participation in the sport of one's choice, movies, a variety of musical and theatrical entertainment, and inspiration religious services on every Sabbath during the period of camp," Abrams said.

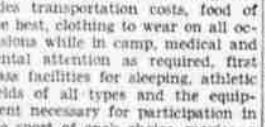

There are yet at few openings for Marion county young men and applications may be secured from Colonel Abrams this week.

Two bridges over the Tye in England are to be toll free.

## New Way to Hold False Teeth in Place

Do false teeth annoy you by dropping or slipping? Just sprinkle a little Fasteeze on your plates. This new fine powder holds teeth firm and comfortable. No gummy, pasty taste or feeling. Sweetens breath. Get Fasteeze from your druggist. Three sizes.

## The Morning After Taking Carter's Little Liver Pills

OPTOMETRIST AND OPTICIAN

## Council Likely to Delay Action on Zone Change for a Garage

(Continued from page 1)  
of a garage on the southeast corner of 12th and Court streets, the board of control wishes to make their position clear. The board takes no part in the controversy, but feels it is a matter to be decided by the city council.

Carl T. Pope, representing the objecting property owners, mentioned three other locations which he said would be available to Bonesteel.

Alderman Ross Goodman, chairman of the traffic committee, said today he doubted if the proposed change in parking, demanded by many downtown business men, would come up tonight, and thought it would be deferred another two weeks. The committee had not met in the question, he said.

The committee two weeks ago recommended a change of the 30 minute parking duration to 45 minutes and elimination of parallel parking except on certain narrow streets. Adoption of a resolution will be necessary to make the change. Mayor Kuhn favors the change.

Goodman, whose committee also has in hand the Vernon D. Leek application for a Liberty-Four Corners bus franchise, said the committee would consider the matter this afternoon and probably report without recommendation.

## WEEK OF CRIME ENOUGH FOR BOY

Portland, June 21 (AP)—A 16-year-old youth walked into the police headquarters here yesterday and gave himself up after a week of crime, willing to "face the music if I must."

He told Detectives G. K. Robinson and Harry Goliz he left his home in Milwaukee on June 12 after taking \$4.50 from his father's hiding place and "borrowing" the family car. Then he went to a neighbor's house and took a .22 caliber rifle before moving into the city.

While here he visited relatives and, finding no one home, took a \$10.50 WPA check from the mail box. Having cashed the check he bought some clothes, but after a week tired of the life and decided to give himself up.

The youth was ordered held for the United States secret service and placed in jail.

## GATHOLICS PLAN THEATRE FORUM

Washington, June 21 (AP)—Another step in the current Catholic movement toward establishing a National Catholic Art Theatre will be taken this summer with the opening of the Blackfriars Institute of Dramatic Arts at the summer session of the Catholic University of America in Washington.

A course will be conducted by members of the national Blackfriars Guild giving training in all departments of the theatre from directing to marionettes. The course will have as one of its aims the training of parochial, school and Little Theatre leaders from all sections of the country in the modern technique of writing, directing and acting in plays and in the staging of dramatic productions.

Climaxing the course will be a National Catholic Theatre conference which will take place at the university Aug. 7 and 8. The conference will bring together Catholic leaders in dramatics from many parts of the country to discuss and outline action to be taken in the advancement of the Catholic Theatre movement initiated by the Blackfriars Guild.

Hazel Green—Mr. and Mrs. Raymond McKibbens had at their home guests recently Mr. and Mrs. J. J. McKibbens, Evelyn and Lyle, of Airline. The McKibbens are the parents of Raymond and were enroute to California on the first lap of a lengthy motor tour which will take them as far as Kansas, their former home. They plan on making a number of stopovers at various points of interest and also with relatives.

## Lebanon Sawmill Has Strike Trouble

Lebanon, June 21—The first labor picketing in this city's history is under way at the Wynn & Sewell sawmill where the crew is on strike for higher wages.

The strike is the first labor trouble in Lebanon in 20 years, a one day strike having been called at that time, but was settled, contrary to modern labor practice, with a town meeting in the church.

Strikers at the Wynn & Sewell plant say they are striking for 42 1/2 cents an hour. They have been receiving 37 1/2 cents an hour. The mill was operating with approximately one quarter of the 40 man crew at work Saturday.

## IDAHO PEOPLE VISIT

Liberty—Recent guests at the R. A. Stanton home were Mrs. Maude M. Morehouse and daughter, Verna, of Emmett, Idaho. Mrs. Stanton, who is a sister of Mrs. Morehouse, accompanied the visitors on a trip to Fresno, Calif., where they expect to visit their mother, Mrs. Ruth E. Hoggatt.

## DIES IN FRONT OF S. P. TRAIN

Woodburn, June 21—An unidentified stranger met instant death here Sunday morning when he deliberately walked to the Southern Pacific railroad track and lay down in front of an oncoming train. The tragedy happened at 9:30 as south-bound passenger train No. 19 had entered town and was approximately 100 feet from the depot. Conductor O. Johnson was in charge of the train and the engineer was James Wagonblast.

The body was struck by the pilot and carried about 200 feet before the train could be stopped. The man was apparently about 65 years old, had gray hair and eyes, was about six feet tall and weighed between 125 and 130 pounds. He was slightly hunched backed and crippled with rheumatism. He wore a pair of gray moleskin pants. No papers or marks or identification were found on the body.

He was said to have spent the night before here with a group of floaters but talked very little and no one had learned his name. He was seen about two months ago in Montana and was in Portland about two weeks ago.

According to the story told by the group with whom he had spent the night he had made the same attempt earlier in the day when a train came in but evidently lost his nerve and stepped back.

Finger prints were taken by the police and the body will be held at the Beecher & O'Hair mortuary for a week in hope of identification.

## MISS ROLAND ILL

Jefferson—Miss Esther Roland, 91, Jefferson's oldest citizen and affectionately called "Aunt Esther" by her many friends, is confined to her home with illness.

Oak Point—Miss Lois DuPont, her sister, Helen DuPont, and brother, Hugh, of Knappa, Ore., are guests of Mrs. G. A. Peterson and family for an indefinite period.

## ANGELL RAPS ROOSEVELT ON COURT, STRIKE

New Haven, Conn., June 21 (AP)—An attack by President James Rowland Angell on the administration's labor policy and President Roosevelt's supreme court bill was in the record today as commencement activities continued on the Yale campus.

In his final Baccalaureate address yesterday as head of the university, Dr. Angell charged that "the national government has appeared as a partisan" in the present labor conflict and asserted the supreme court bill is a means to abet a "rape of the constitution."

He contended that the nation's peace and prosperity is imperilled and urged that moral, political and spiritual values be salvaged "if democracy is to measure up to the compelling needs of the time."

Angell's attack on the administration's policies was made in Woolsey hall where three years ago he conferred an honorary degree upon President Roosevelt and praised his "daring leadership" and "complete devotion to the service of the nation."

"The fact distinguishing the present labor crisis 'from any we have ever known before' he said is that 'the national government has appeared as a partisan in the conflict,' adding:

"The secretary of labor is quoted as not knowing whether a sit-down strike is legal or not, although there is hardly any older doctrine in our common law than that affecting the right of possession of property."

"The executive is charged with having encouraged much of the existing disorder, first by silence in the face of gross violation of law, and destruction of property by labor and then by criticism of employers for failing to sign contracts with labor groups whose good faith they regard as open to question."

Angell contended that the president has promoted "legislation which, if finally enacted, appears to imply the further and complete abdication of the congress, already more than once put into the stultifying position of mere puppets of the executive."

## PARADE STAGED AT VANCOUVER

Pearson Field, Vancouver, Wash., June 21 (AP)—A round of plaudits for the three Russian fliers who flew over the north pole from Moscow to Vancouver started today when the entire garrison at Fort Vancouver paraded before the conquering heroes and Ambassador Alexander Trotsyanovsky.

The artillery fired a 19-inch gun salute to the ambassador.

Immediately after the parade the fliers were given a reception by officers of the barracks and their wives.

The fliers will abandon their record flight plane shortly before noon and will be driven to Portland, where they will be honored at a luncheon of the Portland chamber of commerce.

They will not return here but will remain in Portland until they leave on a special chartered United States Airlines mainliner for San Francisco at three o'clock this afternoon.

HOWARD MAPLE

## MAPLE NAMED ASSISTANT TO COACH KEENE

Howard Maple, freshman coach at Oregon State college during the past year, has been named assistant to Coach "Spec" Keene of Willamette university, according to announcement made this forenoon by the athletic committee of the local university. Maple will assume his new duties at Willamette at the start of the 1937-38 school year next September. He will act as assistant football coach and will take over other duties which will be announced by Coach Keene.

The selection of Maple as assistant coach at Willamette causes no surprise among Salem fans, since it has been common knowledge that he had the inside track in the field of a number of applicants for the position. During the five year period from 1931-35 Maple assisted Coach Keene with his football squads, spending his summers in professional baseball. At one time he was a member of the Washington club of the American league, serving as catcher. He was also affiliated with the Southern and International baseball leagues.

While attending Oregon State college, Maple was rated an all-American quarterback and following his three years of competition there joined the Chicago Cardinals as a professional grinder.

No announcement was made concerning Maple's salary but it is believed it will be in the neighborhood of \$2200 a year.

## M'KENZIE PASS HIGHWAY OPEN

The McKenzie pass highway was opened to traffic today, the last mountain highway in the state to open.

The highway department reported two-way traffic can be maintained over most of the road, which is rough in several places.

Three miles of construction work is under way 8 miles east of Prineville and for 4 miles east of Dayville.

Liberty—Mrs. Frank Koloky, Sr., who has been ill with a heart ailment, is reported as improving.

## FLIGHT RECORDS SENT SEALED TO WASHINGTON

Pearson Field, Vancouver, Wash., June 21 (AP)—The barographs of the Russian monoplane which made the first non-stop flight over the North Pole from Moscow to the United States, will be sent to Washington, D.C., with their seal unbroken.

It will not be known until the instruments are checked and calibrated by the American Aeronautical society whether the three Russian fliers set a new world record for a non-stop distance flight.

Officials of a special aeronautical board which superintended the removal of the delicate instruments said that contrary to earlier beliefs the fliers are very close to the old record of 5,675 miles set by the Frenchmen, Godon and Rosal, in a flight from New York to Syria.

Chief Pilot Valeri Chkalov cut his finger severely when he removed one of the aluminum covered barographs—which are about the size of a Pullman loaf of bread, from the wing of the plane. The box was smeared with blood as he handed it to the board members.

Chkalov deferred signing the flight records until Ambassador Alexander Trotsyanovsky, who is handling all the affairs of the fliers could be summoned.

Through an interpreter he said: "Please do everything possible to make our record complete and official."

## WOMAN'S BODY FOUND SUNDAY

Stayton, Ore., June 21—The body of Mrs. Minnie Schwartz Missler, 53, missing Stayton woman, was found in Shelton ditch about five miles from here and a mile above Aumsville Sunday afternoon. She had disappeared from her home early Saturday morning. Water had been cut off from the ditch and she was discovered with her pajamas caught on a limb of a tree. Mrs. Missler had been in ill health for some time. She was a past officer of the Rebekah lodge.

Mrs. Missler was born March 18, 1884 and had lived here for the last 10 years, excepting for two years spent in Salem. Funeral services will be held from the W. A. Weddle chapel Tuesday morning at 10 o'clock with burial in the Belcrest memorial cemetery at Salem. Rev. W. H. Lyman will officiate.

Besides her husband, J. H. Missler, she is survived by a step-son, Charles P. Ruge, of West Salem; a brother, Albert J. Schwartz, Portland; three half-sisters, Mrs. Fred Gibson, Mrs. Mabel Ruge and Miss Lillie Ruge, all of West Salem; a niece, Joyce Anderson, of Salem and a nephew, Herbert Ruge, of Monroe.

Silverton—Miss Zita Stamey of Olympia, Wash., is visiting at the home of her uncle and aunt, Mr. and Mrs. Carl Stamey, for several days.

## SINUS? Ilic relief, discovered and developed to perfection—its SI-NO—providing the necessary sinus ventilation and drainage. No more wretched days. Write today for Dr. Davis' FREE booklet on Sinus, Hay Fever and Asthma. Dr. Davis' Laboratories, Dept. A3, P.O. Box 4320, Portland, Oregon.
