America's Finest
Super-Tire—Wards

SUPREME QUALITY

If there were a better rubber-tread stock than is used in Supreme Quality tires, we would use it. There isn't. If there were finer cotton grown, we would use that! If engineering genius could produce a safer, more efficient non-skid tread, or designers produce a hand-somer side-wall, these would find their way into Wards Supreme Quality. Yet it costs you much less than comparable tires!
