

Thirty Dogs Killed Monthly

Public clamor against the use of a dog as a test for the new lethal gas chamber being installed at the state penitentiary falls upon deaf ears as it reaches Carl Radke, city dog catcher and exterminator. Radke said today that he executes an average of 30 dogs a month, using the gas method at the city pound. All victims are strays and unclaimed or are mercifully put to death upon the request of owners. Some cats also "walk the last mile."

The system here is to place the animal in a small concrete and air tight vault and then turn on the gas such as is piped throughout the city. Though the animal is apparently dead in from three to four minutes, it is left for an hour or two before removed to be certain that it cannot revive.

Since the dog deaths run about one a day, Radke does not see why so-called dog lovers throughout the state are protesting. He points out that here, as in other cities, such executions have been carried on for years and no one has protested. If such a protest has been voiced, neither he nor other city officials have heard of it.

Since the canines are under sentence of death by lethal gas anyhow, he does not understand why one of his "condemned prisoners" cannot as well be executed by the state as a test of the efficiency of the new chamber as well as meeting death in the concrete vault. In addition, he declares, the unknown dog, unknown and unwanted, will by death of this nature, go down in history and also make some small contribution to science and perform a last service for his state.

Arany Chosen For Airport

Leo Arany succeeds Lee U. Eyerly as lessee and manager of the Salem municipal airport by vote of the city council last night in accepting Arany's bid of \$600 for a year's lease. Eyerly has been the manager since the port was first established.

Eyerly had submitted a bid at his existing figure of \$300 for a year's lease, and sent in a second one higher than Arany's after the latter had submitted his bid. A few days later, however, Eyerly withdrew his higher bid.

Alderman E. B. Perrine, chairman of the airport committee, said that an agreement had been made with Eyerly a year ago that each year he would increase his fee by \$100. He added that Eyerly really did not want the lease and that he and Arany had made an agreement whereby Eyerly would have the use of certain hangar space, and that they had shaken hands and agreed to be friendly. Arany has for some time been the active flying instructor at the port. Communications reaching the committee on behalf of one or the other of the two men have been about equally divided Perrine said.

The council voted not to lease part of the port to Francis E. Manley, but did not bar him from getting a sub-lease from the manager.

Loading Zone Changes Made

A resolution adopted by the city council last night approves bus loading zone requested by Oregon Motor Stages due to changes in routings recently made by the company. Some zones are abandoned and others established.

Those abandoned are: Southeast corner of State and Commercial; southwest corner of Liberty and State; southwest corner of High and State; 30 feet of the 60 feet at the northwest corner of State and Commercial. New zones are:

Thirty additional feet at the northeast corner of State and Commercial; 60 additional feet at the northwest corner of State and Commercial; 30 additional feet at the southwest corner of Court and Liberty; 60 feet at the southwest corner of Court and High.

By adoption of a resolution the council established one-hour parking on Center and Marion streets between Liberty and Commercial.

For the improvement of pedestrian traffic on South Liberty street lights were petitioned for at Liberty and Trade and Liberty and Bellevue intersections.

Streamliner Greets Older Brother—The City of Los Angeles, described by the Union Pacific as the "biggest, fastest, most luxurious train in the world," is shown as it approached New York for an exhibition. The diesel-powered streamliner will be put in service between Chicago and Los Angeles and will make the run in 39 1/2 hours. (Associated Press Photo.)

Students Give Timely Play

A pantomime play, written by Ruth Anusien and presented in an appropriate Christmas setting on the auditorium stage, will feature Salem high school's combined yuletide and homecoming early Wednesday afternoon. The stage scenery designed and manufactured by the stage craft club, includes a 13 foot stained glass window and is one of the most elaborate ever constructed at Salem high.

The play, Biblical in nature, features Joseph, Mary, the Babe, Wise Men and other characters found in the story of the birth of Jesus. Bill Mudd will take the part of the reader. Others taking part in the presentation include Margaret Birtchet, Claude Boles, George Alexander, Wesley McWain, Loren Hicks, Vernon and Vinton Scott and Victor Gibson.

Music for the production is being arranged under the direction of Miss Lena Belle Tartar. Preceding the stage production there will be high school songs and yells and brief talks by alumni.

Bill Smith, A.S.B. president, is general chairman for the programs. Assisting are Barbara Crain, Ruth Anusien, and Wilson Maynard. The program will start at 12:30 p. m. Carmelita Barquist, science instructor, is adviser in connection with the proceedings.

Hamilton in Optimistic Mood

Portland, Dec. 21 (AP)—Oregon republican leaders listened to an optimistic analysis of political trends from John D. Hamilton, chairman of the national committee, who paid a fleeting visit here last night.

He declared a definite decline in the popularity of President Roosevelt "started with the supreme court fight," continued through attempts to usurp the powers of the whole government and grew through the continued increase in the cost of living.

Hamilton attended a dinner sponsored by the Multnomah county chapter of the Oregon republican club, at which State Treasurer Rufus Holman asserted a growing breakdown of law and order and an unbalanced budget presaged the ap-

proach of dictatorship in the United States.

"Throughout the length and breadth of the land today no citizen is free from x x x intimidation or personal violence when he attempts to take employment where and when he may," Holman said. "Neither is his family secure in his home, nor is his property secure from trespass, damage or destruction."

"History teaches us that governments which continuously spend more than their income eventually fail, x x x When the public credit no longer inspires confidence, disorder and chaos ensue. x x x In each case, prior to the appearance of a dictator, the financial credit of the nation was wrecked," he said.

Hamilton left by automobile for San Francisco after the dinner.

Another charge against pair

A new development in the case of Jack Graves and Dorsey Rardin yesterday was the filing of a charge in Stayton justice court by State Police Lieutenant Max Alford charging them with receiving and concealing stolen property. It is alleged that electric shavers found in their possession were stolen.

Meantime the pair are awaiting grand jury investigation, having been bound over in the Silverton justice court on vagrancy charges, and are also awaiting the outcome of a petition in their behalf for writ of habeas corpus. The writ was made returnable yesterday but was deferred on account of the illness of their attorney.

Another counter move in behalf of Graves and Rardin is a civil action filed against the state police and two California deputy sheriffs, who are here with requisition for extradition, demanding that the officers return to them the electric shavers.

Forum Meets Friday

Dallas—The weekly luncheon of the Chamber of Commerce will be held Friday with Mrs. Robert Griffin, electionist, giving some appropriate Christmas readings. Members are also requested to bring a gift which will be turned over to the Knights of Pythias Christmas cheer committee for distribution.

The European lobster rarely reaches 10 pounds in weight. In America there are records of lobsters weighing 34 pounds.

Carl Hogg was elected president of the Salem Business Men's league at a meeting of the organization at the Chamber of Commerce rooms last night. Other officers are Clarence J. Hamilton, vice-president; C. E. Wilson, secretary-treasurer and Frank Chata, Floyd M. White, Donald J. Madison, Clifford E. Farmer and Ira J. Pitts, directors. Philip H. Holmes is the retiring president.

The league went on record as opposed to telephone soliciting of all kinds and urged business men to demand endorsement cards from the league of those seeking advertising for any purpose. Copies of peddling ordinances now in force in other cities will be sought in an effort to work out an ordinance that will eliminate or at least minimize the "door bell ringing" nuisance.

The wedding ceremony was held at the home of Mrs. J. E. Walmann, North Howell—About 150 friends and relatives gathered at the North Howell Grange hall Sunday for the golden wedding of Mr. and Mrs. J. E. Walmann.

Four generations of the Walmann family were present. Their daughter, Eda Mikkelsen and her daughter, Eva, and son, Harvey, Charles Walmann and daughter, Loretta, Lester Walmann and daughter, Freda, and Loretta Hagan with her daughter, Donna, and sons, Lloyd and Edgar.

Mamas Happy, Dads Blush

Rome, Dec. 21 (AP)—Happily sobbing mothers and blushing fathers heard Benito Mussolini discourse today on the virtues of fecundity with a warning that husbands had better be good in Italy.

The fatherland "wants more and better babies," the Italian dictator told the audience in Mappa Mondo hall where he made awards to 84 mothers, one for each of Italy's provinces.

They were the winners in Italy's national baby race which began April 15, 1926. They had borne 727 children, an average of 7.7 per mother. In addition most of them have other children.

"Il Duce was splendid and so kind I sobbed," Maria Cardelle-Chio, mother of quadruplets and winner from Taranto, said. "Before we left he told us to report to him if our husbands maltreat the family."

Mother No. 1 in today's awards is Signora Anna Valente, who gave birth to 10 children during the contest period.

The youngest mother is Signora Aloisi Giustizieri, 26. She has seven children.

Signor Assunta Angeloni, a farmer's wife among the winners, has the distinction of giving birth to her eight children unassisted by a midwife.

Hogg Elected Head of League

Carl Hogg was elected president of the Salem Business Men's league at a meeting of the organization at the Chamber of Commerce rooms last night. Other officers are Clarence J. Hamilton, vice-president; C. E. Wilson, secretary-treasurer and Frank Chata, Floyd M. White, Donald J. Madison, Clifford E. Farmer and Ira J. Pitts, directors. Philip H. Holmes is the retiring president.

City Refuses Use of Hall

A personal appeal made by Harry Levy of the unemployment advisory council failed to convert the city council last night to the idea of allowing the employment service the use of the council chamber at the city hall to receive the unemployment insurance claims of some 8000 men and women in Marion county. Only Aldermen Frank P. Marshall, Gertrude P. Lobdell, L. F. LeGarie, W. D. Evans and Ross Goodman voted for it.

Levy told the council the town had been thoroughly searched for an adequate place with no result. He mentioned a list of cities and towns that have furnished quarters without rental charge and said the department would want the space for only about three weeks.

Led by Alderman Fred A. Williams strong opposition developed in the council. The employment service was advised to get the use of the first floor of the old high school building where the second floor is occupied by the unemployment compensation commission. Levy replied that this would be objectionable for the reason that the numerous applicants would interfere with the work of the commission.

The council refused to accept this as a valid objection, and Williams said that since the public is paying the taxes for the upkeep of the building there was no reason why it shouldn't be used.

The registration is to begin January 3. Of the estimated 8000 claimants in Marion county about 4000 are said to be in Salem.

Three Injured In Car Collision

Mr. and Mrs. Arthur William Winslow of Jefferson are in Salem Deaconess hospital with severe injuries following a motor vehicle collision between their vehicle and one driven by Roy Burnett of Portland five miles south of Salem about 10 o'clock last night. The attending physician said today he felt certain the injuries would not terminate seriously, although both patients had a poor night, the hospital reported.

Mrs. Winslow, who is a teacher at Jefferson, has a badly injured arm and Mr. Winslow has a broken arm. Burnett, who is a student at University of Oregon, received a fractured nose and body cuts.

The highway was foggy and a third car involved was parked on the highway. It was when the Winslow car, according to Burnett's story, swerved to pass the parked car that the collision occurred.

Recorder Told to Issue Warrants

In anticipation that the city will receive around \$10,000 from the county in delinquency fines and interest on taxes, the city council last night authorized the city recorder to issue warrants on certain delinquent city funds up to \$5000. The action was based on an opinion from City Attorney Paul R. Hendricks, who held that this would be legal.

The council passed an ordinance
