"ARE CAMELS REALLY DIFFERENT FROM OTHER CIGARETTES?"... a question of interest to every smoker

"I've never been very fussy about cigarettes myself. Do you think that Camels are really as different as some people say, Bill?"

"You bet they are different, John! A fellow in any work as hard as selling has to figure a lot of angles on his smoking, such as how it agrees with him. And just notice how many salesmen smoke Camels. I changed to Camels—smoked 'em steadily—and I found a distinct difference in the way I enjoyed all-day smoking. Camels agree with me!"

A FRIEND DROPS IN to see how Bill is coming with his model racing sloop. Daly passes the Camels and answers a natural question about smoking. "That all cigarettes-are-alike talk doesn't square with my experience. Believe me, steady smoking is the test that shows Camels in a class by themselves."

MARITA'S PLANNING a grand feed. "We enjoy entertaining," Marita says. "I like to have plenty of Camels at the table. Camels certainly help to cheer up one's digestion."

ON WEEK-ENDS, Bill goes in for photography. Week days he "pounds the streets." "I get plenty tired," he says, "but when energy fails I get a quick 'lift' with a Camel."

A matchless blend of finer, MORE EXPENSIVE TOBACCO—Turkish and Domestic
