

Canada May Get New Province

Ottawa, Ont., April 21 (AP)—Formation of a 10th province in the dominion comprising the Peace river district of Alberta, the northern part of British Columbia and the Yukon Territory appeared possible today.

A brief compiled by the Peace River Chamber of Commerce requesting reallocation of provincial boundaries which will be forwarded to the federal cabinet and also the Rowell commission on dominion provincial relations elicited the information here that for some months a revision of boundaries in the northwest territories has been under consideration by the government.

The Peace River suggestion is an alternative to a proposal made by Premier T. D. Pattullo, of British Columbia that the Yukon Territory and part of the northwest territories should be appointed to British Columbia.

HIS FAILURE TO LINE UP with supporters of administration's Reorganization bill put Sen. Robert F. Wagner (left), New York Democrat, into such limelight that he issued statement explaining his "disagreement with the delegation of authority to the President to reorganize and transfer the agencies and functions of the various departments (other than quasi-judicial)." He's seen at senate committee hearing with Sen. Carter Glass (center) and Jesse Jones.

2000 Executed In Mongol Purge

Moscow, April 21 (AP)—A purge rivalling that in Russia was carried out recently in Outer Mongolia, Soviet protectorate, to crush an allegedly Japanese inspired plot to overthrow the government, according to belated advices received today.

The newspaper Bezbozhnik quoted the Outer Mongolia government organ "Peoples Right" that large stores of arms, ammunition and light cannon had been seized. It said the first evidence of the plot was uncovered at a trial in January 1937.

Since then a purge has been going on, the newspaper said.

The Outer Mongolia government organ charged that the plot was headed by Buddhist priests.

No information was available as to the number executed but it was indicated that the purge would rival that in the Soviet Union proper in which some 2,000 were executed.

Prepare for Priming, Hockley Suggests

Portland, April 21 (AP)—C. C. Hockley, PWA administrator for Oregon, Washington and Idaho, yesterday requested public officials to prepare for possible resumption of allotments under the president's pump-priming expenditures.

Hockley, who warned that funds might not be made available, asked that projects be put in "proper shape" for immediate work. He asked particularly that project applications reviewed before November 1, 1937, but for which funds were not allotted, be renewed, and possible new projects be surveyed.

"Some of these projects may have been constructed or partly constructed," he said, "and our desire now is to have applicants and ourselves ready to act when and if congress makes more money available."

Dr. Townsend Thanks FDR

Washington, April 21 (AP)—Dr. Francis E. Townsend, old-age pension advocate, thanked President Roosevelt today for a pardon that saved him from a 30-day jail sentence, and left with the chief executive a suggestion for the formation of a coalition government.

Mr. Roosevelt's reaction to the coalition government idea, Dr. Townsend told newspapermen as he left the White House, was that he thought it "quite impracticable."

The 71-year old California doctor said he called primarily to thank the president for pardoning him from a 30-day jail sentence and \$100 fine imposed for contempt of a house committee which investigated his pension plan two years ago.

Finds Amazing Relief With New Van-Tage!

"I suffered terribly with my gassy, bloated stomach," said Mr. Lane. "Everything I ate soured in my stomach and bloated me so tight that if I tried to move awful pains would seem to stab all through me. This gas also pressed around my heart and made it palpitate and I felt so stuffy in my chest that I could hardly breathe. I had terrible belching attacks and a sour, burning substance came up into my throat. I was afraid to try to eat a regular meal because of the suffering I would have afterward. My bowels were constipated and I had to take strong physics or they would not act at all. My system seemed to be contaminated and I had dizzy spells and severe headaches.

"Then I started taking Van-Tage and I believe it is the finest medicine of its kind I have ever found. It had a fine action on my upset stomach. I have a good appetite and my food does not sour and form gas like it did. The gas pressure in my chest has been relieved and I don't have that short of breath feeling. Van-Tage also helped cleanse my sluggish bowels and now they are regular every day. I am proud to endorse Van-Tage!"

VAN-TAGE is now being introduced to crowds daily here in Salem at the Fred Meyer Trolley & Remedy Shop, 170 North Liberty Street. —Adv.
