

7924 Cannot Mark Ballots At Election

Official registration figures compiled today showed that 7,924 persons registered other than democrat or republican, making them ineligible to vote in the primary election two weeks from today for candidates in either of the two party races.

They may, however, vote in the non-partisan judicial contests.

Those who lose their votes in the primary contests for state, county and other political offices include 941 socialists, 327 prohibitionists, 110 progressives, and 6,546 others who registered independent, communist or who refused to divulge their party affiliation.

The total of 265,132 republicans and 248,169 democrats was the same as compiled Monday by the Associated Press. The total registration, an all-time primary election record, was 521,225.

There will be 1,681 precincts in the state, 54 more than in the 1936 primary. Multnomah county's 438 precincts were the same number as in 1936, while Lane county, having the second largest number, was given 112, or 16 more than two years ago.

Marion county is third with 80, an increase of three, and Jackson county has 70, the same as in 1936. Klamath county has 66, an increase of nine, while Coos county has 57, one more.

The number of precincts in other counties for the primary election include: Baker 38, two less than in 1936; Clackamas 77, 15 more; Douglas 46, no change; Josephine 27, no change; Linn 54, no change; Polk 35, no change; Umatilla 41, no change; Washington 50, one more; and Yamhill 32, 12 more.

The 110 progressives who registered were just half the 1930 total, while the ranks of the prohibitionists have dropped from 703 to 327 since that time. The number of socialists has remained about the same since 1930, falling from 1,559 to 941. The number listed in other groups decreased from 8,228 to 6,546.

Ruling Made on Clerk of Court

The Multnomah county clerk does not have authority to accept candidates for clerk of the county district court, vacated April 21 by the death of J. E. Sophy, Attorney General I. H. Van Winkle ruled today.

Van Winkle said that since Sophy died after expiration of the filing period, candidates for the office should not have their names on the ballot.

He added, however, that if voters write in names of candidates for the office, ballots so marked would not be void.
