

Guest Speakers Coming Sunday

The First Presbyterian church will have two guest speakers at its services next Sunday, July 24.

At the 11 o'clock service Rev. Oscar Payne, Sunday school missionary for the Willamette district, will preach the sermon. Mr. Payne was until recently pastor of the Brownsville church, where he carried on a successful ministry. He was graduated from Albany college this year, and was president of the student body. He succeeds Rev. George Wilbur in the Sunday school missionary work, and has recently moved to Salem with his wife and two children.

In the evening at the 7:30 o'clock service, Phil W. Barrett, a student at the University of Oregon and a candidate for the ministry of the Presbyterian church, will preach. Mr. Barrett has supplied the Creswell church pulpit since March, and will continue there throughout the summer. He is well-known in local and state Christian Endeavor circles, and lives in Salem.

The annual church picnic will be held at Paradise Island Friday, July 22, beginning at 3:30 and continuing into the evening. A feature will be a softball game between the dads and sons. Members and their friends are invited. A picnic dinner will be held at 6:30. Dr. Grover C. Birchler is pastor of the local church.

Wolcott Scores Housing Policy

Washington, July 21 (AP)—Representative Jesse P. Wolcott (R., Mich.), asserted yesterday that "no administration has talked so much about improved housing and done so little to encourage it" as has the present democratic one.

He criticized the United States housing authority for what he termed an 11 months' delay before the "first scoop of earth is jarred loose from the ground."

Wolcott said in a statement issued through the republican national committee:

"Perhaps it is only a coincidence that the start of the housing program coincides with election year. But many people will believe it constitutes playing politics with a virtually important matter."

Fish Insists on Probe of Jimmy

Poughkeepsie, N. Y., July 21 (AP)—Rep. Hamilton Fish, Jr., (R., N. Y.) said in an address last night that the next congress "should insist upon a thorough and impartial investigation" of the income tax and insurance activities of James Roosevelt.

Fish denied that he and the president's son sought insurance from a utility company as contended in a recent magazine (Saturday Evening Post) article.

Fish sought unsuccessfully two years to have congress investigate James Roosevelt's income tax returns. Young Roosevelt is his father's secretary.

Bombing Planes Will Assemble

Fort Lewis, Wash., July 21 (AP)—In the greatest army air force concentration in Pacific northwest history, bombing planes will roar over Portland, Spokane, Olympia, Tacoma, Seattle and Everett next month.

General headquarters air force will concentrate planes at Pearson field, near Vancouver, Wash., Felts field, Spokane, and McChord field, near Fort Lewis, August 8 to 15. McChord field will be used for the first time by the GHQ air force as its permanent northwest base. The field was presented to the war department by Pierce county.

Bombing exercises will be held off Cape Flattery and at Fort Lewis.

Rosemary Found And So Is Cow

Baker, July 21 (AP)—Rosemary Wendell of Payette, missing in the Sumpter area for 48 hours, was found by searchers Wednesday afternoon between 12:15 and 12:30.

The girl, retaining control of the cow she was leading when she became lost, apparently suffered no ill effects from her experience. When found, the girl had tied the cow to a tree.

Miss Wendell was found, according to meagre details received here, four miles from the camp where she had been living.

Tear Gas, Clubs Rout Foundry Plant Pickets—Flailing clubs and firing tear gas bombs, 50 Chicago officers, some police and some deputy sheriffs, routed a crowd of pickets from the strike-bound Chicago Hardware Foundry company. Some 500 were in the demonstration which had been enjoined in a recent court order from interfering with non-striking workers. During the melee six women pickets were knocked down and three men and a woman arrested. No one was seriously injured. Above a general scene of the battle. — Associated Press Photo.

Dr. MacNeill's mother and sister, Mrs. John MacNeill and Miss Kathryn MacNeill, who were taken to Albany Sunday in the Larson and Son ambulance, from the Silverton hospital, were said to have shown no ill effects from the trip. Mrs. Marian Girard of Portland, a daughter of Mrs. John MacNeill, is with them at Albany and will care for them for several weeks.

55 Floridans are Added to CCC Camp

Camp Mill City, near Silver Creek Falls, has been increased by 55 new CCC boys from Florida. The boys express a high appreciation of the Oregon country, especially the Willamette valley, with its large farms and well-kept houses and outbuildings. They are impatient to get out and fight some forest fires and it seems from present indications that their appetite for fire-fighting will soon be appeased.

Dickie and Sally Visit Granddad

Two small children took over the governor's press conference this morning and Governor Martin had a difficult time convincing them they couldn't stay all day.

The children are Dickie Pyne, 7, and Sally Pyne, 3, the governor's grandchildren who are staying with him.

Dickie, a slim black-haired lad with his front teeth missing, admitted he liked Salem but added it was a little too hot for him.

"I wish it would cool off so we could drive to the ocean," he told reporters. "It is too hot to drive."

He said he didn't like Salem quite as well as Bremerton, Wash., his home town.

Sally, a pretty blond-haired little girl whom her grandfather says is a "heart-breaker," just wouldn't talk.

The 74-year-old white-haired governor finally persuaded them to go when he told his chauffeur to take them for a ride.

"If their mother knew they were

running around town she would have a fit," the proud governor said laughingly. "Believe me, I'm sure having a lot of fun with those children."

Their father, Lt. Schuyler Pyne, U.S.N., is at sea on a naval vessel. Their mother is here with them.

When V. G. Richards and Miss M. S. Mercer were married recently they were the first couple to be united in the Cranbrook, England, Baptist chapel in 150 years.

WAKE UP YOUR LIVER BILE—Without Calomel—And You'll Jump Out of Bed in the Morning!

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, weak and the world looks punk. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25 cents. Stubbornly refuse anything else.

Mrs. Elmer Ray, vice-president, presided over the business meeting during which the group decided upon the purchase of new drapes for the church parlors.

There were 47 in attendance. Out of town guests were Mrs. Bertha Tennis of Sacramento, Calif., and Mrs. Joe Garner and children of Altura, Calif.

The next meeting will be held at the city park August 19.

Jewish Tide Ebbs Back to America

Washington, July 21 (AP)—The tide of American Jewish emigration to Palestine is ebbing back to the United States. Consular reports showed that in the last 12 months more Jews left Palestine to return to the United States than arrived from this country.

Officials give two reasons for the change in direction. One is the unsettled state of Palestine, the other being economic conditions in the United States.

Consular reports give the number of American Jews resident in Palestine at 9500, compared with 10,000 last year. Figures in the state department show that 1826 American Jews went to Palestine in 1935 and only 357 went in 1936. The total for last year is believed to be even smaller.

Odets Admits He Is Sore At His Wife

New York, July 21 (AP)—Something new in broken Hollywood romances was expressed by Clifford Odets, playwright, when he returned from London yesterday aboard the French liner Champlain. He said his estrangement from Luise Rainer could be described as amicable.

He did not say they parted "the best of friends."

To Miss Rainer's charge that he had a violent temper Odets replied: "In the relationship with women all men have a violent temper."

American men, he added, make the mistake of being too romantic and marry only for love. He said he prefers the point of view of
