

Simpson Clan Has Reunion, Fair Grounds

Zena—A representative group of descendants of William and Mary Simpson, who crossed the plains by ox-team and arrived at Oregon City in 1846, later settling in the Waldo and Silverton hills, gathered at the state fairgrounds Sunday for the annual reunion. The ages of those present ranged from 2 to 81 years. Kay Haldeman, daughter of Mr. and Mrs. George Haldeman, being the youngest and J. B. Simpson, son of David Simpson and grandson of William and Mary, the oldest. A no-host dinner was a feature of the meeting.

The reunion was organized in 1928 with John Simpson of Amity as president and Mrs. Clyde Simpson as secretary-treasurer. John Simpson was elected again last year, after serving for two years the first time and Mrs. W. N. Crawford succeeded Mrs. Everett Service as secretary-treasurer. The Simpson family is of Scotch descent and members of the clan here are originally from Virginia, Tennessee and Kentucky. William Simpson was a circuit rider, the first Baptist preacher in Salem and performed the first marriage ceremony on record at the Marion county courthouse. There were ten children in the family including Thomas, Benjamin, David, James, Barnett, Harriett Simpson Price, Eleanor Simpson Anderson, Elizabeth Simpson Wisdom, Martha Simpson Ford and Mary Ann Simpson MacIn. Thomas, the eldest son, died while on his way back to Missouri to bring a party of relatives and friends to Oregon. The others all settled on donation land claims near their parents. Benjamin Simpson lived to be 92 years of age. He built one of the first sawmills in this country on the Clackamas river at Clackamas City, later building a store and selling groceries and lumber. In 1852 he moved to Salem and built a steamboat called the Oregon in which he shipped the lumber. In 1854 he sold out in Salem and bought a farm near Sublimity and also a sawmill on the Santiam. He sold that mill in 1856 and the government hired him to build a sawmill at Grand Ronde reservation and he bought the old Settlers' store at Fort Yamhill and from there he took a shipload of lumber to Newport and built the Newport road to haul it over.

Taking this cargo to San Francisco during the big California gold rush he received a fabulous price for it. Later he was elected to the second territorial legislature, then was elected to represent Marion county in the house and was representative of Polk county at the breaking out of the Civil war. In 1872 he was representative from Marion county. Another brother, David, was prominent in building up Salem. He located several years after coming to Oregon in Yamhill county, was dissatisfied and moved to the Waldo hills where he took a land claim and reared his family.

In 1858 he sold his farm and moved to Salem where he spent the rest of his life. He was appointed justice of the peace, which office he held for many years. He owned much land in and near Salem and at one time many business houses in Salem, in fact acres of land that Salem is built on. A brother, Barnett, was a boy of ten when he crossed the plains in 1846 with his parents. He married later and moved to South Salem from the Waldo hills, and was elected to the office of supervisor of public instruction which he held for many years.

The group held a short program. John Simpson sang one of his compositions; the poem "Beautiful Willamette," was recited by Mamie Alice Blessington of Longview, Wash., who received the \$1 prize donated last year by Henry Porter, old friend of the family, to be awarded the youngest member of the clan to recite this poem by Samuel L. Simpson at this reunion.

After a general discussion a decision was reached to hold the 1939 reunion at the Dallas park where the young people will have amusements including swimming.

The business meeting with reports by Mrs. W. N. Crawford, secretary-treasurer, preceded a pleasant afternoon of reminiscence of olden days. Those attending Sunday were J. B. Simpson, Mrs. Nanny Cherry, Mrs. Phoebe McTimmons, Mr. and Mrs. John Simpson, Mrs. Clyde Bliven and sons Willard, Melvin and Darryl, Mr. and Mrs. J. C. Simpson, Mr. and Mrs. A. M. Matlock, Mr. and Mrs. Everett Service, Curtis Service, Mamie Alice Blessington, Arthur B. Raymond, Evelyn LaHose Lovelace, Mr. and Mrs. A. Cherry, Eino Simpson, Mrs. Susie Hanson and son Harold, Mr. and Mrs. George D. Haldeman and Kay, Mr. and Mrs. D. M. Burnett, David Matthews, Mr. and Mrs. W. N. Crawford and Wilma, Mrs. A. Robinson and Mrs. K. Gray.

Council Takes Offered Deed At Lebanon

Lebanon—Acceptance of the deed to the Krumi property, killing of the proposed new sanitary measure and decision to vote funds for rodent control and extermination in the city were three significant highlights of an important session of the Lebanon city council meeting in the city hall Tuesday night.

The council accepted the deed from the strawberry festival board with the agreement to sponsor a WPA project to develop and improve the property and to allow the board to use the site for the festival without charge. Harold Irvine, spokesman for the several members of the board present, explained there was no intention that the property should replace that at the river bank which the city has long planned to make into a park, but that the area could be opened to the public at the council's option.

Cost to the city for accepting the deed is only that of supervision and materials for the WPA project. Other maintenance cost may be necessary if the property is opened to the public. In any case, the board is planning ultimate construction of a building which will be used for community affairs, organizations and exhibit use in the fair.

The proposed sanitary measure which would ban open privies within 300 feet of a water main, was killed by a tie vote. Negative ballots were cast by Councilmen Donaca, Hassler and Dart, while Councilman Gill, Zimbrick and Southard favored it. Opponents of the bill declared they voted against it because an existing ordinance requiring construction where the house is within 100 feet of a sewer is assertedly not enforced, explaining more rigid law should not be enacted until present law is enforced.

The program of rodent control and extermination will be carried through in conjunction with a similar program which is about to be launched in a district adjoining Lebanon on the east, north and south. The city agreed to allot \$50 toward the program in the city and to provide a room for storage of the poison and for headquarters for the workers. Two WPA laborers will work in Lebanon.

Mennonite Church Conference Looms
