Two-Bits Per Minute in Interest Gravy

Two-bits a minute! Not hay—gravy.

Nice, brown interest gravy to garnish Oregon's unemployment compensation fund, which continues to show an appetizing, well-done balance of $4,823,086 after six and one-half months of benefit payments to 64,161 claimants.

Yassir. Two-bits a minute; $14.75 an hour; $354 a day. That's what Oregon's fund is drawing in interest from Uncle Sam. Rate: .0000687407058l per dollar per diem.

First quarter interest earnings totaled $35,025.25 and Administrator D. A. Bulmore has just received unofficial word that the second quarter netted $28,710.77, boosting the total interest savings to $158,799. And it all goes to the jobless insured. Not a penny for expenses.

Oregon started 1938 with a fund balance of $5,823,552.02. Contributions and interest amounted to $3,036,474.87, or a total of $8,860,026.89. Benefits paid in 358,459 checks through July 16 totaled $4,065,651.29.

The balance of $4,823,086.37 shows the fund has depreciated only $1,000,465.65 during a period of abnormal demands for benefit payments.

School Will Train Sailors

Washington, July 21 (AP)—Seamen training schools will be established in September by the maritime commission, whose program for rehabilitating the merchant marines includes "trained and efficient personnel."

"Good men can sail poor ships, but poor men cannot sail good ships," commented Admiral Emory S. Land, maritime commission.

The schools will be located on Hoffman and Swinburne islands in New York harbor, Government island at Oakland, Calif., and a site on the gulf coast.

Later, Land said, it is planned to establish a training school for merchant marine officers at New London, Conn.

The coast guard will have charge of the forces. There will be facilities for about 3000 men and 300 officers each year.

Because of acute unemployment in the maritime industry, Land announced, only unemployed seamen who have had two years' sea service will be eligible for training at the start.

Unlicensed seamen will receive $36 a month during a three-month training period, with allowances for clothing, subsistence and quarters. Licensed men will receive $125 a month and quarters.

The new maritime service, Land said, will not supersede the cadet system established a few months ago by the commission. Under this system 10,000 youths have applied for training for officers on government-owned and government-subsidized ships.

Portland Girl Saves Swimmer

Medford, July 21 (AP)—Patricia Wheeler, 15, of Portland, saved Ellis McCurley, 13, of the Jacksonville district from drowning in the Rogue river near Central Point last Sunday, it was reported yesterday. Both were members of a juvenile swimming party.

Young McCurley got beyond his depth and became exhausted from his efforts to reach shore. He slowly sank. Patricia noticed him floating under the surface and promptly swam to the spot, made a short dive, and hauled him ashore. The lad was speedily resuscitated.

Patricia is the daughter of Mr. and Mrs. E. R. Wheeler of Portland and is a sophomore in the Roosevelt high school there. She is spending a vacation with her grandparents, Mr. and Mrs. J. S. Lundy of Jacksonville.

It's No Surprise That You're Constipated!

If constipation has you bogged down so you feel tired, sunk, all played out—it's time you asked yourself some questions!

What have you had to eat lately? Just meat, bread, eggs, potatoes? It's no surprise you're constipated! The chances are you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It's a *kind* of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

If this is what you lack, your ticket is crisp crunchy Kellogg's All-Bran for breakfast every day. It contains the "bulk" you need plus Nature's great intestinal tonic, vitamin B1.

Eat All-Bran every day, drink plenty of water, and take a new lease on life! All-Bran is made by Kellogg in Battle Creek. Sold by every grocer.
