

Stocks Advance When Czechs Surrender

New York, Sept. 21 (AP)—Stocks advanced for the third consecutive session today when Prague accepted the plan to partition Czechoslovakia.

Stocks opened quiet and irregularly higher. The price slipped off until word of the Czech action brought a swift comeback. For a time, dealings were so heavy that tickers ran several minutes late.

Prices eased when Premier Mussolini, in a speech, demanded that the problem of all Czech minorities be settled "integrally," but the rise was resumed in late dealings. Advances ranged from fractions to more than a point. Some high priced issues had advances of 4 points or more.

Bond trading in world markets was featured by a break in Czech bonds. The issues crashed as much as 15 points in London, in New York they dropped as much as 9 1/2 points.

Greatest activity in stocks centered in automobile issues. General Motors reached 46 1/2 up 1/2 and Chrysler 7 1/2 up 1/2. Moderate demand was noted for motor equipments and rubber tire shares. U.S. rubber had a gain of more than a point.

Railroad shares were depressed after an early rise on word from Washington that railroad management would not back down on its demands. Farm shares were fractions to a point higher. Oils dipped. Coppers were steady.

Widest gains were made by Allied Chemical, LaCade Gas Preferred, Philip Morris and Pacific Tin, which were 2 to more than 4 points above the previous close.
