I'M NO CREAM PUFF!

The way I used to shake in Winter would make a Hawaiian dancer look like a statue! And it was because I stuck to Summer underwear all year round. But not any more! When the thermometer starts down in the Fall, I switch to HANES midweight Winter Suits!

I'm no cream puff. I'm not soft anywhere—not even in the head. And good, hard sense says that even if you do work indoors, you shouldn't take chances when you go outside. I don't mean you have to be bundled-up so much that you feel padded when you come out of the cold. But I claim HANES Winter Suits are the kind of light protective stuff a lot of us men need!
