Stocks Edge Higher in Dull Turnover

New York, Feb. 21 (U.P.)—Stocks edged irregularly higher in dull pre-holiday dealings today.

Traders showed little disposition to add to commitments in view of the Washington's birthday holiday tomorrow when all United States markets, except livestock centers, will close. Selling, on the other hand, dwindled.

Bonds were mixed in dull turnover.

Firmness in rubber, silk and sugar futures featured an other wise soft commodity group. Cotton and grains were steady.

Steel shares were aided by private reports placing steel operations for this week above last week's rate.

Rail shares were firm on small gains. Support for the group was predicated on indications for higher carloadings and several heartening January earnings reports. Utilities met a good demand and clung to narrow gains on belief that Secretary of Commerce Hopkins will say something favorable for the power and light industry in his speech at Des Moines Friday.

Aircraft shares recovered after a period of early softness. Boeing and Douglas were up almost a point each. Oils were steady.

Motor shares met good demand and Chrysler was up ¾ point while General Motors had a smaller gain. Rubbers recovered from an early easy spell, with U. S. Rubber gaining a fraction.

Aerial Battle Over Lanchow

Shanghai, Feb. 21 (AP)—Both Chinese and Japanese reported victory today in a great aerial battle over Lanchow, important Chinese military base in northwest China.

A Japanese navy communique said 36 Chinese planes, all made in Russia and piloted by Russian fliers, were shot down in the engagement which took place yesterday afternoon.

The communique said the Japanese planes, numbering scores, also destroyed the Chinese airdrome at Ianchow and wrecked military buildings.

Reports from Chungking, however, said the Chinese had brought down eight enemy planes and only three Chinese pilots were injured. These reports did not mention any Chinese planes being destroyed, but did say several public buildings were wrecked and about 20 civilians killed.

The battle lasted about 20 minutes, the Japanese communique said, with between 40 and 50 Chinese planes engaging the attacking squadron in a dramatic series of dog fights.

One disabled Japanese bomber, according to the communique, deliberately dived into a munitions dump, blowing it up.

Chinese reports said nine Japanese planes were shot down last Wednesday over Changsha, Hunan province capital, and yesterday's battles at Lanchow were regarded as indications the long idle Soviet airmen were resuming activity.

Engineers Get 3 Applications To Cross River

Applications have been made to the office of the war department district engineer in Portland by the Bonneville project for permits to construct overhead wires across Willamette river near West Salem, at Spong's landing and immediately below the Oregon Electric railway bridge at Wilsonville.

At West Salem the proposed work consists of wires supported by wood pole structures landward of the mean high water shore line. A vertical clearance of 86 feet between the lowest part of the wire sag and low water is provided for in the plans for navigation needs.

At Spong's landing the proposed work consists of wires supported by steel towers landward of the mean high water shore line. A vertical clearance of 86 feet between the lowest part of the wire sag and low water is provided in the plans for navigation needs.

At Wilsonville the proposed work consists of wires supported by wood pole structures landward of the mean high water shore line. A vertical clearance of 95 feet between the lowest part of the wire sag and low water is provided in the plans for navigation needs.

'Hit It Up' to Open Tonight

With but 45 reserved seats remaining unsold for the first performance, capacity crowds were expected for tonight and Wednesday evening when the Salem Lions club presents "Hit It Up" under the direction of Wm. P. Root at Leslie junior high school auditorium.

Dress rehearsal held last night found the entire cast of some 250 persons ready to make its debut tonight in front of the footlights, in a production which features a lot of nonsense as well as several numbers which call for really high class performances.

From the grand opening at 8:15 o'clock, which features Ruth Steinbock and Dick Stober in "Alexander's Rag Time Band," through until the finale of a stream-lined minstrel, there is never a dull moment.

The first portion of the program consists of 14 "hits." One of these "hits," entitled "The Breath of Spring," is calculated to put the audience in an uproar as they watch a group of men, including Wm. Snodgrass, R. L. Elvin, Ernie Lentz, Leo Reiman, Joe Land, Al Ramseyer, Wm. Laurinet, Wilfred Hagedorn and Jack Putnam, perform as "salt water nymphs."

"Quiet Waters," which calls for an elaborate stage setting, will feature Lucille Shannon, acrobatic dancer, and a number of young women as "moon beams" with appropriate costumes.

George Bynon takes the part of interlocutor in "Modern Minstrelcy." End men are Warren Randle, Barney Filler, Harry Brown, Leslie Springer, Claude Stevenson and D. D. Craig.

Proceeds of the two nights production will be used by the Lions in furtherance of their charitable enterprises.

Oregon WPA Not Not Seriously Hurt

Portland, Ore., Feb. 21 (U.P.)—E. J. Griffith, state WPA administrator, said today that Oregon will not be seriously affected by the $150,000,000 cut in funds made recently by congress.

Griffith, who returned today from a conference of state directors in Chicago, said Oregon has adhered strictly to its budget and will not be penalized.

States which consistently have gone over their budgets will suffer the hardest blow under the curtailment, the administrator said.

Turner Road on Way To Become Orphan

Unless the city wishes to take up the offer of the county to accept the Turner road in the city limits after the county has oiled it up to high class specifications, the road will remain an orphan and property owners will have to get along with the road as it is being improved with a thick rock base ready for oiling, but without the oiled surface.

The county court now has control of the road as a county road, the original intention being when it was improved to use it as entrance into the city for the North Santiam highway but that plan was abandoned some years ago.

Last year Mayor Kuhn called on the court and an agreement was reached that the city would do some work on the Shelton ditch and the county would oil the road, the expenses to balance each other off on a 50-50 basis. This was never carried out.

The latest offer made by the county, state court members, to Mayor Chadwick and Councilman Willis Clark, is that the county would bring the road base up to high class specifications, oil it in excellent shape, and after this was done turn the road over to the city so it would become a city street. And court members at their discussions today let it be known that this is their last offer and if the city doesn't want to accept this, which they consider very generous, the court will not attempt to oil it. However, it will go ahead and bring the base up to proper specifications and leave it as a graveled road with a heavy base.

It was brought out the county court could vacate the road by resolution now, if it wished, which would leave it either reverted to the property owners of the city, they were not quite sure which. However, the opinion was it would revert to the property owners, as considerable of the right-of-way was bought by the county for road purposes. If this were to be done it would then be up to the property owners to handle the road as they saw fit, it was pointed out.

But, apparently, unless the city takes up the county's latest offer, the road will be the county's baby, left on the city doorstep, with nobody to adopt it.

Turkey Growers Meet March 8

Lebanon—Wednesday, March 8, will be the date for the all-day meeting and free banquet for turkey growers here, sponsors of the occasion announced here yesterday. The date was set by County Agent Floyd Mullen, who is arranging a morning and afternoon program for those attending in the Legion hall.

Attendance will be made up not only of Linn county growers but also those of Benton county who are marketing through Linn county concerns, it was announced. Preparations are being made to entertain at least 300 persons although sponsors state a much larger attendance may be present.

The banquet will be served in the Methodist and the Presbyterian churches at noon, and will be served by the respective women's groups of the churches.

Local feed and seed concerns are contributing, and turkeys for the free dinner are to be supplied by Linn county marketing concerns. The Lebanon Commercial club is underwriting the occasion. Ralph Scroggin is chairman of arrangements and assistants include L. E. Arnold and John Reed.

Boy Held at Eugene on Murder Charge

Chillicothe, Mo., Feb. 21 (AP)—Sheriff W. C. Uhrmacher received word of the arrest last night at Junction City, Ore., of Irvin Burgard, 16, sought in connection with the slaying of his mother, Mrs. Mabel Burgard, 50, a widow, at her farm home 12 miles south of here last July 31.

Sheriff Uhrmacher said the youth would be returned here to answer a murder charge filed by Prosecutor Charles S. Greenwood.

Sheriff C. A. Swarts at Eugene, Ore., quoted Burgard as saying he killed his mother accidentally while cleaning a .22 calibre rifle, became panicky and fled.

The body of Mrs. Burgard was found in a rocking chair the day after the shooting. Irvin and the family automobile had disappeared. Three days later the car was found in a dense thicket three miles from the Burgard home.

No trace was found of the youth until two days ago when he was located through a letter.

Eugene, Feb. 21 (AP)—Sheriff C. A. Swarts, acting on the request of Missouri authorities, arrested Irvin Burgard, 16, last night in connection with a charge of murdering his mother at Chillicothe, Mo.

Swarts said the youth admitted shooting his mother, Mrs. Mabel Burgard, a widow, last July 31, but asserted it was an accident. He said a rifle he was cleaning accidentally discharged. He fled in panic when he realized his mother was dead, the boy stated.

The sheriff said Burgard would be held pending further word from Missouri officers.

Bill Extends Lending by RFC

Washington, Feb. 21. (AP) — The house passed legislation Monday extending lending powers of the Reconstruction Finance corporation and life of the Electric Home and Farm authority until June 30, 1941.

The measure goes to the senate which has approved similar legislation.

The house approved the bill on a voice vote after republicans were defeated in an attempt to abolish the Electric Home and Farm authority. Rep. Luce (R-Mass.) offered the amendment, asserting he wanted to obtain a test of congressional sentiment for halting some of the federal government's activities.

The bill originally called for extension of RFC powers to Jan. 15, 1941, but an amendment advancing the date to June 30 was adopted without opposition.

The house turned down, by a standing vote of 110 to 89, an amendment by Rep. Wolcott (R-Mich.) to take from the president the right to stop or suspend RFC loans, regardless of the views of the RFC directors.

It would have allowed the president to halt RFC lending only upon the advice of the RFC board.

Dresses, skirts and blouses received in the United States last year were valued at $1,177,983.
