Mother's Standby in Treating CHILDREN'S COLDS

FOR RELIEVING discomfort of chest, colds and night coughs, rub Vicks VapoRub on throat, chest, and back at bedtime. Its positive-vapor action relieves local congestion and helps the youngster relax into restful sleep.

FOR COUGHING and irritated throat due to colds, rub VapoRub on the child's tongue. It melts, soothes the throat with comforting medication. Also massage on throat and chest.

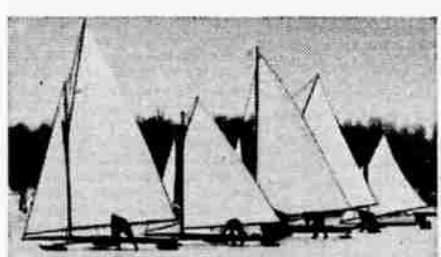

FOR HEAD-COLD "sinuses" and misery, melt a spoonful of VapoRub in a bowl of boiling water. Have the child breathe in the steaming vapors. This loosens phlegm, clears air-passages.
