Stock Market Rallies After Initial Decline

New York, June 21 (U.P.)—The stock market rallied in late trading today after an irregular decline. A majority of issues registered gains ranging to more than a point. Volume continued small.

New highs were made by Commonwealth Edison and Engineers Public Service 5 percent preferred. Public Service of New Jersey was up a point and Detroit Edison nearly 2 points.

Steel shares, down more than a point in early trading, recovered part of the losses. Automobile stocks displayed firmness. Rails and coppers were steady. Mercantile issues improved.

The market ran into moderate profit-taking on the rally and some leaders receded from the tops.

Bonds were firm. Cotton suddenly strengthened after an early decline. Wheat lost fractions to a cent a bushel.

Business news continued favorable. Electricity output for the week ended last Saturday, reported today, was the best for any week since February 11 and the year to year gain was the best since June 12, 1937.

An uptrend was noticed in railroad carloadings. Iron Age said the most significant development in steel industry was the determination of some branches of the trade to adopt a firmer position on prices.

Stock sales approximated 470,000 shares against 480,000 yesterday. Curb stock sales were 77,000 shares against 91,000 in the previous session.

Dow Jones closing stock averages: Industrial, 137.61, up 0.04; rail, 27.66, off 0.02; utility, 24.08, off 0.04.

$1,200,000,000 in Agricultural Bill

Washington, June 21 (AP)—A senate-house conference committee agreed today upon an agriculture appropriation bill carrying more than $1,200,000,000 for the fiscal year starting July 1.

Rep. Cannon (D., Mo.), said house conferees had accepted the $225,000,000 increase voted by the senate for additional farm benefit payments but would ask separate house votes on numerous other senate increases, totaling about $140,000,000.

Senator Bankhead (D., Ala.) said the conference group had made reductions of only $13,126,439 from the $1,219,000,000 total approved by the senate.

Carloadings in Northwest Increase

Seattle, June 21 (AP) — Pacific northwest carloadings in May totaled 89,035 cars, the best May figure in the past six years, the Pacific northwest advisory board reported today. The May total last year was 70,616 cars.

Forest products filled 22,959 cars, compared with 17,248 in the same month last year and log loadings were 21,690 cars, compared with 18,746 in May, 1938. Grain loadings also showed a sizable increase, from 4,577 to 7,471 cars.

The five month total of all loadings was 377,079 cars. Last year in the same period, it was 334,188 cars.

Enjoin Cutting Of Infected Pear Orchard

Medford, June 21 (AP)—In a final decree handed down by Circuit Judge H. D. Norton Wednesday in the suit of Thomas L. Taylor, orchardist, against Solon T. White, director of the state department of agriculture, and Jackson county horticultural law enforcement agencies, the defendants are permanently restrained from cutting down the remaining two and one-half acres of the Taylor orchard, posted more than a year ago as blight infected.

The decree further rules, however, nothing in the findings shall be deemed as restraining the defendants from future inspection of the two and one-half acres for blight or scale, or other tree diseases.

Taylor procured a temporary restraining order, now made permanent, in December, 1937, after six acres of trees located on the Bear creek bottoms had been cut down by Jackson county fruit inspectors. There were several clashes between Taylor and fruit inspectors, ending with the naming of a special inspector to report to the court.

The action was of interest to Rogue river valley pear growers because it involved the enforcement of the blight control law.

Besides the state director of agriculture other defendants were County Agent R. G. Fowler, Horticulturist C. B. Cordy and Fruit Inspector Howard Warner and Frank McKinnon.

After-Harvest Plant Care Explained

"After-Harvest Care of Strawberry Plants" is the title of a new extension circular, No. 328, now available at the county agent's office.

The new circular gives valuable information on the care of the plants during the fall months when the fruit bud formation for next year's crop takes place.

Fall or after-harvest applications of commercial fertilizers are recommended when it is wished to use commercial fertilizers in the strawberry fertilizer program. August applications may be preferable to September applications in Oregon, provided early fall rains occur.

Every strawberry grower should obtain his copy of this valuable strawberry culture guide and study it carefully if he is interested in having a thrifty planting, advises Assistant County Agent Robert E. Rieder.

Oregon Girl Wins Florida Attention

Just when Florida's publicity men had the nation convinced that Florida had more than its share of good-looking girls, a Florida man commits what must amount to treason against his own state.

The Floridan addressed a letter to the "press agent for the state of Oregon," asking for the name and address of an Oregon girl, clad in a bathing suit of moss, whose picture appeared in a national picture magazine. He said he wanted to write to her.

The letter was delivered to newspaper correspondents here by the mail man, who never heard of a state press agent. No one else ever did, either.

Young Motorists Most Dangerous

Portland, June 21 (AP)—Youthful motorists, physically capable but lacking in judgment, are the most dangerous drivers, Dr. F. R. Noffsinger, educational consultant of the American Automobile association, said here in an interview. He stated 16-year old drivers averaged two million miles for each fatal accident, 25-year old drivers 12 million and 48 to 50 year old drivers 22 million miles.

Shingle Mill Burns At Willapa Harbor

South Bend, Wash., June 21 (AP)—A mid-forenoon fire destroyed the main mill of the American Shingle company, one of the largest on Willapa harbor, with an estimated $100,000 loss today.

At noon, fire fighters from the Raymond fire department and the vounteer South Bend department believed the dry kiln, the engine room and most of the cargo loading shed and dock had been saved. The flames at a time threatened the Standard Oil company dock.

The fire was believed to have started from an overheated engine box about 10 a. m. Within 15 minutes, the main building was in flames.

The mill employed 100 men, who had been working three shifts. Insurance was believed to cover the loss.

Father Sacrifices Baby to the Lord

Charlerol, Pa., June 21 (AP)—A 19-month-old baby girl who State Motor Patrolman J. C. Conway said was shot by her father as a "sacrifice" died today in a hospital.

The father, Clair Young, 35-year-old miner and part time evangelist, had been held on a district attorney's detainer since the child, Ada, was wounded Monday.

Conway said Young told him he fired at the baby as she crawled toward him because:

"I felt I had to sacrifice in the eyes of the Lord in order that I may go to heaven."

Yamhill Realty Board Organized

Claude H. Murphy, newly-appointed state real estate commissioner and four local realtors, William McGilchrist, Jr., E. A. Miller, J. F. Ulrich and C. V. Johnson, went to McMinnville last night where they assisted in the organization of the Yamhill County Realty board. The new board has a charter membership of 22, with Fred H. Hutchcroft, McMinnville, as president. Other board members are B. F. Baker, Newberg, first vice-president; N. A. Cramer, McMinnville, second vice-president, and Mrs. Leora Hessemer, McMinnville, secretary-treasurer.

During last night's meeting, Commissioner Murphy expressed the opinion that "real estate brokers have a greater opportunity to study the duties and activities of their chosen vocation if they become members of the ogranizations formed for the purpose of cooperative activity, to upbuild and study better real estate ethics and practices."

It is probable additional boards will be established during the next few months.

Lions Return to Homes Well Pleased

More than 300 members of Lions International left for their homes scattered throughout Oregon late yesterday, following the close of the 15th annual state convention, voted by many to be the best of the entire series. The final event of the three-day conference was the steak luncheon served at Silver Creek Falls park Tuesday afternoon. This was attended by more than 200 persons. While the grounds were somewhat wet, due to recent rains, conditions were nearly ideal for a gathering of the type staged at the park.

Many persons expressed their surprise at the friendliness of Salem residents and went home with a good impression of the capital city. Revision of the constitution and the election of three district governors constituted the principal pieces of business.

Trapped Sailors Don't Like Beans

Portsmouth, N. H., June 21 (AP)—Beans is beans and sailors trapped in a submarine at the bottom of the ocean don't like 'em.

Lieut. Oliver F. Naquin, commander of the sunken Squalus, testified yesterday that:

"I found the ration of beans as at present supplied not particularly desired by my men on the bottom of the sea. Instead they preferred canned pineapples, canned peaches and the like.

To a stenographer who didn't quite get that word: "Beans," Naquin replied: "Didn't you ever hear of navy beans?"

Rubles Have Visitors

Amity—Mr. and Mrs. Fred Ruble of Multnomah were guests Friday at the home of his father, J. A. Ruble. Other recent guests at the Ruble home were his nieces, Mrs. Helen Ferguson Montgomery of Los Angeles, Calif., and the Misses Louise and Mary Jean Taylor of Tacoma, Wash. All are former Amity young people who spent their childhood here.

N.Y. Chinatown Swept by Fire

New York, June 21 (AP)—The worst Chinatown fire in 30 years raged through two teeming Doyer street tenements early today, taking at least eight lives and menacing the whole area of crowded outworn buildings.

Excited, chattering Chinese and white residents of the district, routed from their beds by the clatter of engines responding to four alarms and the screams and shouts of desperate men and women fleeing for their lives, jammed the crooked narrow streets for hours.

The firemen, who were joined by Mayor LaGuardian during the height of the fire, worked under extreme difficulties in the twisting streets. Four of the firemen were injured.

For half an hour after they had sighted a man clinging to a fire escape which threatened at any moment to fall, the firemen worked under a protective barrage of water to rescue the man. Eventually he was brought down, only to die later in a hospital.

The fierceness of the blaze and the rapidity with which it roared through the ancient wooden halls and dark cubicles of the tenements moved Mayor LaGuardia to declare that "Chinatown must go."

It also led to the announcement by the district attorney's office that an investigation would be started immediately to determine responsibility for the fire and the loss of life.

Board Approves Appointees

The board of control approved the appointments today of Dr. Bruce Titus, 31, Salem, as assistant superintendent of the Oregon Fairview Home, and of Dr. John M. Ramage, 29, also of Salem, as part-time physician at the same institution.

Dr. Titus succeeds Dr. G. W. Ritteman, while Dr. Ramage will take the place of Dr. J. O. Matthis.

Dr. H. G. Miller, superintendent of the institution, said that Drs. Ritteman and Matthis resigned after they engaged in a fist fight last Thursday in Dr. Miller's office.

Dr. Titus was graduated from the University of Oregon Medical school in 1934, and is county medical director for Marion county. Dr. Ramage was graduated from Willamette university in 1931 and the University of Oregon Medical school in 1936. He has practiced in Salem since last August.

The institution houses 1000 feeble-minded persons.

Ex-Senator Duffy Appointed Judge

Washington, June 21 (AP)—President Roosevelt nominated former Senator F. Ryan Duffy today to be United States judge for the eastern district of Wisconsin.

Duffy, who was a staunch administration supporter while in the senate, will succeed Judge Ferdinand A. Geiger, who retired recently. Duffy was defeated for re-election in 1938 by Senator Wiley (R.-Wis.).

Mr. Roosevelt also sent to the senate the nomination of Martin I. Welsh to the new position of United States judge for the northern California district.

Welsh, now on the Sacramento county superior court bench, had been endorsed for the post by Senator Downey (D.-Calif.), former Senator William Gibbs McAdoo of California and Representative Buck (D.-Calif.).

Question of Law Faces New PUD

Hood River, June 21 (AP)—Public utility district proponents who approved a PUD in this section Monday had a point of law on their hands today.

While rural Hood River valley approved the district, Hood River city did not. Under Oregon law the district can be formed but cannot include the city.

Two of the five directors elected Monday were Hood River residents and PUD observers said they doubted whether they could qualify legally to serve.

Wheat Export Subsidy Waits

Washington, June 21 (AP)—Federal farm officials indicated today they would await the outcome of a meeting of the International Wheat Conference advisory committee in London next month before deciding whether to continue the export subsidy on wheat during the next marketing season.

The committee will consider proposals to divide the world wheat markets among various exporting nations.

Officials explained an international agreement dividing markets equitably would make it possible for competing nations to abandon such trade practices as payment of bounties to encourage exports.

The United States employed a subsidy program during the current marketing season to place about 112,000,000 bushels of grain in foreign markets. The program cost approximately $22,500,000.

One of the factors requiring the use of a subsidy, officials said, was that wheat prices averaged 5c a bushel higher than world prices. Ordinarily they are lower. A reason for the difference was the government's loan program.

Officials said should no agreement be reached at the London meeting the United States would either have to continue the export subsidy or be content to sell far less than its "fair" share of world markets.

Oregon Farmers Receive $1,000,000

Corvallis, July 21 (AP)—N. C. Donaldson, state AAA executive officer, reported today Oregon farmers had received in recent weeks nearly $1,000,000 in wheat parity payments.

The price adjustments were assigned to farmers who held their acreage within the limits specified by the department of agriculture. The program was designed, Donaldson said, to bring the ratio of farm income and farm expense closer to the 1909-14 parity period.

He announced payment of $973,276 on 2,227 applications. Total payments will be about $1,400,000.
