

Huey Long's Pal Indicted for \$132,740 Graft

New Orleans, Aug. 21 (AP)—Abraham L. Shushan, powerful Louisiana politician and former close associate of Huey P. Long, was indicted by the federal grand jury here today with four other persons on charges of using the mails to defraud.

The indictment concerned a New Orleans levee board bond refunding action in which Shushan allegedly received \$132,740.

Named with the 300-pound former president of the levee board, whose name was stripped from Shushan's report here two weeks ago, were Robert J. Newman and Marvin T. Harris, Jr., member of the prominent investment firm of Newman, Harris and company, Herbert W. Waquespack, member of the levee board at the time of the transaction, and Henry J. Miller, an accountant, all of whom allegedly shared in a \$486,000 fee paid in the refunding.

Other Indictments

Two other indictments were handed down today, one naming State Senator Clarence A. Lorio, prominent Baton Rouge politician and former aide to Huey P. Long, and the other Dr. James Monroe Smith, former head of the Louisiana State university, Lorio was charged with using the mails to defraud, Smith with income tax evasion.

The violent death of Dr. J. A. Shaw, key government witness and keeper of Louisiana's oil industry secrets for a decade, today gravely complicated the federal investigation of tangled state affairs, but government prosecutors promised no oil.

Oil Czar Suicides

Shaw, director of the minerals division of the Louisiana conservation department and titular "czar" of the state's oil industry, was found fatally wounded at his home here last night. A revolver lay nearby. He died on the operating table at Baptist hospital 45 minutes later. Coroner C. Grenes Cole said it was suicide.

The prosecutors said Shaw's absence as a witness made the case much more difficult but would not alter prosecutions.

Test System Adopted For Non-High Pupils

A new system for checking the eligibility of pupils for non high school tuition has been worked out by County Superintendent Agnes C. Booth and the plan was announced today.

Every pupil affected will be required to fill out an information blank before the certificate of eligibility is issued. These will be available from all high school principals and will be in their hands several days ahead of school opening. They can also be secured at the county superintendent's office.

This information blank will give all of the data as to the pupil, his educational record, a statement as to the high school he plans to attend and other essential data. When the information blank is found in order the eligibility certificate is issued and is evidence he is entitled to tuition. This certificate will be taken up by the high school principal when the pupil registers and is retained by him. A new certificate will be issued each year. Under no condition can the pupil register and be eligible for tuition without such certificate. No tuition will be paid for any pupil for whom an information blank is not on file in the county superintendent's office. The non-high school board reserves the right to revoke any certificate found based on false or incorrect statements.

Under the new system the eligibility of pupils will be checked in advance and an eligibility certificate issued to each, instead of checking the eligibility from diplomas and working it out at the end of the term. The new system will expedite payments and will be a safeguard to high schools, stated the county superintendent.

Seek Change In Bus Route

A proposed change in the routing of the Oregon Motor Stages in East Salem is expected to come before the city council tonight in response to petitions for some extension of the service. After the State street bus turns into 23rd it is proposed to make the next turn west on Mill instead of west on Trade, thus adding a block to the run south.

It was understood today that the election of an alderman to succeed the late Frank E. Looze of Ward 3 will be deferred until the first meeting in September.

Also at the first meeting next month the city budget for 1940 will have its first airing.

An ordinance bill will be introduced tonight, and probably advanced to third reading and passed whereby the state will deed to the city certain recently-improved area in front of the capitol building for street purposes.

A resolution will be introduced for the installation of a "slow" sign at Fourth and Hood streets.

An old claim of W. J. Casey, dating back three years, for injuries suffered in a fall into a sewer ditch is expected to come up again.

Portland Lodge Wins Moose Drill Contest

Portland lodge won first place in the drill team contest for men conducted on Olinger field Sunday afternoon in connection with the closing day sessions of the state convention of the Loyal Order of Moose Klamath Falls placed second. In the women's division, the Klamath Falls squad was judged best, with Corvallis second. Judging was in charge of Captain William H. Hammond, of the secretary of state's office, assisted by Lt. Dow H. Lovell of company B, 162nd Infantry and Staff Sergeants Levinsky and Hodges of the regular army.

Klamath Falls walked away with first place in the ritualistic contest held Saturday night in Fraternal temple, with Merrill, a lodge sponsored by Klamath Falls, placing second.

O. W. Emmons of Salem was elected president for the fiscal year scheduled earlier in the convention. G. E. Montgomery of Hillsboro was elected prelate, the only office for which there was a contest. Others elected to office without opposition were Clyde Thompson, Klamath Falls, first vice president; W. E. Heinke, Eugene, second vice president; A. A. Roney, Tillamook, third vice president; W. H. Fitzgerald, Portland, fourth vice president; E. W. DeBunce, Bend, fifth vice president.

Next year's state convention will be held at Eugene, being combined with the sessions of the northwest organization of the order.

St. Boniface Makes School Opening Plans

Sublimity—The St. Boniface high and grade schools will commence on September 11, it was announced by Rev. Joseph Scherbrink, pastor of the St. Boniface church.

Registration will be held September 6. A larger attendance is expected this term, the high school being standardized this year. The Sisters in charge will return shortly after spending the summer at their home in Beaverton. Their residence here has received a new coat of paint.

Plans are being made for a tennis court, which will be constructed at the edge of the parish grove.

It was decided to hold the annual fall festival on September 10th.

Chiloquin Shelters Victims of Fire

Klamath Falls, Aug. 21 (AP)—Six hundred homeless persons, victims of the fire that destroyed Pine Ridge 35 miles north of here Saturday night, took shelter today in nearby Chiloquin, their plans for the future as dark as the ashes that once were their homes.

Nearly all the men were employed in the mills of the Forest Lumber company and their plans rested on whether the company would rebuild. Raymond White of Kansas City, president of the company, was reported en route here by plane to study the situation with resident managers.

The refugees were housed in Chiloquin homes and in the Red Cross emergency headquarters at the Chiloquin high school gymnasium. Cots, blankets and food were supplied by residents of Chiloquin. Some of the victims, however, camped near the ruins of Pine Ridge. Cause of the fire that reduced the tiny forest community to ruins in nearly two hours remained unknown as investigators checked over the debris. The incendiary theory, advanced at the outset, was discarded.

The fire originated in a lumber pile in the yard of the Forest Lumber Company mill, leaped the 150-foot wide Williamson river, burned nearly 300 homes, a company-owned hotel and \$50,000 worth of Southern Pacific Railway rolling stock and then spread to yellow pine and cut timber that banked the community.

The flames raced through a 2500-acre section of the Klamath Indian reservation.

"WHEN YOU LIKE A CIGARETTE THE WAY I LIKE CAMELS —IT'S MIGHTY NICE TO GET MORE PUFFS PER PACK"

— says Owen Harding, Veteran Maine Guide

Recent impartial scientific laboratory tests of 16 of the largest-selling brands show—

By burning 25% slower than the average of the 15 other of the largest-selling brands tested—slower than any of them —CAMELS give a smoking plus equal to

5 EXTRA SMOKES PER PACK

1 CAMELS were found to contain MORE TOBACCO BY WEIGHT than the average for the 15 other of the largest-selling brands.

2 CAMELS BURNED SLOWER THAN ANY OTHER BRAND TESTED—25% SLOWER THAN THE AVERAGE TIME OF THE 15 OTHER OF THE LARGEST-SELLING BRANDS! By burning 25% slower, on the average, Camels give smokers the equivalent of 5 EXTRA SMOKES PER PACK!

3 In the same tests, CAMELS HELD THEIR ASH FAR LONGER than the average time for all the other brands.

OWEN HARDING, who knows the woods, streams, and portages of his native Maine country like a book, also proves a good guide on cigarette quality, as he shares his favorite brand with Mr. and Mrs. Clifford Stanford, from down in New York City. "Camels are a longer-burning cigarette," Owen says, "and that means more smokin' for my money. It means, too, that Camels taste cooler... milder. Puff for puff, Camels put more pleasure in smoking and a big extra measure of it."

Observe the way your cigarette burns. Recent impartial laboratory findings confirm the experience of Camel smokers. Camels are known to burn longer, delivering steadily to smokers more pleasure per puff and more puffs per pack. And all the while you get the mild, ripe goodness of finer, more expensive tobaccos, drawn from the largest treasure of choice tobaccos ever gathered in one place. Camels are the quality cigarette every smoker can afford.
