

Locals

Henry E. Ellis, who gave himself up to Sheriff A. C. Burk Saturday, explaining he was wanted in Idaho on a burglary charge, was taken from Salem Saturday by Sheriff Harold Meyer. Caldwell, Ida. A love affair that developed in the bean fields of West Stayton caused Ellis to surrender. The young women would not consent to marriage until Ellis had squared himself with the law in Idaho.

E. H. Bingenheimer, of the Bing Feed company, is in Portland today attending the first Pacific coast showing and private demonstration of the revolutionary new Ford tractor. Dealers from points throughout the northwest, including Oregon, Washington, western Idaho and Alaska, are attending the meeting. Following breakfast and a brief talk, the dealers were taken by buses to a Multnomah county farm for a complete demonstration of the new tractor, each being given an opportunity to drive and handle the new tractor individually. The tractor will be demonstrated during the Oregon state fair.

The re-enlistment "bonus" for honorably discharged soldiers who re-enlist within 90 days from date of discharge will be paid during the fiscal year 1940, according to information received here by Sergeant Sam Gimpelson, local recruiter, from Major H. D. Dagnall, Portland recruiting officer. The gratuity, which has been suspended each year by congress since 1933, but which was not eliminated during the last session, is provided for in the national defense act of 1920. For a completed three year enlistment it amounts to \$75 for soldiers below the first three grades and \$150 for those of the first three grades.

Costume jewelry, collar & tie sets, key chains, bracelets, etc., only 60c at Stevens-Brown sale now. 198*

The Marion county department of health will conduct a foodhandlers clinic from 9 to 11 a.m. Wednesday. A clinic for children of school age is scheduled for 1:30 to 3 p. m. the same day. Additional clinics include a pre-school Thursday forenoon and one for immunizations Saturday forenoon.

Members of the several HI-Y clubs of the city will meet at the YMCA Wednesday night at 7 o'clock for a watermelon feed and a discussion of plans for next week's outing at the Silver Creek recreation area. Next week's outing will be a joint affair, with HI-Y members and the Oregon Youth Council cooperating. Gus Moore, boys' work secretary of the Salem Y, will be in charge.

Salem exclusive floor covering store, Elstrom-Humphrey Co. 198*

Approximately 50 girls went to the Silver Creek recreation area yesterday and today for a week's outing in charge of Fred Smith, physical director of the Salem Y. They replaced a group of Walton leaguers who came in from various parts of the state.

Stevens-Brown, Jewelers, are having a real sale during their remodeling. 198*

Humidity at the Silver Creek recreation area reached an all time low of 11 points Saturday, Gus Moore, director, reported upon his return to the city. The extreme dryness of the area made it necessary for all persons to remain within the bounds of the camp itself. No one was permitted to wander over the trails of the district.

A committee to study retirement systems for state, county, city, port and school employes not now covered by federal social security will meet here Tuesday afternoon at 2 o'clock upon call of Governor Charles A. Sprague.

Dale Wood, 1815 South Church, reported to the police today the theft of a radio and a battery from his automobile while the vehicle was in the garage at his home.

Building permits: J. G. Winter, to build a 1 1/2-story dwelling and garage at 1245 North 18th, \$3000. George Belton, to repair a one-story dwelling at 1615 South Capitol, \$35. Joe Bernardi, to repair roof of a one-story dwelling at 458 South High, \$25. Augusta Kantelberg, to build a garage at 1125 Garnet, \$105.

Japan to Crack United States

Tokyo, Aug. 21 (AP)—Newspapers asserted today that the foreign office was formulating a tentative new policy toward the United States, involving retaliation against American interests in China, for application if the United States embargoed munitions to Japan.

Embargo action would be interpreted as an unfair application of the American neutrality law, it was asserted, and hence Japan would assume belligerent rights in connection with American interests in China.

Assertions were made also that the government was considering denunciation of the nine power treaty by which the United States, Japan, Great Britain and other nations guaranteed China's political and territorial sovereignty and integrity.

The nine power treaty report was published as the foreign office issued a long and vigorously worded statement announcing that Japan would not permit the intervention of other powers in its negotiations with Great Britain regarding its demand that Britain cooperate in floating of Japanese sponsored currency in northern China and surrender millions of dollars of Chinese government silver bullion held in Chinese banks in the British concession at Tientsin.

NO KETCHUM FISH—If Jimmy McTigue, 4, looks silly, fishing from a table top in a New York playground, that's because of "Silly Day," staged by east side boys and girls to cheer up the world. Jimmy came as one "Huckleberry Finn."

Arsonist Fires Umpqua Forests

Roseburg, Ore., Aug. 21 (AP)—One man, equipped with matches, was offsetting the work of more than 100 men, armed with modern fire fighting tools in the Paradise creek area near Elkton, Fred Southwick, supervising warden of the Douglas Forest Protective association, reported today. A large crew Saturday brought under control a fire strung out along a two mile front, only to have a series of new fires, covering approximately 400 acres, set out Sunday.

Crews also were sent into the Shively creek area in the southern part of the county, where an old fire revived Sunday and jumped its trenches.

The state patrol had more than 200 men on fire lines today, while approximately 40 civilian fire fighters were recruited here late yesterday and sent into the woods near Powers to aid the Coos county patrol.

Two Boys Die From Accidents

Two young boys met death by accident Saturday. Allan Charles Gagner, 3-year-old son of Mr. and Mrs. Euclid Gagner, of the Fairfield district, and Charles Gehlen, Jr., 12-year-old son of Mr. and Mrs. C. B. Gehlen, owners of a Stayton grocery store.

The Gagner lad was injured early Saturday when he was kicked by a horse at the place of his parents. He was brought to the Salem General hospital where he died late in the afternoon.

The Gehlen boy was injured about noon when he was struck by an automobile driven by W. J. Wright. He was riding away from the city park and collided with the Wright vehicle, going north on Main street at the Weddle funeral home corner in Stayton. His skull was fractured by a bolt on the automobile. The injured boy was brought here by ambulance and died at Salem Deaconess hospital shortly before 6 o'clock.

Surviving the Gagner lad are his parents, Mr. and Mrs. Euclid Gagner; sister, Sharon, and grandparents, Mr. and Mrs. J. B. Susec, of Brooks, and Mrs. Clara Gagner, of Corona, Calif. Funeral services will be held from the St. Louis Catholic church Tuesday morning at 9 o'clock with interment in St. Luke's cemetery at Woodburn under the direction of the Beechler & O'Hair mortuary.

Besides his parents, young Gehlen is survived by a brother, Clinton. Funeral services will be held from the Stayton Catholic church Tuesday morning at 9 o'clock with the Weddle mortuary in charge. Interment will be in the Stayton Catholic cemetery.

Rogue Channel May Be Blasted

Grants Pass, Aug. 21 (AP)—A narrow channel will be blasted among the giant boulders which strain the Rogue river into tiny passages, which started today succeeds.

Sixty miles downstream from Grants Pass, the 10 and 12 foot boulders choking the river, make portage necessary for boats. River Guide Glen Woolridge and C. Everett Harmon left by boat to attempt to blast a channel through the rocks.

Woolridge said the bar also handicaps summer runs of fish in reaching the upper river.

A MILLION TIN HATS, ORDERED BY MARS—Intended for the use of British air raid wardens and others who must be outside during a bombing attack, 1,000,000 tin hats are being produced at plant in Dagenham, Essex.

Slayer Held on Murder Charge

Portland, Ore., Aug. 21 (AP)—A first degree murder complaint was issued today by Deputy District Attorney Sidney Hayes against Allen Brumfield, 24-year-old escaped Washington convict.

Brumfield, the complaint charges, shot and killed Mrs. Hattie Hooker, 62, hospital attendant, when he attempted to escape Saturday from Good Samaritan hospital.

Dr. C. H. Manlove, hospital superintendent, and Sam C. Worrell, police patrolman, were slightly wounded.

The convict was being held in the city jail hospital today. A bullet was lodged in the base of his skull when he attempted to escape police guard at the hospital.

Brumfield was being treated at the hospital for another bullet wound inflicted by a policeman.

Nazi-Soviet Barter Pact

Moscow, Aug. 21 (AP)—A new Russian-German trade agreement may prove a substantial step for further improvement not only of economic but also of political relations between the Soviet Union and Germany, the newspaper Pravda, official organ of the communist party, said today.

"It can be safely stated that the new agreement is a turning point in business relations of the two countries," said Izvestia, official newspaper organ of the government.

Announcement of the Russian-German agreement came at a time when it had admitted that differences had arisen in negotiations with Russia with Britain and French military missions for an anti-aggression military alliance.

Negotiations with the British and French military missions, in recess during the week-end pending receipt by them of fresh instructions, were resumed today.

Intrinsically, the trade agreement was important enough involving an \$80,000,000 credit by Germany to Russia and purchase by Russia of \$72,000,000 of German goods.

The comments by the two official newspapers, however, gave it even additional moment.

Drought has dried up an artificial lake near Chambon, France, revealing a lost village on the bed.

The convict was being held in the city jail hospital today. A bullet was lodged in the base of his skull when he attempted to escape police guard at the hospital.

Brumfield was being treated at the hospital for another bullet wound inflicted by a policeman.

New Violence In Milk Strike

New York, Aug. 21 (AP)—New violence accompanied by milk dumping sorties, flared in New York's 7-day-old milk strike as Mayor LaGuardia called an emergency meeting of striking farmers and distributors and personally appealed to them not to imperil the health of "innocent parties"—the people.

Frequent skull-cracking clashes between pickets and police marked the strike's tightening pinch.

In Syracuse, 30 dairy farmers overpowered and beat up two state troopers and two truckmen in a skirmish on the outskirts of the city. The strikers dumped 600 quarts of milk before fleeing.

In Ulster county, Sheriff Abraham Molynaux said strikers ruined milk on several farms by pouring kerosene into milk-filled cans.

In Canton, Pa., state troopers escorted milk trucks through the area en route to the New York market.

Mayor LaGuardia told the representatives of both sides in the dispute that the 7,000,000 residents of greater New York were "entitled to a full supply of milk" as a health necessity.

The growing milk shortage reduced the usual supply available to the metropolitan area from 4,400,000 to 2,200,000 quarts.

That "Lepke" Buchalter, alias Louis Buchalter, Louis Buchhouse and other aliases, notorious New York mobster on whose head, dead or alive, the city of New York has placed a \$25,000 reward, was in Salem about two weeks circulating among American Legion men, was strongly believed by some Legion men here today. One report is that he attended a meeting at Legion hall. The police circular broadcast on Buchalter says he has connections with every important mob in the country. He is wanted for conspiracy and extortion. It was not until he had left the community that his possible identity became known.

Virginia Carlisle, 2495 Broadway, applied for first aid treatment at the fire department Sunday for a cut on her right foot caused by contact with a piece of glass while wading. A. L. Jafir applied for treatment for second and third degree burns on the fingers. Cause was not stated.

THREE FOR THE PRICE OF ONE—With a single mighty punch did Lightweight Lou Ambers polish off these gentlemen at Carmel, N. Y., but the gentles were willing to take it, since the tap was given in good, clean fun. The three were really championship stuff; the end man (left) is Al Singer, a former king of lightweight; Johnny Dundee (middle) was once featherweight champ; closest to Lou's fist is Benny Leonard, another lightweight crown holder. They visited Ambers' camp to wish him luck in his match with Henry Armstrong.

Frank T. Angell, Engineer, Dies

Frank T. Angell, assistant engineer of the state public utilities department, died suddenly at the Salem General hospital last night after a heart attack. He had been a resident of Salem for the past two years and made his home at the Royal Court apartments. He was a nephew of Congressman Homer Angell.

Mr. Angell was one of the best known telephone engineers in the northwest, according to Harry V. Collins, local manager of Pacific Telephone and Telegraph company, who had known the deceased for the past 29 years. He had served as district traffic manager in eastern Washington before going to Seattle and Portland, where he was in similar work.

He is survived by his wife, Mrs. Stella Angell, who is ill in a Portland hospital; a married daughter living in Medford, and his uncle, Homer Angell of Portland.

Funeral announcements will be made later from the Clough-Barrick company.

Typos Demand Peace In Labor Ranks

Fort Worth, Tex., Aug. 21 (AP)—A resolution proposing that the International Typographical Union, having been suspended by the American Federation of Labor, shall "reaffirm only when and if" the AFL and the CIO settle their differences and unite, high-lighted today's session of the International Typographical Union convention here.

The proposal, backed by a group of ITU Independents, also seemed likely to meet the approval of the opposing faction, the progressives. A progressive leader said the suggestion "seems along the lines of what most of the delegates want." It was to be introduced during the day.

Park Picnic Held
Silverton—A group of relatives spending the day at the Silver Falls state park picnic grounds were Mr. and Mrs. Robert J. Burkhardt and Bob and Bill of Albany, and Miss Nancy McMurphy, house guest of the Burkhardts, from Los Angeles, and from Silverton, Mr. and Mrs. F. M. Powell, Mrs. Josephine Lake and Marshall Lee and Jerry Dean Lake.

The government of the Cayman Islands will spend \$40,000 raised through the sale of Coronation stamps, in building village halls equipped with radios, for the natives.

Warn British to Leave Warsaw

Warsaw, Aug. 21 (AP)—The British embassy has circularized its nationals in Warsaw in general terms, advising them to leave Warsaw as soon as possible in "view of the considerable danger of a rupture in Polish-German relations," a reliable informant said today.

Individual British tourists, it was reported, have been advised to leave Poland immediately because of anticipated difficulties in transportation should war break out.

This is regarded as indicative of the increasingly serious view being taken of the present situation by foreign circles here.

In the American embassy, where several tourists were seen applying for advice as to whether they should cancel their stay here, the following statement was given:

"The embassy is watching the situation with great care and will take every appropriate measure necessary to protect American interests and citizens in Poland in any emergency which may arise."

The French embassy has taken no specific steps beyond advising French nationals, women especially, that they should be fully prepared to leave if circumstances demand.

Poland Sends Troops to Border

Warsaw, Aug. 21 (AP)—Poland was said today to have sent troop reinforcements toward her frontiers facing Germany and Slovakia as a general precaution against similar increases reported to have been made by Germany.

(Along Slovakia's 250 mile frontier with Poland, 250,000 German troops under full war equipment were reported to have been massed yesterday.)

Roads were choked with troops, artillery and supply trains as the Germans concentrated behind the four main passes through the Tatra mountains into Poland.

Zilina, Slovakia, was general headquarters, and the towns of Galica, Trstenka, Orlow and Mestiarhorce were concentration points.

The Polish position is that Poland must be prepared in a military sense for any eventualities, but that Germany must be given no opportunity to charge Poland with aggressive military aims.

From the start last March, foreign observers agreed there has been nothing demonstrative about the Polish mobilization. It has been in many ways a "secret" mobilization. The only public announcement has been that "certain defense measures have been taken."

Significantly, the newspaper Kurjer Polski, organ of big business, said editorially "this week may be a very dangerous period during which the question of peace or war may be decided."

Cool Weather, Coast Fogs Aid Fire Fighters

(Continued from page 1)

near Powers in the Coos Bay area would be completely under control soon. The town of Powers was seriously threatened or a time.

Chetco Controlled
The Chetco fire in the Siskiyou National forest was under control after burning nearly 12,000 acres.

Sheep, cattle and rabbits perished in a fire that spread over approximately 2000 acres of stubble and 100 acres of timber a mile west of Molalla. Rabbits were helping to spread the blaze as they raced around in terror, their fur on fire, Ernest Evanson, Clackamas county warden said.

A comparatively small patch of pine timber was burning south of La Grande.

Several persons suffered minor injuries fighting the fires.

Warn British to Leave Warsaw

Warsaw, Aug. 21 (AP)—The British embassy has circularized its nationals in Warsaw in general terms, advising them to leave Warsaw as soon as possible in "view of the considerable danger of a rupture in Polish-German relations," a reliable informant said today.

Individual British tourists, it was reported, have been advised to leave Poland immediately because of anticipated difficulties in transportation should war break out.

This is regarded as indicative of the increasingly serious view being taken of the present situation by foreign circles here.
