

Silverton Students Hold Annual Safety Assembly

Children Told Of Safe Rules To Be Followed

Silverton—Captain Pete Rexford, chief of Multnomah county safety police, was the featured speaker at the annual safety assembly Friday afternoon at the Eugene Field auditorium, with the pupils of the grades and junior high making up the audience.

The purpose of the assembly, as explained by Harry Cameron, principal of the Eugene Field grades, is to inaugurate a school police system in an effort to continue the safety campaign that has done much for the young people of the schools in safeguarding them from traffic accidents.

Captain Rexford told the youngsters that they must not think they were safe between two yellow lines. He warned them to wear some white article of clothing—a cap, stockings, skirt or trousers—if they were out at night, as these could be more easily seen by the driving motorist.

Mrs. Rexford and their very small son, Gary, were introduced with Captain Rexford.

Dr. A. L. V. Smith, secretary of the Silverton Safety Council, extended greetings and appreciation for cooperation to the pupils. Harold Davis, principal of the junior high school, presented swimming certificates to those passing the tests at the Salem course of six lessons during the summer.

Lewis Bartlett of the junior high faculty, told of the organization of boy police for schools and presented his group, which included Arthur Zoller, captain; Arthur Solberg, lieutenant; Wallace Adams, Arthur Amstutz, Ray Elliott, Don Chandler, Bruce Barker, Bill Hutton, Robert Swanson, Ralph Donnelly, John Baker, Buster Jackson, Neville Johnson and Bill White.

Drivers past the school buildings during school hours are impressed by the figure of a policeman holding a warning, "Slow," sign in his hand. This work was done last year and has proved effective in the purpose.

Floyd Ellefson presented the five members of his German band in a brief concert at the opening of the assembly. Making up the band are Bruce Buell, George Irish, Bud Down, Parzy Rose and Tommy Williams.

Miss Dorothy Towe, business manager of the Junior high school paper, The Zipper, announced that subscriptions for the paper would be received Friday.

Captain Rexford supplemented the swimming safety talk made by Davis with the examples of the horrors of dragging lakes and rivers for drowned bodies and advised all young people to take advantage of free swimming lessons.

Stork is Wearing By Lebanon Calls

Lebanon—It's a pretty tired stork who serves this section of the valley. He's made 14 calls so far this month to the Lebanon General hospital alone, and last Sunday he nearly wore himself out. His first visit that day brought a daughter to Mr. and Mrs. Howard Egner, Lebanon, and Miss Egner claimed the last of the six cribs in the nursery. Shelton Takes Council Oath

Scio—At a recent special meeting of the city council, called by the mayor for discussion of the pedestrian walks on the new county bridge in this city, Roy V. Shelton filed oath of office and immediately entered upon his duties as councilman to succeed Frank Bartu, recently resigned.

E. D. Myers, city treasurer, reported \$446 in the street fund which could be applied on foot bridges. Total cost of such walks is estimated at between \$600 and \$700. Action was taken to contact the Lane county court at Albany with a view of securing financial assistance from that source in foot-bridge construction. Accordingly, Commissioners Renninger and Cooley reported promptly and conferred in this city with members of the council.

Disappointing to the council was the information from court members that that body had no funds at this time that could be used for the purpose desired by the council. It had been pointed out from some source that Brownville had been granted financial aid under a similar condition.

In addition to concrete in construction of the proposed side bridges, considerable steel is to be used. Approaches to the side bridges from both sides of the creek are to be constructed at the cost of the city, it is considered.

This was the third time the boys had been let down in the same way by the same firm and Lieutenant Frank B. Thrallkill decided he would not substitute caperitis again.

With the aid of the Mill City Meat company the required amount of chicken was finally secured in and around Salem and reached camp at 8:45 and at 10 the boys were voting this one of the best dinners they had ever eaten.
