

Landon Confers With Roosevelt Tomorrow

Washington, May 21 (AP)—The White House said today that Alf M. Landon definitely would confer with President Roosevelt tomorrow, although there had been a mixup in arrangements, and that as a preliminary, Rep. Wadsworth (R., N. Y.), would lunch with the chief executive today.

Wadsworth is a campaign manager for Frank Gannett, New York newspaper publisher and a republican presidential aspirant.

Stephen Early, presidential secretary, said that efforts had been made to postpone the visit of Landon, 1936 republican presidential nominee, until Thursday.

But through a misunderstanding, he said, some of those involved in making the arrangements thought the engagement was being cancelled. Now, Early explained, the original plan for the president to talk with Landon tomorrow will be followed.

Chicago, May 21 (AP)—Alf M. Landon, who said last night an invitation to a White House conference had been rescinded, announced today he was going to Washington after receiving a personal telephone call from President Roosevelt.

The republican leader received a long distance telephone call in the midst of a conference with reporters regarding last night's cancellation of a White House invitation. Landon said the call was from the White House and the president "wants me to come on down."

Landon said the president personally called him. He said he would leave for Washington this afternoon by train.

The 1936 republican presidential nominee stopped off in Chicago last night en route to Washington for a luncheon appointment with Mr. Roosevelt. Landon received word from Brig. Gen. E. M. Watson, presidential secretary, that the meeting had been postponed "indefinitely."

Woman Prefers Animal Boarders

Kansas City, Mo., May 21 (AP)—Police received a complaint today from one of the tenants of Mary R. Pratt's apartment house.

The complaint was based on Mrs. Pratt's love of animals and listed these animal dwellers in the apartment house:

- 1 2-year-old lion.
- 4 Shetland ponies.
- 1 goat.
- 1 police dog.
- 1 family of cats.
- 1 monkey.
- 2 owls.

Police called on Mrs. Pratt who not only admitted possession of the animals named but showed them with considerable pride to the officers. The tenants in the building, she said, don't have to stay if they don't want to. The animals want to and are going to.

The police decided she was within her rights and went away.

Death of Naval Officer Probed

Seattle, May 21 (AP)—Naval, county and city officials conducted investigations today in the death of Lieut. (JG) Henry Irwin Allen, Jr., 29, commander of the navy tugboat No. 38, whose body was found early Sunday at the head of pier 2, Yester and Alaska streets.

It was ascribed to a staircase of the Alaska Steamship company offices. He had left an up-town amusement place about 45 minutes previously.

Officers were working on the theory he was struck by an automobile. His vessel, which is stationed at Portland, has been at the Puget Sound navy yard at Bremerton for repairs.

Lieutenant Allen, a graduate of the Naval Academy in 1922, lived in Portland. His widow is believed in Long Beach, Calif., at present.

Hitler's Objective Is London, Not Paris

By Louis P. Lochner

With The German Western Armies, May 21 (AP)—The famous Eiffel tower of Paris was clearly visible to the advance guards of Adolf Hitler's forward-dashing army this morning but it was by no means certain that the fuhrer would endeavor to capture the French capital in a hurry.

He seemed more concerned with routing Belgian, French and English troops headed for the French coast of the English channel.

No less a man than General Walter von Reichenau, commander of the eighth army, was selected to perform this task.

Yet even von Reichenau was not too busy to offer a welcome to American correspondents visiting the German western armies as Hitler's personal guests.

Von Reichenau is credited with knowing every detail of Germany's famous Pincer tactics. He covered himself with glory during the Polish campaign by a practical illustration of how these tactics can be applied.

With von Reichenau's army on the right wing apparently heading in the direction of the French and Belgian coastal points and with the left wing gradually moving southward, Hitler could afford to let the center take care of itself, as indicated in yesterday's high command communique.

Paris will fall into his lap, he feels, like a ripe apple from a tree if von Reichenau can intercept the allied forces heading for the coast. Besides, Hitler is not nearly as much interested in Paris as most are.

One must not forget that Hitler regards the present war primarily as a fight with the British empire. Months of incessant propaganda have inculcated this idea also in the minds of the German people.

Significantly, every radio announcement concerning events in the west ends with the stereotyped playing of the song "We Are Selling Against England." No tune is ever played indicating an anti-French theme. The anti-English song also was played during the seizure of Denmark and the Norwegian waters.

The freedom of America, Prentiss told an interviewer, rests on a tripod of representative democracy, civil and religious liberty and free private enterprise.

"Undermine either of these and our freedom is imperiled," he added. "The moment government begins to plan the economic affairs of a nation, the government must mold public opinion through the newspapers, the radio, motion pictures, the schools and churches.

"Whenever the rights of these agencies are endangered, there rises a strong agency in its defense. Free private enterprise is being threatened today, and it is our organization, the National Association of Manufacturers, which has undertaken the defense.

"Creeping collectivism has been appearing in alarming rapidity through many agencies, and we are out to defend the principles set up by the founders of the nation. We have been so busy with material affairs that we have lost sight of these principles."

Prentiss is here to attend the Oregon Industrial leadership conference.

Mobilization of Industry Urged

Portland, May 21 (AP)—H. W. Prentiss, president of the National Association of Manufacturers, said today "the time has come for a great mobilization of private enterprise in America."

"By private enterprise we do not mean unrestricted activity," he explained. "We want a reasonable amount of umpiring by the government, but we do not want the umpire to get into the game and send players to the sidelines."

The freedom of America, Prentiss told an interviewer, rests on a tripod of representative democracy, civil and religious liberty and free private enterprise.

"Undermine either of these and our freedom is imperiled," he added. "The moment government begins to plan the economic affairs of a nation, the government must mold public opinion through the newspapers, the radio, motion pictures, the schools and churches.

Library Ruins Seen by Newsmen

With the German Western Armies, May 21 (AP)—American newspaper correspondents, guests of Adolf Hitler, Monday saw the ruins of Louvain library, which was erected on Herbert Hoover square by co-operation of numerous American universities.

The building had been gutted by fire.

Its 700,000 volumes must be considered lost.

All floors have been swept by the blaze.

No one seemed to be able to say by whom or how the blaze had been set.

From the basement wisps of smoke still rose.

Latitude Given Politics, Religion

Washington, May 21 (AP)—The U. S. Supreme court said Monday in unequivocal words that in the realm of religion and politics the greatest latitude must be preserved for the expression of an individual's opinion.

Accordingly, the court held that a Connecticut statute regulating the solicitation of funds for religious purposes is unconstitutional. At the same time it set aside the conviction of a member of the Jehovah's Witnesses religious sect charged with breaching the peace by playing before Catholics a photograph record attacking that faith.

Alaska Will Have National Guard

Washington, May 21 (AP)—Enlistment of a National Guard in Alaska is planned by the army as part of the new defense program for that area.

General George C. Marshall, chief of staff, told senators about this last week when he won a \$12,000,000 appropriation for defenses in that area. The testimony has just been made public.

\$100,000 Proposed For Exposition

Washington, May 21 (AP)—Legislation to appropriate \$100,000 to supplement funds provided by Washington and Oregon for the Columbia River International, Historical and Electrical exposition in 1941-42 has been put before congress by Senator Bone and Rep. Smith, Washington democrats.

The money is to be used to assist in defraying the cost of celebrating the 150th anniversary of the discovery of the mighty Columbia by Captain Robert Gray. It will enable the exposition to display all improvements made possible by the great hydroelectric projects at Bonneville, Ore., and Grand Coulee, Washington.

The measure provides a committee of five to be appointed by the president to administer the funds. It will consist of two senators, two representatives and one other member.

Murder-Suicide Follows Drinking

Yreka, Calif., May 21 (AP)—A fit of jealousy was blamed today by officers for the murder-suicide of Mr. and Mrs. Fred Bedard during a week-end when three people were shot to death in Siskiyou county.

Francine Faye, 26-year-old chicken rancher of Quartz valley, was held on an open charge after Jimmy Johnson, 40, was shot to death at her place Saturday.

Assistant District Attorney Mark Brawman said she told him she shot in self defense. She said she was taking a sun bath when Johnson, intoxicated and carrying a jug of liquor, appeared and attempted to attack her.

Sheriff Ben Richardson said Bedard, 32, shot his 28-year-old wife yesterday with a .22 rifle after a drinking party at the home of Bedard's sister, Mrs. Gus Roberts in Week, and then turned the gun on himself.

Neutrality Called Near Betrayal

Toronto, Ont., May 21 (AP)—Neutrality in the current war "amounts almost to a betrayal of modern civilization and highest moral aspirations of mankind," Archbishop A. P. Gower-Rees of Montreal said Monday.

Addressing almost 2,000 Canadian and United States delegates to the first International Credit Men's congress, the Anglican church official said neutrality might be the "right national attitude" in some disputes, but added:

"The issues at stake in this present conflict demand that every nation shall decide without delay on which side it should devote its strength."

Jersey Vote Test of Wilkie As Dark Horse

Newark, N. J., May 21 (AP)—New Jersey's primary election today, last in the nation at which presidential delegates will be chosen, was expected to test the impromptu vote-getting strength of utilities magnate Wendell L. Wilkie, republican "dark horse" possibility for the presidential nomination.

Wilkie's sudden appearance on the New Jersey political scene expanded election interest which otherwise had been confined to the bitterly waged fight between former Governor Harold G. Hoffman and State Senator Robert C. Hendrickson for the republican gubernatorial nomination.

A "write-in" campaign undertaken on Wilkie's behalf by independent groups almost on the eve of the election was given impetus yesterday when 500 New Jersey republican leaders turned out at Somerville to hear the 48-year old Wilkie blast the new deal as "incapable" of preparing the nation's defenses.

New York District Attorney Thomas E. Dewey is the sole candidate to file in New Jersey's presidential preferential primary and is expected to win support of the state's 32 delegates to the national G.O.P. convention.

The size of Wilkie's "write-in" vote, however, observers said, would influence the allegiance of delegates after the first few ballots at the convention.

U. S. Senator W. Warren Barbour (republican) was expected to receive negligible opposition for re-nomination, while James H. R. Cromwell, U. S. minister to Canada, was unopposed for the democratic nomination for United States senator, and Secretary of the Navy Charles Edison was without opposition for the democratic gubernatorial nomination.

The election will present President Roosevelt with 32 votes in the democratic national convention since all delegate candidates are pledged to a third term, despite the fact the president has not entered the primary.

Oath Given to Young Attorney

Yakima, May 21 (AP)—Judge Jeremiah Neterer Monday administered the oath of office to Lyle Keith who at 32 years is said by court officials to be the youngest attorney to serve as district attorney in the east Washington district of the federal court. Mr. Keith's father and mother, Mr. and Mrs. Sandy Keith of Spokane, came to Yakima to see their son sworn in.

No sooner had Keith become district attorney than he resumed his grilling of Albert Jaeskel, Goldendale, who is charged with murder for the slaying of an Indian in a quarrel over sheep grazing. Keith questioned Jaeskel for more than two hours.

Red Finn Hall Raid Investigated

Aberdeen, May 21 (AP)—Prosecutor Stanley J. Krause announced Monday that FBI agents have launched a "thorough and impartial investigation of the Red Finn hall raid here December 2."

The agents conferred with Krause, Special Prosecutor Paul O. Manley and Police Chief George S. Dean today.

They refused to comment to newsmen. Krause said they told him they were not investigating the Laura Law slaying case. The hall was wrecked by a mob the night of December 2 after a so-called "victory dance" had been scheduled by alleged sympathizers of Russia's invasion of Finland. This is the first time the FBI men have come here on the hall raid case.

West Salem Again Delays Court Action

West Salem, May 21—At a special meeting of the city council Monday called by the mayor to discuss the matter of a suitable location for tennis courts no decision was reached after all proposed sites were considered and there were supporters present for each. Consensus appeared to favor the city park while the lot in the rear of the city had advocates and a few favored the lot recently purchased by the school board. Those favoring the city park claim that the location here would be more suitable and adaptable for the children of the city.

Senators McNary Popular

West Salem—Senator Charles L. McNary's growing popularity in the state was further attested in the recent primary by the flattering vote he received in the two local precincts of Polk county for president in which he obtained 255 against 176 for President Roosevelt, a majority of 79. Results in precinct 1, McNary, 101; Roosevelt, 77; Garner, 10; precinct 2, McNary 154; Roosevelt, 99; Garner, 27.

Plans Made To Entertain Elwyn Davis

Plans for the entertainment of H. Elwyn Davis, of Pueblo, Colo., national vice-commander of the American Legion for the 11 western states, who will make an official visit here Monday night, were completed at a meeting of Capital Post No. 9 last night.

National Vice-Commander Davis will be accompanied here by Niel R. Allen of Grants Pass, state commander; Carl Moser, Portland, state adjutant, and Roy Gossett, state membership chairman, according to Art Johnson, commander of Capital post. He will be greeted in Oregon at Baker Saturday night as a special visitor to the tri-state wreck of the 40 et 8 society.

Invitations have been sent to all posts in districts two and three and several hundred Legionnaires are expected at the meeting, which will be held in the auditorium of the old high school building starting at 8 o'clock.

The post last night accepted the invitation of Rev. P. W. Erikson, pastor of the American Lutheran church, to attend the annual Memorial day service Sunday morning. The post also voted to sponsor one boy to the annual Beaver Boys' state camp with a minimum of ten to attend from Salem. If necessary, a second boy will be sent to camp by the post.

First nomination of officers for next year will be offered at the June 3 meeting with final nominations June 17. Election of officers will be held the first meeting in July.

Wanted a Medicine Like the KruGon for The Past 50 Years

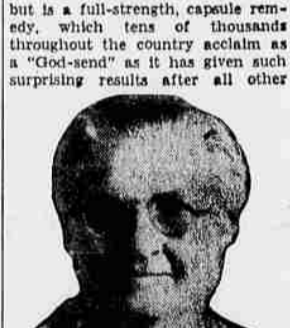

Mrs. Ludwig is Now Feeling Ache; Foods Digest Properly, Sleeps Good, is Glad to Endorse the Modern Capsule Remedy

KruGon is NOT A LIQUID... but is a full-strength, capsule remedy, which tens of thousands throughout the country acclaim as a "God-send" as it has given such surprising results after all other

MRS. MARY J. LUDWIG medicines tried and failed. KruGon has been made to help suffering people... and no expense has been spared. It contains more REAL MEDICINE per dose than any other medicine we know of. The success we have met with has led us to believe that no similar preparation has been as successful in bringing desired results to such a large proportion of its local users.

For example, read what Mrs. Mary J. Ludwig, a well known highly respected lady who lives at 838 West 3rd Ave., Eugene, Oregon, said recently in talking with the KruGon representative who is at the Fred Meyer Drug Store, 148 North Liberty street, Salem:

"I know there are many people that are needing a preparation like this KruGon," said Mrs. Ludwig. "I do hope my statement of facts concerning my case will be the means of others learning about KruGon. My health problems began more than fifty years ago with constipation and this has been the dread of my life. I ached all over, especially in my neck, shoulders and down my back. I did not sleep at night but would lay awake by the hour and each morning I simply felt terrible. I was sluggish, peevish and had to force myself to do everything. Even my foods often did not digest properly and that only added to my already miserable condition. I lost my appetite, did not have my usual strength and really my case was alarming. But the medicines I tried were not made for me and it was not until I began KruGon that I found the very medicine I had wanted all these years."

"When I first began KruGon I had no faith in it at all but it was not long until I was one of its most faithful boosters," continued Mrs. Ludwig. "With the first few doses I was given proper elimination and then I soon showed rapid improvement in many ways. I am feeling better today than I have in years. My bowels are regular, appetite has returned and I enjoy my foods without any distressing effects afterwards. My aches and pains have been relieved, sleep good, have more strength and energy and have found a new joy in living which has been unknown to me for years. Is it any wonder I am glad to speak a good word for a remedy like KruGon?"

The Special KruGon Man is daily meeting the local public at the Fred Meyer Drug Store, 148 North Liberty street, Salem, where he is introducing and explaining the action of this modern capsule remedy. Trial packages given to all sufferers.
