Mrs. Lee Watkins is expected home this week after spending a fortnight in San Francisco and Los Angeles where she was the guest of relatives.

The Oliver Hansen family, who recently traded their acreage here for 80 acres near Vale, are still temporarily located in Salem but plan on moving to their new home soon. Their daughter, Betty, will remain in Salem where she has employment. Their son Jack, who has been employed in Springfield, will join the family when they move.

At Vale they will be joined by Mr. and Mrs. Duane Hansen and son Lee, of Brigham, Utah, old home of the Hansens, who will help operate the farm.

The new owners of the Hansen farm are making many improvements. They have moved the house off the former location and made a cement foundation and basement onto which they will return the house.

Horse Is Cause Of Hand Injury

Millersburg—Gus Gefeke met with a painful accident recently which cost him the loss of the first two joints of his index finger on his left hand. As he was leading a horse to the barn, he hooked his finger in a small rope around the animal's neck. The horse reared up playfully and the finger in the rope was snapped off. A neighbor took him to the Albany General hospital for the wound to be dressed. It is reported to be healing nicely.

Silver Falls Mill Will Resume Soon

Silverton—W. L. McGinnis, superintendent of the Silver Falls mills, announced Monday that work on repairs and annual readjustment of the plant was being rushed so it will be possible to open the mill for capacity production the first of next week. The day shift will start first and as soon as repairs are entirely completed the night shift will also be on the job.

It was rumored from other official sources that logging in a big way had started in the Glennbrook section for the immediate supply of logs to the local mill.
