Initiation and feed will be on the program for the Salem Elks lodge Thursday night. Ten candidates are eligible for initiation.

Two experienced beauty operators with following, Box 348 Cap. Journal.

Bessie Armour, who is in charge of bicycle registrations at police headquarters, reported today that 3007 have been licensed since the first of the year, which is about 800 short of the normal total registration.

Ask about free mothproofing and low insurance on our fur storage. Price Shoe Company.

J. P. S. Stutevoss, company commander at the COC camp at Silver Creek Falls, has written the county court that this week has been set aside by the director as an opportunity to acquaint the public with

Townsend Clubs

Townsend club No. 14 will meet tonight in Liberty hall at 8 o'clock.

Townsend club No. 18 will hold its regular meeting Thursday, May 22, at 8 p. m., at 714 South 19th street.

Morse Calls Bridges Good Union Man

San Francisco, May 21 (AP)—Wayne Morse, dean of the University of Oregon law school and Pacific coast waterfront arbitrator, described Harry Bridges Tuesday as a good trade union man.

Called as a defense witness in the CIO leader's deportation hearing today, he testified that in some 50 appearances before him, Bridges had urged arbitration, cooperated with government agencies in labor relations, and taken the position that employers and employees should negotiate their differences and an arbitration set-up should be provided to avert strikes.

Blackout Hides Honolulu

By Frank Tremaine

Honolulu, May 21 (AP)—I flew in an air raid over Honolulu last night and saw a blackout hide the "Gibraltar of the Pacific."

From an army bomber roaring in from the ocean, the Hawaiian Islands looked like indistinct, dark blobs lying in the inky blue Pacific.

As the bombers approached Honolulu we could see the street lights blink once and then go out. Almost in unison the rest of the lights in Honolulu disappeared. Every island in the group was blacked out for 10 minutes.

Except for the indistinct coastline where the breakers sometimes picked up a faint light in their foam, I could not pick out a single landmark.

Our bomber dove on the city and dropped flares. Instantly dozens of searchlights leaped up at us. The bomber lurched madly as one of the lights caught us and we twisted out of it, but the light picked us up again.

We circled the city several times, dodging the searchlight beams, and flew back out to sea as the blackout ended.

Army observers today reported the blackout was a complete success. Even the smallest villages in outlying islands cooperated in the test.

Contract Awarded For Eugene Airport

Portland, May 21 (AP)—The joint bid submitted by E. O. Hall of Eugene and J. C. Compton of McMinnville on paving and lighting work at Eugene's CAA airport was found to be the lowest of five submitted, the U. S. army engineers office said today.

The contract division of the engineers' office reported that correction of some minor errors reduced the bid to \$280,181.58, which placed it below the Parker-Schram, Portland, bid of \$303,736. Formal award of contract will take place later.

The Hall-Compton bid originally was set at \$308,761.15.

Farm and Home Safety Conference Called

Seattle, May 21 (AP)—Washington's first farm and home safety conference will open here tomorrow when a state-wide campaign is launched against rural accidents.

George B. Herington, labor relations and safety representative for the farm security administration will direct the program.

"The cost of accidents in agricultural communities of the country is estimated at over one billion dollars annually," Herington said.

"Accidents annually bring tragedy and financial loss to one out of every 12 farm families."

Numerous officials are scheduled to address the meeting.

Film Arbitration Hearing Opened

Portland, May 21 (AP)—An Albany theatre operator and Hollywood film representatives opened Oregon's first motion picture arbitration hearing here yesterday.

P. R. Henderson testified that several Hollywood studios had refused to sell him films, making it necessary for him to exhibit pictures of inferior quality.

A disagreement on price terms prevented Henderson from getting films, V. E. T. Stewart, Portland manager for Vitaphone Films, said.

College of Surgeons Damaged by Raids

London, May 21 (AP)—The Royal naval college at Greenwich and the Royal College of Surgeons in London were among the places damaged in recent air raids.

Valuable museum specimens were lost when the Royal College of Surgeons, twice slightly damaged in earlier raids, was hit by high explosive and incendiary bombs.

Pretoria, Transvaal, is making a drive against railway thieves.

Steel is expected to be delivered for the new Gates inter-county bridge by the first of June states L. O. Harrold, inspector on the structure. Harrold states that concrete footings and piers are now complete and false work for the steel span will be in place this week.

Oscar Walters is back in jail after being paroled a few days ago on a charge of larceny of a watch. His parole was revoked for alleged theft of a car. Taken before Justice of the Peace Felton yesterday afternoon he waived preliminary hearing and was bound over to the grand jury.

Marriage Licenses

C. W. Garrison, legal clerk, 1890 S. High, and Vivian Benner, legal teacher, 825 N. Capitol, both Salem.

Richard P. Hauge, 28, bank clerk, 124 S. High, and Josephine M. Blaylock, 19, clerk, 550 N. Summer, both Salem.

Eye and Ear Tests Completed In Schools

Dr. Warren H. Gardner, consultant in hearing and vision for the Oregon state board of health, has just completed hearing testing programs for Marion county for the year.

The outstanding fact revealed in these programs is the need for teachers to teach lip reading to children who are severely handicapped in hearing.

Dr. Gardner believes there could be two teachers used full time on the project. As he pointed out, there are many of these students who will be graduating soon and others are dropping out of school because of their difficulty in hearing.

At the present, however, there are no funds available for this work. In 1943, if the legislature appropriates the necessary funds, steps may be taken to remedy this situation.

Dr. Gardner gave tests to 882 children in the Silverton schools and to 166 in the St. Joseph schools on his latest visit. Of these numbers 45 in Silverton and 14 in the St. Joseph school were referred to their physicians.

A total of 6,337 children were tested by Dr. Gardner during his visits in Salem and vicinity. All children tested in this vicinity for the year, 262 were referred to their physicians.

Many parents were invited to visit Dr. Gardner and Dr. Vernon A. Douglas, county health officer, and discuss their problems. Over 50 per cent of these parents promised to have their children examined by physicians.

Pepper Urges Action in War

Atlantic City, N. J., May 21 (AP)—San Claude Pepper (D., Fla.), told the General Federation of Women's clubs today that "it is not so difficult even now to strangle Hitler if we have the courage to do it."

Pepper, who pioneered all-out aid to Britain in congress, also said that the United States can settle the Sino-Japanese war "with relatively little difficulty, if we are resolute enough."

"With Japan removed as a source of danger in one way or another, our next job would be to clear the seas of Hitler's surface raiders, submarines and bombers," he said.

"We can do that with Britain and her allies."

The national defense theme was emphasized yesterday by Mrs. Mildred Orr Dunbar, of Portland, Ore., president of the organization, when she urged American women to forego any vacation from their good work this summer.

"Human needs and world developments are not taking summer vacations," she said.

Mrs. Dunbar indicated that the club women would take an active part in the civilian defense program announced yesterday by President Roosevelt and headed by Mayor Fiorello LaGuardia of New York.

The delegates voted to hold their 1942 convention at San Francisco providing the international circulation managers' association decides to meet there. Tacoma was named the alternate convention city.

Lawrenceburg, Ind., May 21 (AP)—Sheriff William Winegar announced yesterday that Virginia (Dink) Carter, 33, has confessed that he killed five members of the Johnson Agnew family at their farm home last Friday.

Carter, non-in-law of the Agnews, had been questioned by officers since last Saturday. No details of the confession were given.

The bodies of Johnson Agnew, his wife, Manta, two sons, Leo and William, and a granddaughter, Mary Breeden, were found on the farm at Aurora the day after they were killed, presumably by shotgun blasts.

Door Flies Open, Four Tots Hurt

Astoria, May 21 (AP)—Four youngsters, falling out of a moving automobile when the car's rear door accidentally swung open, were hurt yesterday.

Clinton Morrell, 4, Seaside, had a possible skull fracture. Injuries to Henry Yoss, 6; Joyce Yoss, 4, and Darlene Yoss, 18 months, were less serious.

Church School Planned

Jefferson—The local churches are making plans for a vacation church school with the opening date tentatively set for June 2.

Logging Dispute Dated for Hearing

Washington, May 21 (AP)—The defense mediation board today scheduled a hearing of the Columbia river basin logging dispute for May 28 here.

CIO loggers, asking a 15-cents-an-hour wage increase, have negotiated with employers for a month, and a settlement is not in sight, board officials said they had been advised.

A similar dispute between CIO sawmill workers and employers of the area was settled last week with union acceptance of a 7 1/2-cent wage increase offer. The same offer has been made the loggers.

Youths Confess 17 Burglaries In Recent Weeks

Salem police believe they completed last night the round-up of youthful burglars who have raided numerous houses and stores in recent weeks. A large amount of the loot has been recovered and is held at headquarters.

Arrested last night were Paul Pratt, Jr., 16, and another boy who is only 13, and whose name is not being published because of his extreme youth. Seventeen burglaries have been solved by the arrest of the pair and the admissions made by them when quizzed. Chief of Police Frank A. Minto said.

The boys said they worked together on all but two of the burglaries. On these two, the Conover Food market theft at Cross and 12th, and the burglary of the Harry Scott cycle shop, the younger of the boys said he was alone.

Loot recovered includes watches, jewelry, cameras, model airplanes, a toy electric train, pencils, fountain pens and a stuffed Chinese pheasant.

Burglaries admitted by the pair were:

Dr. Louis R. Schoel home, 860 Leslie street; W. J. Beard home, 571 North 15th street; Clayton Foreman home, 265 South 19th street; Roland Clark home, 1446 Center street; Dr. David B. Hill home, 2185 South Church street; M. H. Cunningham home, 709 Hoyt street; G. Rogers home, 449 North Cottage street; Johnson Smith, 1740 Mission street; Curtis Bach home, 520 South 25th street; Earl Riggs home, 1695 Berry street; L. A. Grimes home, 1444 South 12th street; S. D. Calloway, 1765 B street; C. E. Garrett home, 622 North 17th street; and one burglary at 1145 South 13th street which was never reported to police.

Senate Probes Shipyard Strike At Bay Cities

(Continued from page 1)

Union officials say all mills in Tacoma will be forced to close down for lack of logs within a few days if the boommen strike is not settled. There are 20,000 employed in local wood industries.

Lorain Strike Ends

At Lorain, Ohio, another shipyard strike came to end when machinists were given wage increases by the American Shipbuilding company.

Raises of 4 cents an hour went to men previously paid 79 cents, while 5 cent raises were approved for those receiving 80 cents an hour or more. The concern has been building six submarine net tenders for the navy.

Federal Conciliator James F. Dewey announced at Detroit that an agreement to end a strike of the United Automobile Workers (CIO) union against Hudson Motor company had been reached and would be submitted to the union late today. He said no details would be revealed until ratification. Company spokesmen said the plant would be ready to resume production tomorrow morning.

The strike involved 8500 workmen. The union demanded a 15-cent hourly wage increase in undisclosed present scales and the company offered a three-cent boost. The firm has orders for \$10,000,000 worth of airplane parts.

Cannery Strike

From San Francisco came word that a settlement seemed near in a cannery strike which asparagus growers said had already cost them \$1,000,000 in losses. An AFL spokesman said a new basis for settlement was agreed upon last night by representatives of the 11 unions involved and spokesmen for the cannery. If the cannery as a body approve, the unions will act on the proposals late today or tonight so that operations may be resumed tomorrow. The unions originally asked pay increases of 15 cents an hour in scales ranging from 37 1/2 cents to 52 1/2, but reduced the demands by an undisclosed amount. Cannery proposed a boost of from 2 1/2 to 5 cents an hour. A plan of Governor Olson to end the strike was rejected by the unions.

Plywood Employees Get Boost in Pay

Klamath Falls, Ore., May 21 (AP)—Employees of the Klamath Plywood plant here today were granted a 7 1/2 cent pay boost in an agreement between the company and the lumber and sawmill workers union (AFL).

The increase brings the minimum pay to 72 1/2 cents per hour, five cents above the basic sawmill minimum. The boost is retroactive to May 1, affects approximately 90 workmen.

The Klamath plant was closed for four weeks in March by a CIO strike but early in April 40 men walked through picket lines to work. Three weeks later the strike was called off and the CIO recognized. Several weeks ago, the AFL was recognized after a one-hour strike.

Barney Cameron Heads Circulators

Gresham, Ore., May 21 (AP)—Barney Cameron, Seattle, representing the Scripps League newspapers, was elected president of the Pacific Northwest Circulation Managers' association here Tuesday. He succeeds J. A. Hilliker, Calgary, Canada.

Other officers named at the conclusion of the two-day meeting included A. Westergren, Idaho Times, Twin Falls, first vice-president; E. F. Baldwin, Salt Lake Tribune, second vice-president; L. E. Dyer, Spokane Spokesman Review, and S. A. Buchanan, Leffridge, Alberta, Herald, directors. David H. Smith, Portland, was re-named executive manager.

The delegates voted to hold their 1942 convention at San Francisco providing the international circulation managers' association decides to meet there. Tacoma was named the alternate convention city.

Man Confesses Murder of Five

Lawrenceburg, Ind., May 21 (AP)—Sheriff William Winegar announced yesterday that Virginia (Dink) Carter, 33, has confessed that he killed five members of the Johnson Agnew family at their farm home last Friday.

Carter, non-in-law of the Agnews, had been questioned by officers since last Saturday. No details of the confession were given.

The bodies of Johnson Agnew, his wife, Manta, two sons, Leo and William, and a granddaughter, Mary Breeden, were found on the farm at Aurora the day after they were killed, presumably by shotgun blasts.
