Ward Strike to Be Continued

Astoria, Ore., June 21 (AP)—AFL Clerks and Warehousemen from Portland—here for the State Federation of Labor convention asserted last night the strike against the Portland Montgomery-Ward & Co., store would continue until the firm fully obeyed a national labor relations board decision.

George Brokat, NLRB examiner, blamed the store for the strike and ordered Wards to bargain collectively with the unions and reinstate all employes. Union employes struck December 7 for higher wages. The store suspended May 3 when deliveries of merchandise failed.

State Officials at Pearson Funeral

Portland, June 21 (AP)—State officials, headed by Gov. Sprague, attended funeral services here yesterday for Walter E. Pearson, state senator from Multnomah county, who died Wednesday at Marshfield.

Many members of the staff of the state treasurer, an office he once held, also attended, as did the full membership of the executive committee of the democratic county central committee.

Active pallbearers were Paul C. Bates, Karl V. Lively, C. C. Chapman, E. P. Burke, Ashley Greene and John Adams. Services were held at the Finley chapel with burial in Lincoln Memorial park.

Night Club Probe By Liquor Board

Portland, June 21 (U.P.)—A complete investigation was ordered today by the Oregon state liquor control commission into so-called night clubs, restaurants and premises permitting consumption of hard liquor.

A law passed by the last legislature requires issuance of a license but Chairman Lloyd J. Wentworth revealed some of these places are operating without having applied for permits.

Among permits suspended was that of Mrs. Edith Mennis Ward, Ward's, Goshen, Ore., package store class "A" license, for 14 days for permitting consumption of beer on licensed premises under package license.

Worried Over U. S. Entry

Berlin, June 21 (AP) — The Berlin press today still was without a word of comment on the requested closing of United States consulates in Germany but the man on the street nevertheless was worried and asking whether history would repeat itself.

The older generation, which remembers the effects of United States entry into the World war, especially looked toward the future with pessimism and at the very least abandoned hope that the conflict would be terminated within a reasonable time should the present tension lead to a final rupture of relations between the U. S. and Germany and should the U. S. openly join Britain.

While the controlled press thus ignored the most important news occupying the minds of the people, Deutsche Diplomatisch - Politische Korrespondenz, foreign office mouthpiece, asserted that American consular officials in Germany after the outbreak of European hostilities "adopted an attitude which virtually made them English agents."

Korrespondenz also charged the U. S. government with showing "bad manners" and expressed doubt whether such manners would pay in the long run.

As far as the freezing of German funds in the United States was concerned, Adolf Hitler's newspaper, Voelkischer Beobatchter, arrived at the conclusion that the United States had "cut its own flesh." The measure, the paper said, was contrary to all rights and treaties.

Army Air Force Consolidated

Washington, June 21 (AP) — Consolidating the army's mobile general headquarters air force and service branches of the air corps into "a single unified organization," designated the "army air force," was announced today by Secretary of War Stimson.

The step was disclosed in a letter to chairmen of the senate and house military affairs committees in which Stimson voiced vigorous opposition to congressional proposals to make the military air branches an independent arm like the army and navy.

Stimson said that "we favor autonomy of the air arm rather than segregated independence."

Under the reorganization, the army air forces will combine both combat and service units under a high ranking air officer, who will be responsible only to the army chief of staff.

Hitherto, the GHQ air force included tactical and combat units and directed combat training. The air corps was charged with basic and advanced training, procurement, maintenance and research work.

Stimson contended that a separate independent air force could not operate effectively unless there was a single supreme general staff in which authority over the army, navy and air force was fully vested, as in nazi Germany.

Ask Guard Serve For Another Year

Washington, June 21 (AP) — The war department has recommended that President Roosevelt ask congress to retain the national guard on active duty beyond the current single year of service.

Announcing this today, the department said that "legislation is, of course, required, and the final decision is a matter of public policy which must rest with the president and the congress."

Without additional congressional authority, the first of some 290,000 guardsmen now on active service would be demobilized September 16.

191 Airports To be Surveyed

Washington, June 21 (AP) — The civil aeronautics administration announced today that 191 airport sites will be surveyed for possible construction or improvement work under the $94,977,570 CAA appropriation for the year beginning July 1.

While 191 airport sites will be surveyed, Administrator Donald M. Connolly pointed out that only 149 of the sites can be selected finally under the law for construction work with 1942 funds.

The 1941 program, he said, has resulted "in a program of 250 airports being well advanced to meet national defense requirements."

The 1942 program falls in two categories.

Among the airports listed for survey, and the proposed improvements were:

A class one airport has runways of less than 3,000 feet, class two runways of at least 3,000 feet, class three at least 4,000 feet, and class four 5,000 feet.

Oregon—Ontario, class 1 to class 3, and Tillamook, 1 to 3.

The CAA explained that the "O" classification was for locations where no airport had been developed.

Carl E. Reynolds Dies at Hospital

Carl E. Reynolds, a salesman for the Jenks-White Seed company for many years, passed away June 20 at the Deaconess hospital.

He had undergone an operation one month ago at the St. Vincent's hospital in Portland. Mr. Reynolds was seriously injured in an elevator accident nearly two years ago.

Mr. Reynolds was 61 years of age. He is survived by his widow, Onie; daughters, Audreann Reynolds of Salem, Mrs. Irma R. Griffith of Eugene; son, David A. Reynolds of Everett, Wash.; brother, Charles B. Reynolds of Portland; grandson, Danny Carl Reynolds of Everett.

Services will be held Monday, June 23, at 10 a. m., from Clough-Barrick chapel, Rev. W. Irvin Williams officiating. Interment will be in City View cemetery.

Seattle Local of L and W Union Quits

Seattle, June 21 (U.P.)—The Seattle local of the longshoremen and warehousemen's union (CIO) voted last night to withdraw from the Seattle industrial union council "because the council seeks to obstruct national defense and tolerates communism."

E. B. Youngberg, secretary of local 1-19, said the council also "encourages communist members and purports to speak for the rank and file of labor in this city with statements which are definite misrepresentations."

sioned, to remove the dead, determine the cause of the tragedy and gain experience in underwater work under tremendous pressure.

Talking to an Associated Press man aboard the rescue ship Falcon, Admiral Richard S. Edwards, commander of submarines of the Atlantic fleet, also intimated the cause of the sinking might go unsolved. He said the cause could not be determined "until and if the submarine is brought up."

Cause Uncolsed

A final answer as to whether salvage will be attempted, he added, depended upon the findings of two navy divers who will go down during the day. The men selected for the hazardous dive were Neil Sheehan and George Crocker. They will wear helium helmets and special equipment.

Admiral Edwards, reporting the grappling lines definitely were hooked to the O-9, said there was "no indication of any life aboard;" and added that "I don't think there is any hope."

Asked what he thought of the submarine's present condition, he replied briefly:

"Probably crushed."

Among the crew of the submarine was Edgard G. Foster, chief machinist's mate, and Bob A. Gardner, torpedoman, third class, Alsea, Ore. The submarine was commanded by Lieut. Howard J. Abbott, of Osceola, Iowa.

Contact Made

Contact with O-9 finally was made by four submarines, running abreast up and down the area. Then small boats were put over to sweep grapnels across the spot marked by buoys dropped by the submarines.

Certainty that the O-9 lay below came when a piece of wooden deck was picked up. It was labelled "9-P-7," showing that it was the seventh section on the port side of the O-9.

Baxter Named on Anti-Liquor League

Eugene, Ore., June 21 (U.P.)—Sale of liquor to men in uniform today was under attack from Oregon's Methodists, holding their annual conference here.

A resolution deploring increased drinking and urging a curb on liquor sales to "those in uniform" was unanimously approved.

The Rev. Alexander Hawthorne, pastor of Portland's Beech street Methodist church, introduced figures which he said showed that since repeal Oregon has spent $150,282,110 for beer, wine and hard liquors.

Elected to the board of the anti-liquor league were Bishop Bruce R. Baxter, Dr. M. A. Marcy, district superintendent of Portland; the Rev. Victor Phillips of Klamath Falls; B. V. Wright of Gilchrist, and Dr. B. Earl Parker of Eugene.

Sprague Tells VFW Nation Nearer War

Bend, June 21 (AP) — Withdrawal of U. S. consuls from the axis countries has placed this nation nearer to an actual war basis than it has been at any recent time, Governor Sprague said last night.

As a result the civilian defense program is more important than ever, he told the annual Oregon Veterans of Foreign Wars convention.

Joseph C. Mendendez, national V.F.W. commander, warned that "the lifeline to Britain must be kept open. If Americans do not assist in this task, the prospect for 1942 is appalling."

Perfect Break Asserts Gayda

Rome, June 21 (AP)—Virginio Gayda, authoritative fascist spokesman, declared that Washington had "created a perfect break" between the United States and the axis powers, which meant "continental Europe."

"An economic war and a partial diplomatic war between the two continents has already opened," he wrote in the newspaper Il Giornale D'Italia, of which he is the editor.

Describing June as "undoubtedly a month of notable political clarifications," Gadya said "everything which may still happen between Europe and the United States is the exclusive responsibility of the American government, which has taken the initiative of unprovoked aggression and has carried it boldly to the present advanced limit."

He declared that "strong and aggressive language used by President Roosevelt in a message to congress on the sinking of the S. S. Robin Moor May 21 on her voyage to Capetown, South Africa, would not be possible in formal diplomatic usage except in an ultimatum.

Crary Appointed To Training School

William B. Crary, private in the medical unit 249th Coast Artillery corps stationed at Fort Stevens, has been designated as one of 40 men from the regular army and national guard of the 9th corps area to qualify for entrance into the West Point training school at Fort Winfield Scott, the Presidio, San Francisco.

Private Crary, son of Mr. and Mrs. Bert Crary of this city, is a graduate of Salem high school and was a student at Willamette university at the time of his induction into the service. He has served as special correspondent of the Capital Journal at Camp Clatsop and Fort Stevens since the Salem national guard units were inducted into federal service last September.

He will leave here today for Fort Winfield Scott.

Oregon Youth on Lost Submarine

Corvallis, June 21 (AP)—Robert A. Gardner, one of the crew reported lost with the submarine O-9 had just finished submarine school before being assigned to the ill fated craft, according to the last word received by his father, Dan Gardner. The letter, received over a month ago, said the assignment was coming up as soon as the course was finished. Most of Gardner's previous experience had been on destroyers.

The youth had lived at Waldport and after serving one navy enlistment had engaged in fishing off the Oregon coast until he reenlisted nearly two years ago.

His father recently moved from Waldport to Bear Creek, 33 miles west of Corvallis on the Corvallis-Waldport highway.

Joe Louis Finds Wrist All Right

Chicago, June 21 (AP) — Heavyweight champion Joe Louis spent an hour at Providence hospital today, learned there was nothing wrong with his right wrist that a little rest would not cure and announced "I'm real glad" when told Lou Nova had been signed to meet him for the heavyweight boxing title in September.

Louis injured his wrist in the seventh round of Wednesday night's victory over Billy Conn.

Mrs. A. W. Kangiser Drowned in Coos

Marshfield, June 21 (AP) — The body of Mrs. Albert W. Kangiser, 19, formerly of Salem, who fell from the dock in front of her Coos river home yesterday and drowned, was recovered this morning.

She had been married only since May 18.

It was the second drowning here in 24 hours. Wallace Brown, 15, drowned while swimming late Thuraday.

Body of Vassar Coed Found in Auto

Lexington, Mass., June 21 (AP)—The body of Miss Anne Marston Greene, Vassar College student and daughter of a Harvard professor, missing for 10 days, was found today in her father's automobile on a lonely country road off the Lexington-Concord turnpike.

Medical Examiner John J. Wilcox pronounced her a suicide by carbon monoxide poisoning.

Peanuts and Candy Bars for Troop Rations

Washington, June 21 (AP)—American soldiers are now carrying peanuts and candy bars on maneuvers as well as to the ball game.

While admitting that no trooper would care for such rations as a steady diet, government nutrition experts declared that the specially treated nuts and candy include almost everything a man needs in the way of food except bulk.

The peanuts are in the form of peanut butter and the candy is in the ordinary convenient chocolate bar package. Both are fortified with extract made from brewer's yeast which provides a variety of the vitamins in the vitamin B-complex.

Dr. Russell M. Wilder, chairman of the food and nutrition committee of the national research council, declared that peanut butter is an "excellent all-around food" containing a great deal of protein and some carbohydrate and fat. When brewer's yeast is mixed with it necessary vitamins are added and when the chocolate candy is added it provides the necessary energy-producing sugars.

Germany has been using similar emergency rations for troops in the field, Dr. Wilder added.

Without Thiamin and vitamin C, which are included in the pep rations, persons develop extreme lassitude, nervousness, inability to sleep and the "jitters."

Strikers Reject Union's Orders

San Francisco, June 21 (AP)—AFL machinists early today rejected an ultimatum from their international president and for the second time refused his demand that they return to work in struck shipyards.

International President Harvey W. Brown had told the Local 8 executive board he was ordering termination of the strike at midnight tonight (Saturday.)

He said he was acting on authority of the international executive council. He ordered picket lines discontinued and said strike donations from the international would be stopped.

The order was turned down by the executive board after more than four hours' bitter wrangling.

As the meeting broke up, Harry Hook, business agent of the local, issued a statement on behalf of his executive board declaring that it "has no authority to concur in the action of the international executive council or comply with their request to disestablish picket lines.

"It is the position of the executive board of lodge No. 68 that the status of the strike is unchanged until such time as the membership takes other action. Under no condition does the local lodge executive board agree for our members to return to work in the struck shop without permission of the lodge."

Douglas Handles Insanity Cases

Dr. Vernon A. Douglas, as head of the county health department, has taken over duties under a new law of the last legislature which turns the handling of insane patients prior to commitments over to the health department rather than in the hands of the sheriff as formerly. Under this law persons who have been apprehended on insanity warrants will be held in a hospital pending their sanity hearings instead of at the county jail as formerly.

Change in another law makes the circuit judge the presiding judge at sanity hearings and also the committing judge instead of the county judge as in the past. Examinations are to be under the direction of two physicians instead of one as in the past.

Dr. Douglas was at the county jail yesterday afternoon making preliminary arrangements for taking over the new duties for his department.

Oregon Employers Must Supply Date

Washington, June 21 (AP)—The social security board told Senator McNary (R., Ore.), today it believed the recent request of the Oregon unemployment compensation commission for data showing partial unemployment could be furnished readily by employers without added burden.

McNary had asked the board to consider complaints by Oregon business men that furnishing such additional data would entail burdensome added cost to their record keeping.

The board said the Oregon law provided for compensation of less than a full week, which it termed "partial unemployment."

"We believe the information is necessary to assure that benefits will be paid only to individuals properly entitled thereto," the board said in a letter," and that it can be supplied readily by employers."

Silverton — Clarence Lochmiller fell from the rear seat of a moving automobile and was injured. He is being treated at the Silverton hospital. Marie Neubel entered Silverton hospital for medical treatment, Friday.
