

Honor Court Held Sunday at Camp Pioneer

Camp Pioneer, July 21 — Climaxing a week of mountain hikes, baseball games, swimming, boating, fishing, games and Scout advancement, a court of honor was conducted at Camp Pioneer yesterday afternoon. This marked the closing of the first two-week period of the Boy Scout summer camp of the Cascade Area council, located in the Cascade range in the Marion Lake district on Pine lake. Fifty-six Scouts attended during the period. The second two-week period started yesterday with 30 Scouts on hand to enjoy the fun. Others will come for the last week.

Three hiking trips from Camp Pioneer were conducted last week for periods of three, four and five days each. The major hike was the climb of Mt. Jefferson from the southwest side led by Bob Day, a veteran leader of Camp Pioneer. There were 13 in the party including Bob Day, the leader, Ray Talbert, assistant, David Scott, Dale Gordon, Hugh Lovell, Carl Komayate, Jim Stettler, Frank Lightfoot and Bill Reinhardt, all of Salem; Homer Hadley, Bill Lance, Charles Wheelchel, of Albany and Bill Merriam of Shedd.

Another party of 13 led by Ronald Riddiman, camp director, and Scout executive, took a hike which was new to Scout parties. Their route took them from Camp Pioneer to Marion lake, over Minto pass, to Wasco lake and the Cabot Lake trail; north on that past Three lakes, Rock Mountain lake to the pass at South Cider mountain. They climbed the mountain and then headed westward down the Whiskey Creek Valley trail to the Skyline trail, then back to Marion lake and camp. It was a four-day trip. The party included Ronald Riddiman, leader, Verne Scott, assistant leader, Arthur Engelbart, Robert Robbins, Frank Deckbach, Harry Wiedmaler, Angus Erwin, Calvin Burton of Salem, Robert Mass and Robert Hume of Brownsville, Norval Hadley and Bill Fisher and Gary Knuths of Shedd.

The third party, under the leadership of Harold Smith of the camp staff, spent two nights camping at Marion lake. Fishing, short hikes, and a visit to Marion Falls gave them plenty of activity. The party included O. Harold Smith, their leader, Dan Norris, Douglas Berwick, Joe Brazie, Richard Gatie, Alden Sundie, Karl Byers, Kenneth Crossan all of Salem, and Thane Bullock of Independence, and Bob Schachtel of Stayton.

Thunder and lightning but little rain, was encountered each day by the hike parties. It was just enough to give them some good experience in hiking and cooking in the rain. The fish story of the week is vouched for by Bill Benson, camp packer, who solemnly declares that as he started swimming near the dock one day a nine inch trout jumped out of the water onto the dock, and that he, with the help of Bob Gilham, water front director, captured the trout. The evidence was later eaten with relish by the campers.

The advancement at yesterday's Court of Honor was as follows:

Second class rank—Douglas Berwick of Troop No. 13 and Frank Lightfoot of Troop No. 15. First class rank—Alden Sundie, Troop No. 2. Merit badges were earned by the following: Hugh Lovell, Troop No. 13, Bill Fisher, Troop No. 21, William Benson, Troop No. 8, Carl Jorgenson, Troop No. 54, Bill Merriam, Troop No. 34, Harry Wiedmaler, Troop No. 1, O. Harold Smith, Troop No. 2, Charles Wheelchel, Troop No. 21, Bill Reinhardt, Troop No. 1, Norval Hadley, Troop No. 21 and Verne Scott, Troop No. 13.

Star rank was earned by Hugh Lovell of Troop No. 13 and Bill Reinhardt of Troop No. 1.

The new group of campers which arrived yesterday started off their week of fun with an evening campfire, and were entertained by songs by Bill Benson and his musical saw, Ray Talbert and "Chief" Riddiman, Bob Gilham, and a campfire story by Bob Day.

One more week of camp follows this one, starting July 27. Scouts who are planning to go and have not yet registered should send their registration to the Scout office in Salem.

Weather Favorable For Control of Fires

Favorable weather conditions in Oregon for the next two or three days will see all forest fires in the state under control, State Forester N. S. Rogers predicted today. "The weather is getting more favorable all the time," the forester said. "If we get any kind of a break in the next two or three days we ought to see everything cleaned up."

An aerial survey of the present fire situation showed Rogers that only three fires remained potentially dangerous today. The McDowell Creek fire north of Sweet Home was out of control. It jumped its lines yesterday before a strong wind, and several hundred men were battling it today with good hopes of bringing it back under control. The Crabtree River burn in Linn county, and the Tumble Creek fire in Marion county were both giving trouble today, but Rogers held high hopes of

Mather Field Receives New Cadet Class

Mather Field, Calif., July 21 — Primed to enter their third and final stage of training to become qualified pilots in the United States army air corps, 45 flying cadets arrived at Mather field today from Moffett field.

The group, a portion of class 41-G which has been divided into three divisions for advanced flying training, will immediately launch its concluding 10 weeks of prescribed schooling which will be climaxed by graduation September 28. Of 150 originally enrolled in class 41-G at Moffett field, 142 successfully completed flying and academic requirements. Besides the 45 assigned to Mather field for advanced work, 52 have been sent to Stockton field and 45 were directed to Phoenix to round out their stringent flying training.

Flying cadets now undergoing their advanced training at Mather field total 91. Class 41-F, with a roster of 46, reached the half-way mark of its course this week. Swinging into the last five week lap, the class is running well ahead of schedule with an average flying time of 4½ hours. This is more than 50 percent of the necessary 90 hours to be completed before August 15.

Excellent weather conditions have prevailed since the inception of the class June 9, and not a single day of flying has been lost. Fourteen states are represented in the cadet detachment which reported today. Kansas leads with 10 delegates followed by California with eight and Washington with seven. Other states and the number of men from each include: Texas, 4; Oregon, 4; Utah, 2; Colorado, 2; Oklahoma, 2; Wisconsin, 1; Indiana, 1; Nevada, 1; Idaho, 1; Montana, 1 and Wyoming, 1.

Personnel of the class follows: E. J. Albany, J. W. Baker, Jr., W. P. Bayne, W. K. Britton, E. K. Callvert, D. B. Clark, J. S. Conlin, P. A. Crawford, W. H. Cummings, W. Dailam, Jr., C. W. Dickhut, H. C. Dukes, A. B. Franklin, J. N. Gary, W. V. Hagin, L. U. Haley, E. W. Hille, Jr., J. L. Hughes, R. T. Jacobson, C. E. Jensen, H. K. Johnston, P. E. Jones, W. W. Kelly, J. J. Ketcher, F. M. Klopfenstein, M. I.

Kornell, K. F. Leabo, F. B. Ledebor, E. L. Lyon, G. I. Martin, L. E. Millar, A. McClung, C. F. McCoy, D. Nonamaker, J. W. Oliver, H. J. Preston, G. N. Rheas, R. P. Slater, S. A. Store, Jr., W. G. Swartz, Jr., M. W. Sykes, C. E. Tackett, O. E. Vordahl, R. C. Walton, and H. T. Weeks.

The new class of cadets will be tendered an official welcome by Lieut. Colonel Leland R. Hewitt, commandant of Mather field, Wednesday at 11:30 a.m. After being divided into two echelons, Thursday will be devoted to the processing of students and inauguration of ground school studies. Transition dual and solo flights will be started Friday along with accuracy landings. This preliminary instruction is needed because the planes here are faster and heavier than any previously flown by the cadets during primary and basic training.

Temporarily, this class of cadets will make their living quarters in tents adjacent to the main field, now in the closing stages of construction. Within two or three weeks, together with some 400 enlisted men and cadets already occupying tents, they will move into barracks.

McDowell Creek Blaze Battled

Albany, July 21 (AP)—Fire fighters battled on a new front today to keep the McDowell Creek blaze from invading prime timber in eastern Linn county.

The three-day-old lightning fire, which claimed the life of Russell Jones, 25, Sweet Home, felled by a snag Saturday, broke out of control yesterday when wind shifted to the northeast.

A sound truck rolled through Albany streets yesterday asking for volunteers to fight the flames, which have destroyed 700 acres of timber on McDowell Creek Logging company property, and now threatens timber of two other companies.

Ben Hogan Shoots For Cash Record

Chicago, July 21 (AP)—Three years ago Sam Snead, the West Virginia slugger, set a money-winning record among professional golfers that was supposed to stand for a good long while.

But that was before Little Ben Hogan, whose method of par-busting is almost the opposite of Snead's hit his hot streak. Snead moved everything down in sight that season and collected \$19,534.49 in tournament prize money. Now the 140-pound Texan, who plays out of Hershey, Pa., is after that record and stands a better than fair chance to set a new one.

Hogan hit the jackpot in the Chicago open yesterday, his 10-under-par 274 earning him \$1,200. This neat bundle of cash boosted his 1941 tourney checks to \$11,517 and kept intact his record of having finished in the money in his last 51 meets.

Ben began his streak last year when he led the pros in money earned with \$10,655 and won the Vardon trophy. This battle will be his again unless he slumps. He has 383 points in the Vardon derby, a good lead over Craig Wood's 300 in second place.
