

Polk County Clubs Schedule Achievement Day.

Full Program Arranged by Dallas Forum

Dallas—The annual Polk county 4-H club achievement day, sponsored by the Dallas chamber of commerce, is to be held this year December 5 at the Majestic theater in Dallas.

Joseph Wills, Polk county school superintendent, is in charge of this year's program and is busy lining up one that will be particularly interesting to 4-H club members, leaders and parents.

Four outstanding club members of the county will be presented cups by the Dallas chamber of commerce at its regular noon luncheon the same day. Each year the most successful and outstanding boy or girl in the following projects are each presented with a cup which must be won three times before it can become a permanent possession of the winner: sheep, dairy, cooking and so on.

In addition to the above there is also presented annually the county agent's trophy to the most outstanding club member in the county. This trophy is a perpetual one and does not become the permanent possession of any of the winners.

The parents of the special award winners are also invited as guests of the chamber of commerce at the noon luncheon the day of the achievement program.

Some concern is being shown by club members as to who may attend this year's achievement program. It was announced last year that due to the large increase in club work it might be necessary to limit the number who could attend. This is to be done this year. Only those who have completed their 1940 projects and have turned in their records and beginners, who have enrolled in club work in 1941 for the first time, will be sent invitations and be permitted to attend, states W. C. Leth, Polk county agent, who shares the responsibility in administering the 4-H club program in Polk county with Wills.

At the achievement day meeting achievement certificates to those clubs having finished 100 per cent and pins and cards to the individual members who completed their work this year, will be presented. The Dallas City bank supplies the pins for the club members with the exception of the first year pins which come from the state superintendent of public instruction.

Highlights of the program is the free moving picture show held in connection with this program.

Insurance Plans Presented Group

Silverton—The speaker at the regular meeting of the AFL at the K. P. hall was John McEwan of the union's employment department, talking of the unemployment insurance plans and of the expected benefits.

The group decided to serve a turkey dinner at Christmas time for the families of workers instead of the customary sacks of candy and baskets. The president, George Christensen, will name his dinner committee during the coming week.

Harry Veness, auxiliary organizer, met in the hall fireplace club room with the wives and daughters of the workers and named Mrs. Del Bowen as secretary of the prospective auxiliary, and the deciding committee to include Mrs. E. A. Domagala, Mrs. Del Brown, Mrs. Al B. Anderson, Mrs. Jake Enli and Mrs. Walter Rosheim. The next meeting for the women will be the first Tuesday in December when final Christmas dinner plans will be made, with the other regular meetings to be on the third Tuesday of each month.

Primary Instructor Ill at Hazel Green

Hazel Green—Mrs. Loren Stettler, primary instructor for the local grade school, is ill at her home in Chenawee and unable to continue her classwork. A substitute, Mrs. Theodore Olson, has been taking her place until she is able to return.

The primary classes have completed a project involving the old fairy tale of "Goldilocks and the Three Bears". They built a house during the art classes, complete with chairs, beds, curtains and pictures on the wall. Then a farm was made on the sandtable with all sorts of livestock and a barn, silo, chicken house and pig pen. A swing for the baby bear was put in a tree.

Stage Terminal Closed

Silverton—For the first time in the history of Silverton all service stations, the stage terminal, and all places of business excepting restaurants, were closed for four hours during the afternoon Thanksgiving Day.

Silverton—The local volunteer firemen had two calls Thanksgiving forenoon one to the clearing of a fire in the service of a false idol and the other to the home of Mrs. Kate Robison of South Water street. No definite damage was reported.

RIDDLE TO HER—What happens to monarch butterflies such as these "worn" by Marjorie Born, after they quit New Orleans is problem troubling Louisiana biologist Percy Vlosca, Jr. Butterflies fly 500 miles south from Great Lakes area.
