

Air Patrollers Start Military Drill Sunday

Lebanon — Preliminary training for the Lebanon-Sweet Home squadron of the civil air patrol will be started Sunday, when all those interested in joining the organization will meet at the Sweet Home airport for military drill, Ralph Scroggin, commander, announces. The drill will start at 10 o'clock. On Wednesday night of this week a large delegation from this district attended the meeting in Albany when the Central Willamette CAP was organized. State Captain DeVaney was present and spoke on functions of the organization, and army officers explained the military side of the program. Under the organization plans, there will be an Albany-Corvallis squadron with two flights of four planes each, one at Corvallis and one at Albany, and the Lebanon-Sweet Home squadron of one flight of three or four planes. Those actively participating will be issued uniforms, and will serve for the duration of the war, Scroggin announced. The basic training schedule, totaling 80 hours, will be as follows: Three hours military courtesy and discipline; 20 hours infantry drill regulations; two hours local civilian defense familiarization; 20 hours first aid; six hours defense against gas; four hours interior guard duty; ten hours airport patrol; six hours crash procedure; three hours each on organization of army, navy and air patrol; and two hours organization of the office of civilian defense. There are four licensed pilots in this district, including Scroggin, Gilbert, Mrs. C. J. Leavengood, all of Lebanon, and Dr. Langmack of Sweet Home.

'Choir of the West,' from Pacific Lutheran college at Parkland, Wash., will appear in concert at the Woodburn high school auditorium from 10:30 to 11 o'clock Tuesday morning. No admission will be charged but a free will offering will be taken. The choir appears at the Trinity Lutheran church in Silverton at 8 o'clock Tuesday night. The choir is on its 15th annual spring tour. Gunnar J. Malmin is the director. There are 55 voices in this musical group and the program will consist of a number of the great choral compositions as well as a group of the old songs.

Dallas Forum Offered Many Civic Topics

Dallas—The Chamber of Commerce regular weekly luncheon was held Friday noon. George Woerth reported on the visit of the chamber delegation to Rickreall one week ago, when the group presented the agricultural plaque for outstanding work among the granges in Polk county, for their outstanding performance in 1941. A copy of the resolution from the Sheridan Chamber of Commerce was endorsed. The request of the ministerial association that stores and offices close on the afternoon of Good Friday to permit their employees to attend a union service was referred to the civic committee.

He was given a party by the high school faculty Friday of last week. Word received here reveals that Simons passed the physical examination with flying colors, and that he weighed exactly the same and wore the same size uniform as he did when he first served 25 years ago. He quit school without graduating at start of the first world war.

OCE Orchestra Gives Concert

Monmouth—The orchestra of the Oregon College of Education, headed by Robert C. Lawson, presented a program of music at the meeting of the Civic club Thursday afternoon. The discussion of unsightly spots in Monmouth resulted in a decision for the president to appoint two women for each precinct who would list places where cleanup seemed needed. A Red Cross emergency cupboard for Monmouth was discussed by Mrs. Ira Powell. The club voted a donation of \$10 toward the cupboard and equipment. A tea concluded the meeting with Mrs. Dwight A. Hoag presiding at the urn. Mrs. Oscar C. Christensen and Mrs. J. B. Lorence shared hostess honors for the Wednesday session of the Social Hour club at the Christensen residence. The program consisted of a talk by Miss Lois A. Lutz, extension specialist in home management at Oregon State college. Her subject, "Home Furnishings," included an arrangement of furniture, rugs and picture, samples of drapery and upholstery materials, and a rug cleaning demonstration. Jane Wahlstrom, a senior at Monmouth high school, gave her essay on "Liberty," which has won one prize and is now entered in an American Legion contest. The hostesses served refreshments at the close of the meeting. The next meeting will be held at the home of Mrs. O. A. Wolverton. Mrs. H. W. Hogmeier is co-hostess.

The budget committee will also be appointed at this time, and the annual budget meeting will be held April 3. Grand Ronder Heading List

Dallas—Edward Cyrus Leum of Grand Ronder will be number one man in the group who registered under selective service on February 16. The new group will have order numbers starting with 10,001 to distinguish them from the two previous registrations. The drawing to determine the order in which they will be eligible to call was held Tuesday in Washington. The February registration in Polk county was 1229, according to Max Graves, clerk of the selective service board, and of this number slightly over 200 were of the younger age group and about 1000 of the older age group. Leum is 41 years old. The cards have been shuffled and serial numbers assigned. These lists are available for inspection at the armory but have not yet been posted. Until the master list from the drawing are received nothing can be done about determining order numbers. It will probably be about April 1 before these are listed.

This particular target had been fired by Captain Finn with a 22 rifle and it contained 52 bullet holes, mostly in vulnerable places about the head and chest. Fifty-two shots had been fired at it.

Busy Beaver Halts Before Truck Driver

Solo—An industrious beaver some time ago in the vicinity of Idanha, on the North Santiam river, was approaching the highway with a green sapling it had felled. As it "snaked" the pole down the hillside toward its destination, which probably was a likely dam site, a truck chanced along at an early hour, still using the headlights. Courteous Mr. Beaver, religiously observing Earl Snell's constant admonition to use every precaution to prevent highway accidents, politely ceased tugging at its burden and sat by the pole until the truck passed. Bill Ziellinski and John Stellmacher of Solo were in the truck, and when they looked back in the vanishing dawn they observed the beaver again busy at its task of moving the sapling to the spot where it would do the most good, in the opinion of this alert little engineer.
