Milk Mixture for Stomach Ulcers

A recent medical discovery now being used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective that in many cases the pains of stomach ulcers disappear almost immediately after it is used. Also recommended for gas pains, indigestion and heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of Lurin from their druggist. Lurin contains this new discovery in its purest form. Easy to take. Just mix two teaspoonsful in a half glass of milk. Costs but little. Try a bottle. It must satisfy or money refunded. Lurin for sale by Fred Meyer and drug stores everywhere.
