Smith, to repair a one-story dwelling at 147 Union, \$100. George J. Steinke, to repair a one-story dwelling at 1497 North Fifth, \$50.

County Commissioner Girod stated this morning that it will be necessary for the county, temporarily at least, to discontinue rental of county road equipment on private jobs such as private roadways for farmers and similar work in which the county has been glad to render assistance where possible due to the difficulty in farmers securing assistance in the line of equipment from private sources. Girod stated that the man power situation on the county road crew has become so acute it is impossible to allow such work to be done at this time. Virtually all of the grader men are out on other jobs with private contractors. After the harvest, he stated, it may be possible to build up the crews again. Some of the old men may be back and if not it will be possible to secure new help which may be trained. As it is, he stated, the regular work on county roads is getting behind and brush and weeds on numerous roads are getting way ahead of the county crew. It is expected a desperate effort will be made to catch up when more man power is available.

Arthur D. Stump, Monmouth, and Pearl E. Clauson, Mulino, have been issued a marriage license at Oregon City.

Members of the county court yesterday afternoon investigated a complaint from the West Stayton section that water from the irrigation has been overflowing some of the ranches, one complainant in particular stating that the ranch land had

been overflowed to within a short distance of the house. Overflow conditions were found but it was considered mainly due to seepage of waste water which had been used in irrigation and court members said it seemed to be a condition very difficult to correct as it comes from various farms and various directions and is not particularly an overflow from the main ditches themselves.

Permit to haul logs has been granted to the Daugherty Piling company by the county court.

# Soldier Admits Killing Widow

Woodbury, N. J., Aug. 27 (AP)—Acting Prosecutor Charles C. Cotton said Wednesday that Pvt. Wilborn Rogers, 22, Los Angeles, had confessed to the lover's lane slaying of Mrs. Emma May Evans, 39-year old Camden, N. J., widow.

The confession, Cotton said, was signed by Rogers in the presence of an army chaplain and Captain E. C. Rogers, the soldier's superior.

Cotton did not release the text of the confession but quoted Rogers as saying "I lost my head and struck her." The soldier said that he and Mrs. Evans argued before the slaying, according to Cotton.

Mrs. Evans' nude and battered body was found in a clump of bushes on August 14 near the National Park military reservation, where Rogers was stationed.

# Court News

**Circuit Court**  
Order confirming sale of real property to the plaintiff has been filed in the case of Hansen & Rowland, Inc. vs. L. E. Goodman.

Default order has been filed in the case of William T. vs. Katharine Batis.

Complaint on a note for \$100, interest and 4% attorney fee and return showing property attached have been filed in the case of Frank H. Shedeck vs. L. K. Colgan.

Motion in the case of State vs. Charles Edgar Adams seeks to strike from the supplementary plea of insanity the words "due to voluntary intoxication."

Notice of appeal has been filed in the case of Wayne Henry vs. W. G. Allen.

Call for the circuit court jury for August 31 has been canceled until further notice, Circuit Court Clerk Arthur Roethlin stated today. The case of Emmons vs. Barth which had been set for trial for that date has gone out.

**Probate Court**  
County Clerk Lee Ohmart was limping on an injured knee today, caused by stepping off a ladder. Although he stepped only a short distance, his foot slipped on a board, badly wrenching the knee.

The estate of Charlotte Frances Taylor has been appraised at \$17,584.32 by William Dentel, William Fry and Fred Crann.

Final report by Leona E. Taylor as guardian for Barbara and Kathryn Taylor, minors, closes the estate to Kathryn Taylor, who is now Kathryn Pace, has attained her majority and has received her portion of the assets of the estate.

The estate of Abner Kelper Kline admitted to probate with the Pioneer Trust company as executor, is valued at \$31,000, of which \$4000 is in real and \$27,000 in personal property. A will leaves \$1000 each to a brother and sister, Elmer K. Kline of Phoenix, Ariz., and Estelle K. Rotz of Pottstown, Pa., and \$1000 each in trust to a niece and nephew, Mildred Louise Rotz and Bruce Shaffer. The residue goes to the widow, Virginia B. Kline, with exception of \$300 to a church at Six Corners, Pa., for maintenance of cemetery lots.

Final discharge has been granted Irene Dodd Weiler as executrix of the estate of Edward N. Weiler.

**Justice Court**  
In a trial today Charles Leonard McConnell was found guilty of driving a motor vehicle while under the influence of intoxicating liquor. He was sentenced to serve 30 days in jail and pay a fine of \$100 and costs. The jail sentence to be suspended on payment of fine and costs. He failed to pay and was committed.

Order holding to grand jury Henry Morrow, who waived preliminary hearing on a charge of non support. Released on his own recognizance.

**Police Court**  
Violation of the basic speed rule: Walter G. Moss, Portland, bail \$10; Lawrence J. Phillips, 1230 N. Winter.

**Marriage Licenses**  
Dallas — Marriage licenses have been granted by County Clerk Graves to Donald Edward Mather and Dale Sylvia Power, both of Corvallis, and to Robert Lenthal Arnold of Monmouth and Marian Miller of Kings Valley.

Exports of bananas from Mexico have decreased from 14 million stems in 1937 to an estimated 2.5 million this year due to plant disease, according to the department of commerce.

# New Guinea Natives Friendly To Americans

Los Angeles, Aug. 27 (AP)—A meeting on a south Pacific island with 16 navy and army pilots and 17 other white persons who had been helped by friendly natives to escape from the Japanese was described by Lieut. Harry Wood of Noble, Ill., a dive bomber pilot of the carrier Lexington.

With his radioman-gunner, Cyril Huvar of Corpus Christi, Tex., Lieut. Wood said on an NBC radio broadcast he was forced down at sea near the New Guinea islands when their plane ran short of fuel.

Helped ashore by natives, they were taken to an island. There they found the other pilots who had also been forced down, together with the civilians, some of them Americans, whom the islanders had assisted in penetrating the Japanese lines.

Wood said he met several other persons on the ship that brought him to the United States recently who had found their way to civilization from Japanese-occupied territory. He himself was reported missing for a month before he reestablished contact with the navy.

"You have been in the vicinity of the present Solomon islands conflict," remarked the radio interviewer on the program. "Now if any of our men are forced down or have found their way ashore from damaged ships, just what do you think their chances are of returning?"

"If they are Americans, a very good chance," Lieut. Wood replied. "If they are Japanese, I would not want to be in their shoes."

Lieut. Wood is one of two dive bomber pilots who scored direct hits on a Japanese carrier of the Shokaku class on May 8. He was afterward pursued by an entire squadron of Zero planes and escaped them by diving through clouds, but ran out of fuel and was forced down.

# Labor Leaders Sanction WLB

Washington, Aug. 27 (AP)—Organized labor wants wartime control of wages left in the hands of the war labor board and has so informed President Roosevelt.

Both the Congress of Industrial Organizations and the American Federation of Labor, it appeared, are making a vigorous fight against reported administration plans to place final control over wages—along with other cost-of-living factors—in a new executive authority, a sort of "supreme economic command."

CIO President Philip Murray and AFL President William Green conferred with the president yesterday and went over a tentative anti-inflation plan which has been submitted by Judge Samuel I. Rosenman. Rosenman's plan, it was believed, would create an economic authority with power not only to stabilize farm prices but to veto or modify WLB wage rulings, if necessary, to preserve overall anti-inflation balance.

Murray and Green left the president without having reached any conclusions but agreed to return again one week from today—a few days before Mr. Roosevelt is scheduled to reveal his new anti-inflation plan—to see if some labor-government agreement can be worked out.

# Albanian Patriots Clash with Italians

London, Aug. 27 (AP)—Reuters said today it had recorded a Moscow broadcast which reported, under a Geneva date-line, a large scale clash between Albanian patriots and Italian troops 12 miles from Tirana, the capital of Italian-occupied Albania.

This account said the Italians lost 200 men killed or wounded and finally had to bring up artillery to end the fight after several days.

It said the Albanians had cut telegraph lines between Tirana and Durazzo and blown up an important bridge near Elbassan.

**MacArthur Visits Troops**  
Melbourne, Aug. 27 (AP)—General Douglas MacArthur spent six hours Tuesday visiting United States troops in training in an undisclosed area of the Australian war zone, it was announced today.

It was his second such trip of inspection. The first, several months ago, was not disclosed at the time.

England now has many mail-bag thefts.

# Former Unionvale Resident Is Feeble

Unionvale—Walter Younce of Portland was a guest at the home of Mr. and Mrs. C. J. Countiss Monday afternoon. He was en route home after spending the week-end with his grandfather, G. W. Winn at Sublimity, whom he reports is growing very feeble and almost blind.

Winn is more than 80 years of age and was a resident of this locality for years until he sold his farm here 11 years ago. The parents of Walter Younce owned a home here also and moved to Portland about 25 years ago, but Earl and Leonard Younce resided with their grandparents and attended the local grade school. Earl Younce is principal of the Troutdale high school and Leonard is a professional baseball player.

# Delay Action On Bone Bill

Washington, Aug. 27 (AP)—Senator Bone (D., Wash.) said Tuesday it appeared unlikely any action could be taken on legislation designed to set up the Columbia power administration until later this fall.

The measure would put the sale of power from Bonneville and Grand Coulee under the jurisdiction of the CPA.

The joint senate-house committee which conducted hearings on the Bone-Smith bill (S2430) adjourned after four weeks of hearings on the measure in June. An understanding was reached that if other witnesses wished to be heard they would be given an opportunity to testify in September.

Bone said that he and Senator McNary (R., Ore.) and Rep. Angel (R., Ore.) were the only members of the committee now in Washington. After other members return this fall, the committee must decide whether to report the measure to the house and senate and whether any changes will be made in the original draft. That would give the CPA authority to acquire private power properties by purchase or condemnation and resell them to public bodies.

Rep. Angell has urged the joint committee to hold hearings in Oregon but other members opposed the plan on the grounds such a hearing would duplicate much of the testimony already taken.

# Hitler Hanged in Effigy at Portland

Portland, Aug. 27 (AP)—Somebody hanged Hitler in effigy from the Vista avenue bridge last night.

Patrolmen Dave Patterson and B. Hutchins, mistaking the dummy for a body, raced to the bridge deck from where they discovered their error, along with a card attached to the dummy: "Dis is Hitler," and signed, "Three Yanks."

The officers cut "der fuehrer" down.

# British Bomb Nazi French Bases

Folkestone, England, Aug. 27 (AP)—Heavy explosions from the direction of Calais and northward toward Dunkerque in France shook the English southeast coast area early this afternoon after a large force of RAF planes had crossed the channel.

Periodic heavy gunfire also was heard.

Waves of fighters later returned from France. The cannon fire of planes was heard over the channel.

Three German ships of 1500 tons each were damaged severely and a smaller vessel was hit today by Hurricane bombers which attacked a five-ship convoy lying off Dieppe, the air ministry announced.

# 7 Youths Injured Crashing Train

Portland, Aug. 27 (AP)—Seven youths were hurt, one critically, when their automobile crashed into the side of a Southern Pacific freight train at Progress, near here, early today.

The driver, Everett LeRoy Woodard, 19, suffered a skull fracture, internal injuries and a compound leg fracture. The others, ranging in age from 17 to 20, were taken to a hospital suffering cuts, bruises and shock.

The automobile was dragged nearly 100 feet. Trainmen were unaware of the accident until a stop was made at Oswego.

**One Veteran Left**  
Forest Grove, Aug. 27 (AP)—Only Dan Daffron was left today of Washington county's Civil war veterans. William C. Sahn, 95, the other veteran, died Tuesday.

# Japs Effect Small Landing In New Guinea

(Continued from page 1)

ties across the Coral sea to the south, and serve as a center for further counterattacks on allied positions in the Solomons.

**Buna Attacked**  
Buna, apparent springboard for the advance of the small Japanese convoy, was attacked by allied air forces with six Japanese fighters reported destroyed and two damaged. Thirteen enemy fighters were reported destroyed in surprise attacks Tuesday.

Establishment some weeks ago of the Buna base on New Guinea was of no avail to the Japanese in their apparent drive for Port Moresby. Invading ground troops were stopped 60 miles from their goal by the towering Owen Stanley range. Consequently, they were forced to sweep around the 180 miles of coast to Milne Bay.

The Japanese convoy was attacked while en route two days ago by allied airmen who sank an enemy gunboat and machine-gunned two transports inflicting an undetermined number of casualties. No detail account of allied losses has been released.

**Sea Battle Raging**  
In the Tulagi-Guadalcanal island zone of the Solomons, a navy communique yesterday disclosed that the big sea battle was still raging with the outcome still indefinite.

Since the renewal of the conflict five days ago, American bombers have set two enemy destroyers ablaze and pounced upon transports, cruisers and destroyers of one invasion fleet forcing it to withdraw from approaches to Guadalcanal.

Another Japanese naval force, operating to the northeast, is still involved in a major sea battle in which airplane carriers and warships are the target of American bombers and fighters.

# 8 States Get Half War Orders

Washington, Aug. 27 (AP)—More than 50 per cent of the nearly \$80,000,000,000 in war contracts distributed between June, 1940, and June, 1942, went to companies in only eight states, the war production board's statistics division revealed today.

A table of contracts and allocations by the army, navy, maritime commission, the treasury and for the British Empire revealed that Michigan, New York, California, Ohio, Pennsylvania, New Jersey, Connecticut and Illinois received more than \$41,000,000,000 worth. Those states, however, have more than 43 per cent of the nation's population.

States receiving the smallest amount of contracts were in the west. North Dakota was on the bottom with only \$270,000. Wyoming, Montana, South Dakota, Idaho and Vermont came next—in that order—all of them with less than \$50,000,000.

Totals for other states included: Arizona, \$175,756,000; Colorado, \$421,188,000; Idaho, \$49,167,000; Montana, \$39,957,000; Nevada, \$96,697,000; New Mexico, \$81,423,000; Oregon, \$580,165,000; Utah, \$393,242,000; Washington, \$2,379,883,000; Wyoming, \$25,974,000.

# Lady Taxi Driver Loses Tires, Clothes

Grants Pass, Ore., Aug. 27 (AP)—An unidentified man directed Mrs. Isma Poole, a feminine cab driver, to a lonely spot on the Gold Hill road.

At the designated point, he was joined by a motorist confederate.

"Get out of the cab and take off your clothes," one of the men ordered.

Quaking with fright, Mrs. Poole obeyed.

The two men then removed the tires from the taxi and departed in the other car, taking Mrs. Poole's clothing and \$30 along with them.

The woman was not harmed.

# Mrs. Kaiser Will Sponsor Ship

Richmond, Cal., Aug. 27 (AP)—Mrs. Henry J. Kaiser, wife of the builder, was named today to sponsor the "John Fitch," 10,000 ton Liberty ship scheduled for launching at Kaiser's Richmond yards tomorrow after construction in a record 24 days.

# Curfew Law For Seattle

Seattle, Aug. 27 (AP)—Aroused by the large increase in assaults upon young girls, Mrs. Dale J. Marble, president of the Seattle council of Parent-Teacher associations, today announced she would urge the city council tomorrow to require immediate and stringent enforcement of Seattle's juvenile curfew law. Police Chief Herbert D. Kimsey said he would cooperate.

She said there had been a 100 per cent increase in the number of criminal assaults since last May, and a large number involved minors.

The women's division of the Seattle police department reported today that 19 men have been tried since May 1 on morals charges, each involving one or eight girls. There were 48 attacks last month.

# Another Ship Sunk by Subs

(By the Associated Press)  
The sinking of a medium-sized U.S. merchant ship in the Caribbean sea early this month was announced by the navy today, and survivors said she was the third to go down in that area in a single night.

The sinking announced today, and two disclosed yesterday, raised to 443 the Associated Press tabulation of announced United Nations and neutral ship losses in the western Atlantic since Pearl Harbor.

The sinking of three ships in one night was the first announced wholesale assault in the west Indian area since June, when marauding U-boats took a heavy toll of unprotected shipping. Torpedoes fell off sharply in July when the navy assigned warcraft to shepherd freighters and tankers through the danger zone.

One woman and two men passengers were believed lost in the latest sinking, the merchantman going to the bottom within four minutes after a single torpedo struck.

H. P. Smith, captain of the stricken ship, died in a Cuban hospital of pneumonia brought on by exposure and injuries, survivors said. Four crewmen also were listed as missing.

Five passengers, five navy armed guards and 26 crewmen were picked up by a British warship 90 minutes after the attack which came at 4 a.m.

# Army Officers to Wear Insignia on Collars

Washington, Aug. 27 (AP)—The war department announced today that army officers no longer will wear insignia of their rank on the shoulder loops of their shirts or field jackets, because the insignia interferes with the use of gas masks, carbines and other military equipment.

The insignia will be placed on the collar of the shirt where the letters "U.S." are now displayed, and also will be worn on the garrison cap. When officers wear the service coat, they will continue to display the insignia on the shoulder.

# 25,000 French Jews To be Deported

Bern, Switzerland, Aug. 27 (AP)—Twenty-five thousand alien Jews have been arrested in the provinces of Dauphine, Savoie and Haut Savoie in occupied France for deportation to German territory in the east, it was reported today.

Most of these already have been concentrated at Lyon, and since August 7 Jewish men have been sent to Germany every three days in cattle cars for forced labor, the reports from France said.

The women and children left behind are sent to special camps.

The German-controlled newspaper Petit Parisien in Paris says that all foreign Jews who have entered France since 1936 will have been rounded up by today.

Brazil will establish a new bank for financing rubber production.

# List of Naval Commissions Given McNary

Washington, Aug. 27 (AP)—The navy has granted officer commissions to 66,906 men since enactment of the draft law on September 16, 1940, and 55,668 of these have been appointments from civilian life to the naval reserve.

During the same two year period there were 30,632 officer promotions in the navy.

These statistics have just gone to congress from the navy department in response to an inquiry from Senator McNary of Oregon, the republican leader, who said today a number of members of congress and civilians had sought the information from him. He would not say why the inquiries were made.

The same information has been asked of the army, but it has not yet reported, although last week, responding to an amendment to the army-navy pay adjustment act sponsored by Rep. Faddis (D., Pa.) the war department reported 18,076 civilians with no previous officer experience were granted army commissions during the 60 days beginning June 1. A similar report furnished by the navy has not been made public.

Faddis had contended that army commissions were being granted promiscuously and to undeserving persons. War secretary Stimson called attention that 53 per cent of the 18,967 civilian commissions were to the medical corps and many others were to posts not requiring military training.

The McNary request brought the information from the navy that of the 55,668 commissions in the naval reserve since September 16, 1940, nearly all—49,379—were junior grade lieutenants and ensigns. A total of 4878 were lieutenants and 1411 lieutenant commanders.

There were 3153 permanent commissions granted in the navy, including three lieutenant commanders, 16 lieutenants, 817 junior grade lieutenants, 1670 ensigns and 647 warrant and chief warrants.

# Education and War Discussed

Probably the most important problem confronting those who are responsible for the educational program of the country is the one of providing something which will completely combat the totalitarian scheme, Dr. Robert Lantz, Willamette University faculty member, declared as he addressed the Salem Lions today on the subject of "Education and the War."

Dr. Lantz stated that the axis countries long ago had recognized the value of education on the political state. "It may be that we will have to fight fire with fire," he added.

Dr. Lantz admitted that instructors in colleges and universities were in something of a predicament as to just how they will proceed to train those persons who will
