

East Salem Improvements Show Community Growth

East Salem, Aug. 21.—One of the major improvements in East Salem business enterprises is that of the large new addition being built and the rearrangement planned for the interior of the present store building of Krueger Kash and Karry store at the corner of East Center and 40th street. It will be several weeks before the work is completed.

Friday afternoon representatives from all the different club organizations in both Auburn and Swegle districts met at the home of Mrs. Charles Norton on East Garden Road to plan with two of Marion county's health nurses a pre-school clinic. The clinic will be held at Auburn school August 29. A nurse will call at the homes of pre-school children before that date and make plans for children to be taken to the school. Mrs. Dolores Jager, teacher of Auburn school, and Mrs. Irene Carl of Swegle will be present. Mrs. William Hensell is chairman, and mothers from both districts will assist. The clinic is held before school time so that children needing tonsils removed or dental work needed may be taken care of before school time.

Visiting this past week at the home of Mr. and Mrs. Archie Wehtje on East Turner Road were Mr. and Mrs. Fred Kuebler of Salem and Samuel Kuebler from Seattle.

The selling of the English home at 839 Madison street to the Herman Larsons, the moving of the English family to the house occupied by the McCreas, and the sale of the Gallton place has occasioned the need of at least 12 exchanges of residence sites.

Independence Schools Late

Independence—At a recent meeting of the school board it was decided that the fall term of school would open September 25. The late date of the opening was made so as not to interfere with the hop harvest season which should be over by that date.

E. E. Addison, chairman of the board, stated this week that there are still two positions yet to fill on the high school teaching staff, one of which is that of an athletic coach.

The grade school is still short a principal and one teacher. These positions will be filled by the Oregon College of Education with the approval of the local school board and it is expected that these positions will be filled shortly.

Several applications for positions are being considered and some contracts have been offered but not accepted as yet for filling the high school vacancies.

Cousins Meet in Army Hospital—Many women join the Women's Army Corps as a means of helping out their relatives in service, but Cpl. Ava L. Collins, a laboratory technician at Halloran General hospital at Staten Island, New York, found the Wac a means of giving direct aid to her cousin, Staff Sergeant Oliver E. Dulaney. Visiting the wards to take blood counts, Cpl. Collins found one of the patients on her list was her cousin. Sgt. Dulaney, whose home is in Chickasha, Okla., was injured in England in a plane crash. The sergeant was serving as a liaison pilot with a field artillery unit in England when, returning from a mission, his plane collided with some wires in landing and crashed. Both his ankles were crushed.

"Many more women are needed for important army jobs. Women between 20 and 50 years of age may secure full details about joining the Wac by visiting the U. S. army recruiting station at 211 Post Office building in Salem," Lt. Di Re, local Wac recruiter announced.

Melton is booked for an appearance in Salem during April of next year and it is believed he will use the song on his program.
