

Dewey Challenges FDR To Present Future Program

En Route With Dewey to Albany, Oct. 21 (AP)—President Roosevelt, speaking tonight on foreign policy in New York City, was challenged today to present "even the pretense of a program for the future" by Gov. Thomas E. Dewey, who declared that the new deal is "a bankrupt organization living only to extend its powers over the daily lives of our people."

Stocks Advance Moderately

New York, Oct. 21, (AP)—Stocks rallied in the short session today under the leadership of special issues. Volume rose moderately as compared with a week ago.

Marshall Field led in turnover and made a new high. Other mercantiles were narrowly irregular. American Airlines stood out in an otherwise narrow-moving dull airline list. It made a new high on a rise of 2 points. Childs Company (restaurants) was heavily traded at a new high for the year.

There were numerous other individual performers. Among the leaders, the top steel shares held unchanged. In the motors, General Motors gained while Chrysler eased. Graham-Paige lost its recent streak of activity and was unchanged. Ralls firm under the lead of Santa Fe. Utilities were up slightly on average with special strength in Electric Power preferreds where gains neared 2 points.

New highs were made by Bush Terminal Buildings Preferred, Hollander, Certain-Teed Preferred, Federal Department Stores, Texas Pacific Land Rust, and Vice Chemical. Inland Steel rose nearly 2 points on one sale. Great Western Sugar more than a point. Du Pont steadied on publication of its 8-month report showing net income of \$4.89 a share, against \$3.49 in the 1943 period. North American Aviation led its group and made a new top just before closing.

The preliminary closing Dow-Jones averages: Industrial 148.35, up 0.14; Rail 42.00, up 0.09; Utility 25.94, up 0.01; and 65 Stocks 53.53, up 0.06.

Sales were 356,530 shares, against 349,380 last Saturday. Curb turnover totaled 158,955 shares, against 140,125 last week.

Willamette Vetch Question Answered

Farmers interested in growing Willamette vetch for cover crop seed have been concerned about the AAA ruling stating that only certified vetch will be purchased in 1945. Growers have been asking this question:

"Is land that grew Willamette vetch which was not certified in 1944 eligible for certification in 1945?"

Since the AAA paid no premium for certified Willamette vetch harvested in 1944, most of the acreage was not certified. According to present regulations this land is not eligible to grow certified vetch in 1945. It is hoped changes will be made in the program allowing special identification of this vetch. Since it is to be used for cover crop seeding in the south it is felt identification as Willamette vetch should be satisfactory. County Agent Nibler points out that at present growers have only the alternative of planting certified seed with the hope that rules will be revised or holding up seeding for a time.
