

East Salem Community Store Opened Again for Business

East Salem, Nov. 21.—The East Salem community store and gasoline station at what is known as "Badger's Corner," at the corner of Garden Road and East Turner Road was open for business this past week-end by the new owners, Mr. and Mrs. Louis Lorenz, after several months of being closed for business. The store has a complete new stock, with new arrangement of goods and a much larger stock. This store is especially well located for all north communities.

Policy Formed On Evacuees

San Francisco, Nov. 21 (AP)—Wider and more even distribution of Japanese-American evacuees in relation to total population throughout the United States has developed, war relocation administration authorities said today. Relocated families and individuals are now reported in 47 out of the 48 states and the District of Columbia.

Eleven states have absorbed more than 500 relocated persons, each, the WRA reported. Illinois, with 8,805 evacuees resettled among its 8,897,000 residents, heads the list. Chicago has 6,953, but in proportion to the 4,500,000 residents in its metropolitan area (1940 census), as a lower ratio of relocations than some smaller cities listed by WRA.

The number of relocated persons given for each of the next ten states, and the locality with the greatest number in each, follows:

Colorado 3,352, Denver 1,516; Ohio 2,146, Cleveland 1,641; Utah 2,146, Salt Lake City 878; Michigan 2,121, Detroit 940; Idaho 1,639, Caldwell 200; Minnesota 1,396, Minneapolis 876; New York 1,289, New York City 1,051; Washington 914, Spokane 602; Missouri 650, St. Louis 231; New Jersey 555, Bridgeton 443.

Boxes of Cigars Out for Christmas

New York, Nov. 21 (AP)—Smokers, already hard-pressed to find cigarettes, will have to forego the traditional holiday boxes of cigars this Christmas.

So says the Cigar Institute of America, announcing it will undertake a colored-poster advertising campaign to acquaint smokers with the shortage since 91,000,000 cigars a month are going to the armed forces.

Aldrich Heads International Chamber of Commerce

New York, Nov. 21 (AP)—Election of Winthrop W. Aldrich, chairman of the Chase National Bank of New York to the presidency of the International Chamber of Commerce was seen as the beginning of a broader participation in world affairs by American business men today as the international business conference moved to New York for a final luncheon session.

Aldrich's election to the international chamber was announced Saturday at the conference by the retiring president, J. Sigfrid Edstrom, chairman of the Swedish delegation.

It was believed international meetings of business men would be increased in number and scope and there was a move under way to make the international business conference a permanent institution.

Business men of 52 nations who attended the conference met in New York after a 10-day session at nearby Rye. They chose as their luncheon spokesman Sir Peter Bennett, one of

TO THE WINE BUYING PEOPLE OF OREGON!

The voters of Oregon decreed that the sale of sweet dessert wines should be changed to the stores and agencies of the Oregon Liquor Commission. Previous to the vote, your retail dealer bought large stocks to properly serve you during the coming holiday season. Now he must liquidate—and sell before the law becomes effective to avoid large losses.

Ten Craft Lost Navy Announces

Washington, Nov. 21 (AP)—The navy today announced the loss of 10 American naval vessels, including one destroyer and two destroyer escorts, due to enemy action and "perils of the sea" in the Pacific area. It said the destroyer Abner Read, the destroyer escort Eversole, YMS-70 (mine sweeper), PT's 320 and 321, the fleet tug Sonoma and LCI-1065 (landing craft infantry) were in the Philippines area, but not in the Oct. 24-25 "second battle of the Philippines."

The destroyer escort Shelton and PT's 368 and 271 were lost in New Guinea area.

Including the 10 ships announced lost today, American naval losses in this war now total 228.

The Abner Read, skippered by Commander Arthur M. Purdy, of King St., Rochester, N. Y., was a 2,100 ton destroyer. The vessel carried a normal complement of 150 men.

The Eversole was commissioned in March, 1944. Commanded by Lt. Cmdr. George E. Marx, of 208 South Orange Drive, Los Angeles, the vessel carried a normal complement of 150 men. The navy did not reveal whether Marx was a survivor.

The Sonoma, displacing 1030 tons, was commissioned Sept. 6, 1912. Her normal complement was 30 men.

There are 14 U. S. cities of more than 500,000 population.

Amendment Applies To Power Lines

Washington, Nov. 21 (AP)—The senate commerce committee Monday adopted, 9 to 3, an amendment to the flood control bill which would ban, for three years, government construction of transmission power lines at projects approved in the bill.

Proposed by Committee Chairman Josiah W. Bailey, (D., N.C.), the amendment provides that the secretary of interior may not construct transmission lines, for the purpose of selling power developed at the flood control sites, for at least three years after their

construction. If 90 per cent of the power produced at such projects has not been demanded or purchased during that time, the government then could build transmission lines. The amendment would give private power companies the first opportunity to build transmission lines, Bailey explained.

The bill as passed by the house authorized government construction of transmission lines necessary to make power available in wholesale quantities to government facilities, cooperatives and privately owned companies.
